

## Staff Report

**TO:** City Council  
**FROM:** Jeff Hart, Director of Public Works  
**DATE:** October 19, 2021  
**SUBJECT:** Consider Adopting a Resolution Updating the Transportation Uniform Mitigation Fee Schedule

---

### Background and Analysis:

The City of Beaumont is a member jurisdiction of the Western Riverside Council of Governments (WRCOG), a joint powers agency comprised of the County of Riverside and eighteen (18) cities located in Western Riverside County. Acting in concert, between 2002-2003, WRCOG member jurisdictions developed a plan whereby the shortfall in funds were needed to enlarge the capacity of the regional system of highways and arterials due to new development in Western Riverside County could be made up in part by a Transportation Uniform Mitigation Fee ("TUMF") on future residential, commercial, and industrial development.

Pursuant to the Mitigation Fee Act (Gov. Code §§ 66000 et seq.), WRCOG prepared a new nexus study ("2016 Nexus Study") to update the fees. On July 10, 2017, the WRCOG Executive Committee reviewed the 2016 Nexus Study and recommended TUMF participating jurisdictions update their fees by amending their applicable TUMF ordinances to reflect changes in the TUMF network and the cost of construction.

In accordance with the Mitigation Fee Act, Beaumont Municipal Code and the 2016 Nexus Study: (i) identify the purpose of the revised fees; (ii) identify the use to which the revised fees is to be put, including identification of any facilities to be financed; (iii) determine how there is a reasonable relationship between the fee's use and the type of development project on which the fee is imposed; (iv) determine how there is a reasonable relationship between the need for the public facilities and the type of development project upon which the fees are imposed; and (v) determine how there is a reasonable relationship between the amount of the fees and the cost of the public facilities or portion or the public facility attributable to the development on which the fees are imposed.

On July 7, 2021, the WRCOG Executive Committee approved a construction cost index (CCI) adjustment to the TUMF schedule to help ease increased construction costs. This is intended to help mitigate the rising costs of transportation improvements in the state, including a handful of interchange projects that are currently underway in the WRCOG subregion. Information provided by the Public Works Committee (PWC) indicates that project costs continue to escalate, forcing agencies to find additional funding for their transportation projects

Beaumont Municipal Code Section 3.39.040 provides the legal basis for a revised TUMF schedule. The actual TUMF schedule will be established through a resolution (Attachment A). The resolution will establish the fee schedule for TUMF as follows:

- A. For single-family residential, multi-family residential and retail non-residential projects, the fees set shall be as follows:

From January 1st, 2022, the fee schedule shall be as follows:

- (1) \$10,104.00 per single family residential unit,
- (2) \$6,580.00 per multi-family residential unit,
- (3) \$1.86 per square foot of an industrial project,
- (4) \$7.72 per square foot of a retail commercial project,
- (5) \$4.89 per square foot of a service commercial project, and
- (6) \$2.45 per square foot of a service Class A and B Office.

The current fees are:

- (1) \$9,810.00 per single family residential unit
- (2) \$6,389.00 per multi-family residential unit
- (3) \$1.81 per square foot of an industrial project
- (4) \$7.50 per square foot of a retail commercial project
- (5) \$4.75 per square foot of a service commercial project
- (6) \$2.38 per square foot of a service Class A and B Office
