RE: Request to Reallocate STBG Funds – Felicity, Seube, Pine, and Ranch Street

Dear Mr. Kenneth Yarrow,

The City of Bay St. Louis currently has funding available through the Surface Transportation Block Grant (STBG) program for the construction of sidewalks along Felicity Street, Seube Street, Pine Street, and Ranch Street.

At this time, the city would like to proceed with construction on Seube Street, Pine Street and Ranch Street only. Accordingly, we respectfully request approval to reallocate \$1,214,420.00 of the available STBG funds exclusively to Seube Street, Pine Street, and Ranch Street.

Please let us know if any additional documentation or coordination is required to facilitate this request. We appreciate your consideration in this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "Mike Favre".

Mike Favre, Mayor
City of Bay St. Louis
