To Whom It May Concern:

We are writing to give our neighbors, Sebe and Amanda Dale, permission to construct a boathouse on their property adjacent to ours on Elbrus St, Bay St. Louis, MS. We understand the proposed construction and have no objection to the boathouse being built next to our property. We are providing this letter as our written acknowledgment and permission for the proposed project.

We appreciate our neighbor discussing the project with us and wish them the best with the construction.

Sincerely,

Richard Watkins
Angela Watkins
