

Staff Report

TO: City Council

FROM: Elizabeth Gibbs, Community Services Director

DATE: March 16, 2021

SUBJECT: **A Resolution of the City Council of the City of Beaumont for Authorization of the Execution of the Certifications of Assurances and Authorized Agent Forms for the Low Carbon Transit Operations Program (LCTOP) for the Following Project: Video Camera Purchase and Install, \$40,000**

Background and Analysis:

The City of Beaumont Transit Services is eligible for Low Carbon Transit Operations Program (LCTOP) grant funds for FY 2020/2021 in the amount of \$40,000 for the project of purchasing and installing video cameras on Beaumont Transit's public transportation fleet.

New camera technology has been installed on the four newest buses as part of the purchase within the past two years. Current, older buses have outdated and unreliable camera and DVR equipment installed on them. This grant funding will be used in combination with Capital Project Funding from RCTC to upgrade the remaining 16 buses with new reliable and updated equipment.

To proceed with securing funds for the project, the City must submit the following documents:

1. Authorized City Council Resolution (Attachment A)
2. Certifications and Assurances (Attachment B)

Fiscal Impact:

City staff estimates that its cost is approximately \$585 to prepare this report. Purchase and installation of the video camera system will be covered by grant dollars.

Recommended Action:

Waive the full reading and adopt by title only “A Resolution of the City Council of the City of Beaumont for Authorization of the Execution of the Certifications of Assurances and Authorized Agent Forms for the Low Carbon Transit Operations Program (LCTOP) for the Following Project: Video Camera Purchase and Install, \$40,000,” and
Authorize the Execution of the Certifications and Assurances.
