

## Staff Report

**TO:** City Council  
**FROM:** Kari Mendoza, Administrative Services Director  
**DATE:** October 19, 2021  
**SUBJECT:** **Beaumont Unified School District Work Based Learning and Work Experience Program Agreement**

---

### **Background and Analysis:**

The Beaumont Unified School District (District) has launched a Work Based Learning and Work Experience Program for its students. City staff proposes that the City of Beaumont become one of the participating corporate members. Participation entails placing the students in a work-place setting to learn about different occupations. As a participant, the City can begin to educate students on local government and provide real-world experience of working in the public sector.

Attached is a copy of the District's Work-Based Learning/Work Experience Program Agreement for Affiliation (Agreement). The Agreement has a term of five (5) years and provides that students would be eligible to work at either City Hall or the Albert A. Chatigny, Sr. Community Recreation Center. The City Attorney has reviewed and approved the language within the Agreement.

Participating students would be selected by the District and would not be subject to compensation. Furthermore, the Agreement states that City staff would also be made available to provide educational programming on a school campus.

### **Fiscal Impact:**

There are no costs associated with the agreement, staff time will be allocated based on the department and the assignment. City staff estimates the cost to prepare this report is \$975.

### **Recommended Action:**

Authorize the City Manger to execute the agreement with the Beaumont Unified School District.
