INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members of the City Council of the City of Beaumont Beaumont, California

Report on Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Beaumont, California (the "City"), as of and for the year ended June 30, 2020 and the related notes to the basic financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2020, and the respective changes in financial position, and where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and other required supplementary information, as listed in the accompanying table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual non-major governmental and fiduciary fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major governmental and fiduciary fund financial statements are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major governmental and fiduciary fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

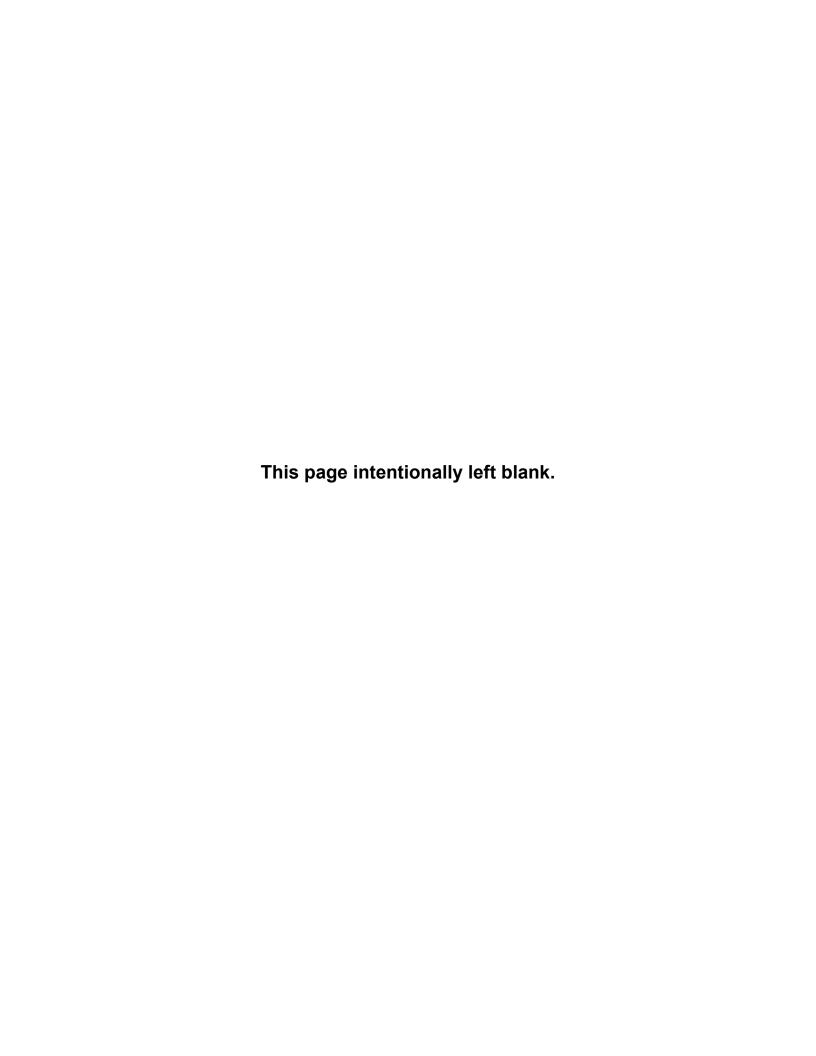

Rogers, Anderson, Malody e Scott, LLP.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 4, 2021, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and other matters and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

Management's Discussion and Analysis (Unaudited) For the Year Ended June 30, 2020

This is management's discussion and analysis of the City of Beaumont's financial activities and performance for the fiscal year ended June 30, 2020, and comparison to the prior fiscal year ending June 30, 2019. Please read this in conjunction with the City's financial statements, which follow this discussion and analysis. All statements have been condensed for purposes of the MD&A. Certain prior year amounts have been reclassified for consistency with the current year presentation. These reclassifications had no effect on the reported results of operations or change in net position.

