

City of Bay City Holiday Format Survey Results

Employees were asked if they would like to change the current format of the City's holiday schedule, or keep it the same. The proposed change would keep certain holidays designated as City Holidays, while those not designated would be converted to Floating Holidays.

All regular full-time and regular part-time employees were given the opportunity to participate in the survey. Below are the results of those employees that elected to respond:

Keep **100**
Change **18**
