## Amended Application for FY

Project Number: FY25-P401-11

### PROJECT SUMMARY

#### ? 10. Provide Brief Project Description/Overview:

The City of Bay St. Louis proposes to add amenities to the Bay St. Louis Harbor area. Near the existing golf cart parking area, the city would add additional golf cart spaces. The city would like to add desirable amenities such as an ADA accessible boardwalk with lighting, a floating pier, kayak launch, volleyball nets, and shade structures.

The

#### ? 11. LIST Project Goals/Objectives:

The objectives of this project is to increase pedestrian traffic and tourism in the downtown Bay St. Louis commercial district to help vitalize the local economy. The area for golf cart parking would provide easier access to the beach. The pier will be accessible and enjoyable to all citizens which will allow a safe and direct travel path for citizens to access the water for fishing, walking the pier, relaxing in the shade, and other beach front activities. Which in itself will assist in bringing more tourists to the area to experience our beaches and water front.

#### ? 12. LIST Project Benefits:

With the creation of the floating pier, it will increase the local economy by bringing in tourists to enjoy fishing and kayaking. It will also provide safe access to the beach and water for all citizens to enjoy.

## Amended Application for FY

Project Number: FY25-P401-11

### APPLICATION SUMMARY

**? 31. Summarize, in paragraph form, your Tidelands Application below. Give additional detail from TTF-1 Section 7 and include how the project will meet the requirements of the Public Trust Tidelands Act and the potential benefits that would be derived from receipt of Tidelands Trust Funds.**

The City of Bay St. Louis proposes to add amenities to the Bay St. Louis Harbor area. Near the existing golf cart parking area, the city would add additional golf cart spaces. The city would like to add desirable amenities such as an ADA accessible boardwalk with lighting, a floating pier, kayak launch, volleyball nets, and shade structures. The objectives of this project is to increase pedestrian traffic and tourism in the downtown Bay St. Louis commercial district to help vitalize the local economy. The area for golf cart parking would provide easier access to the beach. Once pedestrians reach the beach, they can enjoy the new amenities. The pier will be accessible and enjoyable to all citizens which will allow a safe and direct travel path for citizens to access the water for fishing and other water activities. Which in itself will assist in bringing more tourists to the area. With the creation of the floating pier, it will increase the local economy by bringing in tourists to enjoy fishing and kayaking. It will also provide safe access to the water for all citizens to enjoy.
