Agenda Content:

Discuss, consider, and/or approve: a resolution between the City of Bay City and Texas Department of Transportation for 90/10 reimbursement grant funding to install an updated automated weather observing system at the Bay City Regional Airport and authorize the Mayor to execute a contract between the City of Bay City and Texas Department of Transportation.

Executive Summary of Item:

The airport's 20-year-old, automated weather observing system (AWOS) has reached its useful life and needs to be upgraded. This project is a FY24 City Council Goal (Infrastructure) and is in our FY24 CIP. This project is estimated to cost approximately \$200,000; the city has a 10% match or \$20,000. This resolution authorizes TxDOT to enter into a reimbursement grant with the city to upgrade and replace the AWOS system. The city acts as our own agent for the administration of contracts necessary for the implementation.
