

ITEM REPORT UTILITIES COMMISSION

Agenda Date: 6/5/2024
Agenda Section: Information Only

Department Origination: Public Works

Agenda Item: Cypress Drive Connection to Woida Road Improvements Feasibility Report – Monthly Update

Approval Required: No Action Required

BACKGROUND

At the December 19, 2023 City Council meeting, SEH was hired to update the feasibility report from 2018 for extending Cypress Drive to Woida Road.

5/28/2024 Update Neil Heinonen and Scott Hedlund

Utilities Commission and City Council approved the Amended Feasibility Report in April.

The next step is for SEH to update the cost table in the report to prepare in an alternate format, consistent with MnDOT estimating practices. City Staff intends to submit the reformatted estimates and project maps/figures to MnDOT District 3 staff for their consideration, as MnDOT and their consultant team is evaluating projects throughout the area that may be related to reliever routes associated with the Highway 210 and 371 – Baxter Interchange project.

FINANCIAL IMPLICATIONS

Scope changes related to an expansion of the project area encompassed with the report were approved in a previous fee amendment request.
