Bay St. Louis Zoning Code Update Progress Report - August 24		Previous Period	Total Progress
Phase I: Project Activation and Code Assessment			
Project Orientation Meeting. The code team will convene a virtual project orientation meeting to review the recommendations of Bay St. Louis 2045 as related to the Bay St. Louis Zoning Code, to review overall project goals, areas of focused attention, and anticipated interventions.		100%	100%
Process and Entity Identification. In coordination with Bay St. Louis staff, the code team will identify, inventory, and assess current development processes for the general public, developers, and staff.		25%	50%
Preliminary Assessment and Zoning Code Update Framework. The existing code will be summarily assessed in comparison to best practices and a framework for the comprehensive update will be developed from the assessment. The assessment will focus on the type of treatment or intervention required to best align the code with Bay St. Louis 2045. Projected areas of update will include: Formatting and Navigation, Consolidation and revision of existing standards, Organization of content suitable for a matrix presentation, Consolidation of related subject areas, Content for graphic illustration, Administrative and review processes, Zoning district to place type alignment (district elimination, consolidation, creation, adjustment). The framework to be developed will function as a guide to the remaining work of the team and will inform creation of the annotated code outline.		25%	50%
Staff and Stakeholder Survey. Based on Task 1.3, an identified group of stakeholders (i.e. planning commissioners, staff, developers, real estate professionals, citizens groups, etc.) will be electronically surveyed for prioritization of code revision components, regulatory concerns, and other process inputs as determined appropriate.		50%	90%
Draft Annotated Outline. Based on the framework developed in task 1.3, an outline of the revised code will be created which includes explanatory notes of proposed amendments where needed.		0%	10%
Review and Revise Annotated Outline. The draft annotated outline will be reviewed with staff and presented to the Planning and Zoning Commission. Following review, the annotated outline will be appropriately revised according to BSL direction.		0%	0%

Phase II: Code Drafting Round 1			
Code Drafting. Following agreement of the Phase I outline, code drafting will be initiated. Code drafting will be conducted in incremental stages corresponding to the annotated outline and logical order of section development. Typically, general and administrative components are drafted first, regulatory content second, and concluding with process and procedural aspects. Comprehensively revising a zoning code is inherently a technical and complex endeavor. Every effort will be made to illustrate proposed changes as clearly and simply as possible while recognizing the need for efficiency in the process. To the extent appropriate and feasible, the draft code will indicate existing language proposed for retention, language to be added, language to be modified, and language to be struck.		0%	0%
Creation of Draft Digital Zoning Map. The project team will create a working zoning map showing proposed changes (if any) in alignment with Bay St. Louis 2045 place types. The map will be electronically served for local review.		0%	0%
Field Testing Round 1. The draft code will be field tested through the use of a variety of development scenarios to ensure effectiveness and functionality. Results will be presented to the Planning and Zoning Commission as determined necessary.		0%	0%