FINANCIAL HIGHLIGHTS

- The City made a significant number of operational adjustments including cost savings measures to address the COVID-19 emergency. To date the City's financial condition remains stable, but the ultimate impacts of the pandemic remain unknown.
- The City ended the year with a General Fund budgetary surplus of approximately \$8.7 million due in large part from a one-time solid waste contract retention fee of \$5 million.
- Revenues grew moderately. Growth in sales tax and other taxes was partially offset by decreases in revenues related to development activity.
- Operating expenses also grew moderately, with the largest increases occurring in personnel costs.
- The City was managed in compliance with the adopted budget and has adopted or updated financial policies.
- The City completed a significant refinancing of CFD bonds that resulted in reduced costs for property owners through a substantial reduction in the interest rate.
- The City has nearly completed work on the sewer plant project and anticipates full completion during FY 2021.
- The City completed the first year of a comprehensive street rehabilitation program.
- The City completed the design for a new west side Fire Station.
- The City adopted a new Capital Improvement Project list with the inclusion of several park projects.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to the City's basic financial statements, which are comprised of three components: (1) government-wide; (2) fund financial statements; and (3) notes to the financial statements. This report also contains supplementary information to the basic financial statements.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City's assets, liabilities and deferred amounts, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the overall financial position of the City is improving or deteriorating.

Management's Discussion and Analysis (Unaudited) (Continued) For the Year Ended June 30, 2020

The Statement of Activities presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods, such as revenues pertaining to uncollected taxes and expenses pertaining to earned but unused vacation and vested sick leave.

Both of the government-wide financial statements distinguish functions of the city that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities) . The governmental activities of the City include general government, public safety, public works, community development, community services, and refuse. The business-type activities of the City include wastewater and transit operations.

The government-wide financial statements include the City itself (known as the primary government) in addition to four legally separate entities for which the City is financially accountable: (1) Beaumont Utility Authority (BUA), (2) Beaumont Financing Authority (BFA), (3) Beaumont Parking Authority (BPA), and (4) the Beaumont Public Improvement Authority (BPIA).

Fund Financial Statements

The fund financial statements are designed to report information about groupings of related accounts which are used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other State and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into the following three categories: governmental funds, proprietary funds, and fiduciary funds.

<u>Governmental Funds</u> are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the year. Such information may be useful in determining what financial resources are available in the near future to finance the City's programs.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for government al activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City maintains several individual governmental funds organized according to their type (special revenue, capital projects, and debt service funds). Information is presented separately in the governmental funds Balance Sheet and in the governmental funds Statement of Revenues, Expenditures, and Changes in Fund Balances for the General Fund, Community Facilities District Funds, General Capital Project Fund, Development Impact Fees Capital Projects Fund, and Beaumont Financing Authority Debt Service Fund, all of which are considered to be major funds. Data from the remaining governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements reported as supplementary information.

Management's Discussion and Analysis (Unaudited) (Continued) For the Year Ended June 30, 2020

The City adopts an annual appropriated budget for its major funds except the General Capital Projects Fund, which is budgeted on a project basis. Budgetary comparison statements havebeen provided for these funds-to-demonstrate compliance with budgets.

<u>Proprietary funds</u> are generally used to account for services for which the City charges customers - either external customers or internal customers or departments of the City. Proprietary funds provide the same type of information as shown in the government-wide financial statements, only in more detail. The City maintains two proprietary funds.

Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its waste water and transit operations, both of which are considered to be major funds of the City.

<u>Fiduciary funds</u> are used to account for resources held for the benefit of parties outside of the City. Since the resources of these funds are not available to support the City's own programs, they are not reflected in the government-wide financial statements. The accounting used for private-purpose trust fiduciary funds is much like that used for proprietary funds.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

<u>Required Supplementary Information</u> includes schedules required to be presented showing information related to the City's pension plan, and a budgetary comparison schedule for the General Fund and the City's major special revenue funds.

<u>Supplementary Information</u> includes the combining statements and schedules of the non-major governmental funds, internal service funds, and agency funds.

GOVERNMENT WIDE FINANCIAL ANALYSIS

The City presents its financial statements under the reporting model required by the Governmental Accounting Standards Board (GASB) Statement No. 34, *Basic Financial statements - and Management's Discussion and Analysis - for State and Local Governments* for the fiscal year ending June 30, 2020.

