☒ Regular Item for Discussion

Agenda Wording:

Discuss, consider, and approve Hamman Road Drainage Project.

Executive Summary of Item:

Hamman Road has been a hot topic of last year and the current year as well. Having a portion of the American Rescue Plan Funds moving the next phase of this project along, it takes top priority within the city's timeframe plan. The subsequent phase has been approved for design finalization and construction.

BACKGROUND: Hamman Road has been a hot topic of last year and the current year as well. Having a portion of the American Rescue Plan Funds moving the next phase of this project along, it takes top priority within the city's timeframe plan. The subsequent phase has been approved for design finalization and construction.

FINANCIAL IMPLICATIONS: American Rescue Plan Funds for Phase 2. Phase 1a has been paid for already and construction is projected to start mid-February (T-Gray Utilities is the contractor).

IMPACT ON COMMUNITY SUSTAINABILITY: Chateaux Drive has a known flooding problem due to its natural low-lying location within the historical watershed flow path along with its inadequate storm sewer. Phase 1a will stop flows from flooding back yards, contributing to inundating the inlets. Phase 2 will get all this water into storm sewer and into the creek.

RECOMMENDATIONS: Recommend approval of Jones and Carter's presentation and plans presented.

ATTACHMENTS: Jones and Carter Hamman Road Contract. Plans will be presented at the meeting.
