

## Summary of meetings

Reviewed time line and activities of Property Task Force formed in 2012. The Task Force started with **126 properties** including all parks

Declared "strategic to keep":

- In or near the city center
- Adjacent to Cottonwood Creek (Scotty discussed with Bill Cornman, no particular reason why)
- Adjacent to existing City service facilities
- UPRR ROW (Future Trailways – on going project if and when funding is available)

Paired **down to 61** for in depth investigation of general research, deed research, legal review, some staff investigations. Task Force, with Council input, came back with a resolution declaring surplus of 21 properties. All but 6 properties were sold.

Work sheet providing a listing of all city owned properties, color coded by use or if previously approved to be sold.

Updates/Research from last meeting:

Chateaux Oaks Park - Confirmed that there is an agreement with residents for maintenance and Code Enforcement confirmed that the park is being maintained.
