Dana,

Due to a typo in the low bid amount, some of the amounts reflected in the request were off by \$45.00. Please see the attached version for revised amounts we considered in our review.

MDEQ is preparing a modification to increase the subaward budget to \$445,907.00. Please provide a co-funding commitment letter from an authorized representative stating the local funds in the amount of \$23,471.00 will be available for the project, have been budgeted expressly for the project, and will not be used for any purpose other than the project. This documentation is required to proceed with construction.

Thank you!  
Nicole
