BACKGROUND

Council Passed Resolution 2026-008 on January 20, 2026, authorizing the advancement of state aid funds to pay for projects that have outstanding state aid funds from previous projects and for proposed 2026 projects. After discussions with state aid finance, they have requested that we change project numbers referenced in the advancement from Resolution 2026-008.

Staff is still working with MnDOT on reimbursement eligibility for one project referenced in Resolution No. 2026-008, so MnDOT requested the city remove this project from the resolution and pass a future resolution when everything is finalized. To reserve the funds and keep the cashflow, staff is proposing to rescind resolution 2026-008 and authorize a revised advancement request.

FINANCIAL IMPLICATIONS

No changes from what council authorized with the adoption of Resolution 2026-008.

STAFF RECOMMENDATIONS

Staff recommends adopting Resolution 2026-019 Rescinding Resolution 2026-008.
