Drew,

Mayley's Pest Control would like to bid \$ 6,875.00 for the installation of Bird Netting to the entire Sally Port in the rear of the police station. We will install Bird B Gone netting products. The net will be ¾ inch heavy duty black netting and comes with a 10 year guarantee. All cables, attach points and hardware will be galvanized metal.

This quote is assuming we may use the scissors lift and or man lift that the city currently has. We anticipate the installation process will take 3 days.

Mayley's Pest Control is licensed, bonded and insured. We carry workman,s comp insurance as required by state law. All of our technicians are registered with our state regulatory agency, The MS. Bureau of Plant Industry. Our licensee has been involved in the pest control industry for over 44 years and our company has been here in Bay St Louis serving the pest needs of our area for 2 5 years. We are active members of the Hancock County Chamber of Commerce and the Bay St. Louis Rotary Club.

We thank you for the opportunity to bid on your bird control needs
