BACKGROUND

BPU Directional Drill Forcemain Project

This project has been completed and the retainage has been released.

Eagle Drive Pavement Condition

In September of 2023, a 1" overlay was completed. The City plans to do a yearly inspection of the pavement to see how the pavement is holding up. Widseth previously walked the roadway on 9-23-2024 and again on 9-26-2025. The 9-26-2025 review showed the pavement was still in good condition. Pictures of these areas were taken and will be compared to the September 2026 review.
