Executive Summary of Item:

Every fiscal year our Lead Mechanic, Supervisors, and Directors make recommendations to remove items from the City's fleet and inventory due to unsafe working conditions, reduced usability, high maintenance costs, and/or high repair costs. Included in this agenda item are several pieces of equipment, tools, materials, and furniture that have been deemed unusable and not worth high repair costs to continue to maintain. Items included are from the Public Works Department and Utility Billing Department. Attached is the list of items (including pictures) that are being requested to be removed from the City's fleet and inventory. It is the recommendation of staff to surplus these items so they can be removed via online auction or other means.
