

Stop the Corporate Loopholes Scheme

Deceptive Proposition Allows Major Corporations to Avoid Paying their Fair Share and Evade Enforcement when they Violate Environmental, Health & Safety Laws

An association representing California's wealthiest corporations — including oil, insurance, banks and drug companies — is behind a deceptive proposition aimed for the November 2022 statewide ballot. Their measure would create major new loopholes that allow corporations to avoid paying their fair share for the impacts they have on our communities; while also allowing corporations to evade enforcement when they violate environmental, health, safety and other state and local laws. Here's why a broad coalition of local governments, labor and public safety leaders, infrastructure advocates, and businesses **oppose** the Corporate Loophole Scheme:

Gives Wealthy Corporations a Major Loophole to Avoid Paying their Fair Share - Forcing Local Residents and Taxpayers to Pay More

- The measure creates new constitutional loopholes that **allow corporations to pay far less than their fair share for the impacts they have on our communities**, including local infrastructure, our environment, water quality, air quality, and natural resources – shifting the burden and making individual taxpayers pay more.

Allows Corporations to Dodge Enforcement When They Violate Environmental, Health, Public Safety and Other Laws

- The deceptive scheme creates new loopholes that makes it much more difficult for state and local regulators to issue fines and levies on corporations that violate laws intended to protect our environment, public health and safety, and our neighborhoods.

Jeopardizes Vital Local and State Services

- This far-reaching measure **puts at risk billions of dollars currently dedicated to critical state and local services**.
- It could **force cuts** to public schools, fire and emergency response, law enforcement, public health, parks, libraries, affordable housing, services to support homeless residents, mental health services and more.
- It would also **reduce funding for critical infrastructure** like streets and roads, public transportation, drinking water, new schools, sanitation, utilities and more.

Opens the Door for Frivolous Lawsuits, Bureaucracy and Red Tape that Will Cost Taxpayers and Hurt Our Communities

- The measure will encourage **frivolous lawsuits, bureaucracy and red tape that will cost local taxpayers millions** — while significantly **delaying and stopping investments in infrastructure and vital services**.

Undermines Voter Rights, Transparency, and Accountability

- This misleading measure changes our constitution to make it more difficult for local voters to pass measures needed to fund local services and local infrastructure.
- It also includes a hidden provision that **would retroactively cancel measures that were passed by local voters** — effectively undermining the rights of voters to decide for themselves what their communities need.
- It would **limit voter input** by prohibiting local advisory measures, where voters provide direction to politicians on how they want their local tax dollars spent.
