Executive Summary of Item:

The Drinking Water State Revolving Fund, authorized by the Safe Drinking Water Act, provides low-cost financial assistance for planning, acquisition, design, and construction of water infrastructure. Eligible applicants for the DWSRF include publicly and privately-owned community water systems, including nonprofit water supply corporations and nonprofit, non-community public water systems.

The City of Bay City was awarded \$20,300,00 in funding from the Texas Water Development Board (TWDB) to make critical improvements to the City's water systems. These improvements will include upgrades to our existing water plants, water distribution system, water meters, and new water plants.

This agenda item is to award the construction bid for the AMI Water Meter Replacement Project to the best value proposer.

It is staff's recommendation to award this bid to Accurate Utility Supply.