Management's Discussion and Analysis (Unaudited) (Continued) For the Year Ended June 30, 2020

Analysis of Net Position

As noted earlier, net position may serve as a useful indicator of a government's overall financial position. For the City, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources, by \$460.2 million at the end of the fiscal year.

The following is a condensed summary of the City's net position for governmental and business-type activities:

Statement of Net Position

(Dollars in Thousands)

	G	overnmenta	l Activities	Activities Business-ty			ctivities	 Total	
		2020	2019		2020	2019		2020	2019
Assets:									
Current and other assets	\$	188,260	\$ 183,902	\$	41,600	\$	85,069	\$ 229,860	\$ 268,971
Capital assets		277,081	271,275		201,226		157,833	478,306	429,108
Total assets		465,341	455,177		242,826		242,902	708,167	698,079
Deferred outflows:									
Deferred outflows related to pension		5,269	5,709		604	_	512	 5,873	6,221
Liabilities:									
Current and other liabilities		50,992	48,517		11,852		18,423	62,845	66,940
Noncurrent liabilities		101,560	104,443		89,157		90,919	190,718	195,362
Total liabilities		152,553	152,960	_	101,010		109,342	253,563	262,302
Deferred inflows:									
Deferred inflows related to pension		211	552		67		24	278	576
Net position:									
Net investment in capital assets		191,990	180,997		137,744		134,524	329,734	315,521
Restricted		118,675	125,919		-		-	118,675	125,919
Unrestricted		7,181	458		4,609		(476)	11,790	(18)
Total net position	\$	317,845	\$ 307,374	\$	142,354	\$	134,048	\$ 460,199	\$441,422

The largest asset classification is capital assets which are utilized to provide services to citizens and, therefore, these assets are not available for future spending. The City's net position reflects the investment in its capital assets, net of related debt of \$329.7 million. Outstanding debt decreased due to a reduction in short term liabilities and the reduction of long-term debt in the normal course of business.

A portion of the City's net position of \$118.7 million represents resources that are subject to external restrictions on how they may be used. The restrictions include CFD Projects, Capital Projects, Street Projects, Public Safety, Public Access Television and amounts held for future debt service.

The governmental activities had a net position of \$317.8 million. This is largely comprised of capital assets and is offset by noncurrent liabilities that are comprised of balances related to staff compensated absence calculations, capital lease liability, the AB1484 Due Diligence Review payable to the State, claims payable for incurred but not reported claims as well as processed claims outstanding at year-end, and the net pension liability. The balance is significantly less than the governmental funds unrestricted fund balance as it is impacted by the net pension liability of \$16.5 million. The business type activities have an unrestricted position of \$4.6 million.

Management's Discussion and Analysis (Unaudited) (Continued) For the Year Ended June 30, 2020

<u>Analysis of Statement of Activities</u>
The following table indicates the changes in net position for governmental and business-type activities:

Statement of Activities

Transit	-	-	3,261	3,354	3,261	3,354	
Total expenses	39,755	46,346	18,346	18,348	58,101	64,694	
Transfers		(3,121)		3,121			
Change in net position	\$ 10,472	\$ 21,499	\$ 8,305	\$ 204	\$ 18,777	\$ 21,703	

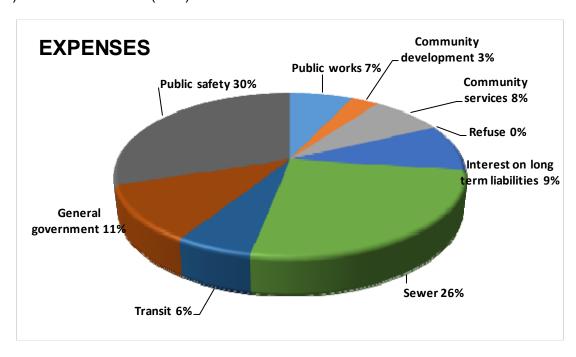

The City's overall net position increased by \$18.8 million during the current fiscal year. This increase is due to continued improvements in operating results, the receipt of a one-time solid waste franchise fee totaling \$5 million and receipt of capital grant funds.

Management's Discussion and Analysis (Unaudited) (Continued) For the Year Ended June 30, 2020

Analysis of total revenues indicates that the largest revenue sources are charges for services performed (22%) followed by capital grants (21%) related to capital projects. Tax and other general revenues continue to experience moderate growth.

