1. Payment Terms

Unless otherwise agreed in writing, all invoices are due and payable within thirty (30) days from the date of equipment delivery ("Net 30"). Invoices for installation services shall be issued upon completion of the respective project phase, and payment is due in accordance with the same Net 30 terms. LATG reserves the right to assess interest at a rate of 1.5% per month (or the maximum rate permitted by law, whichever is lower) on all past-due balances. Client shall be responsible for all costs of collection, including reasonable attorney's fees and court costs.

2. Delivery and Installation

LATG shall deliver equipment and materials in accordance with the project schedule outlined in the quote or Statement of Work (SOW). Installation services will be performed upon completion of each applicable phase of the project. Any delays in project execution caused by the client, including site inaccessibility, failure to provide necessary approvals, or incomplete prerequisites, may result in rescheduling and additional charges. Risk of loss for equipment transfers to the client upon delivery.

3. Acceptance

Client shall inspect all products and services upon delivery or installation and shall notify LATG in writing of any defects or issues within five (5) business days. Absent such notification, products and services shall be deemed accepted.

4. Ownership and Licensing

Ownership of equipment transfers to the client upon full payment. Any software included is subject to the licensing terms of the original manufacturer. LATG makes no warranties, express or implied, beyond those provided by the equipment manufacturer.

5. Limitation of Liability

LATG shall not be liable for any indirect, incidental, or consequential damages arising from the use or inability to use the delivered equipment or services. LATG's total liability for any claim arising from this engagement shall not exceed the total amount paid by the client under the applicable contract or quote.

Acceptance