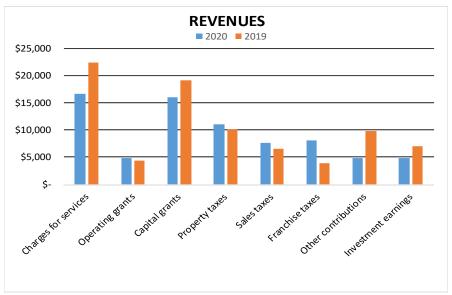

Analysis of total expense indicates that the largest functional costs are for the City's public safety (30%) and sewer services (26%).

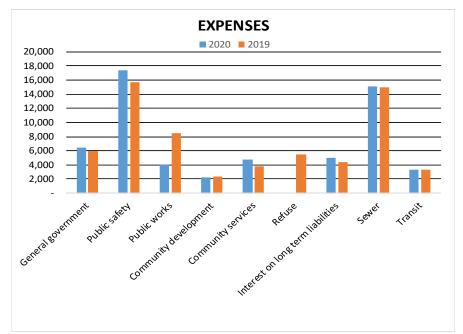

Management's Discussion and Analysis (Unaudited) (Continued) For the Year Ended June 30, 2020

Comparison of revenue and expense groupings from fiscal year 2019 to 2020 has been charted below:

The primary driver of the decrease in revenues from charges for services is the elimination of the solid waste program that was contracted out beginning in FY 2020. Revenues from development activity also had declines. The main reason for the increase in franchise taxes is the one-time retention fee related to contracting out solid waste services.

The decrease in public works expense is due to reductions in contractual expenses related to development activity (plan checks and inspections). Interest on long term liabilities reduced due to the refunding of bonds that occurred during FY 2019. Refuse services contracted out beginning in FY 2020.

Management's Discussion and Analysis (Unaudited) (Continued) For the Year Ended June 30, 2020

<u>Governmental activities</u> increased the City's net position by \$10.5 million. This is primarily driven by operating budget surpluses and the one-time solid wasted retention fee of \$5 million.

Total revenues have decreased by \$20.7 million due to the contracting out of solid waste services, reductions in development revenues, the reduction in grant funds received and the reduction in developer contributions. Expenses also decreased by \$6.6 million due to the elimination of outsourcing of solid waste services and a reduction is costs related to development activity.

<u>Business-type activities</u> increased their net position by \$8.3 million. This is due to improvements in operating results and receipt of development impact fees.

FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds - The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of resources that are available for spending. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance, may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year. Types of governmental funds reported by the City include the General Fund, Special Revenue Funds, Debt Service Funds, and Capital Project funds.

GENERAL FUND BUDGETARY HIGHLIGHTS

The General Fund budget was amended during fiscal year 2020. The budget was established as revenue neutral, and no extraordinary items were taken into consideration.

Management's Discussion and Analysis (Unaudited) (Continued) For the Year Ended June 30, 2020

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

As of June 30, 2020, the City had invested \$478.3 million in capital assets, net of accumulated depreciation; an increase of 11.5% from the prior year. Governmental activities capital assets increased \$5.8 million as the net result of ongoing projects. Business-type activities capital assets increased by \$43.4 million. A summary of the City's capital assets net of depreciation at June 30, 2019 and 2020 is presented below. Additional information on Capital Assets can be found in Note 5.

Management's Discussion and Analysis (Unaudited) (Continued) For the Year Ended June 30, 2020

Debt Administration

As of June 30, 2020, the City had \$107.4 million of outstanding obligations related to governmental activities and \$90.8 million related to business-type activities, for a total of \$198.3 million. Debt outstanding as of June 30, 2020 with a comparison to prior year and the net change follows:

Debt Outstanding (Dollars in Thousands)

		2020	2019	Net	t Change

The overall debt decreased by approximately \$5 million during FY 2020.

Additional information regarding the City's long-term obligations is discussed page in Note 6 to the financial statements.

Management's Discussion and Analysis (Unaudited) (Continued) For the Year Ended June 30, 2020

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

While the City's financial condition has, thus far, remained stable throughout the COVID-19 pandemic, management must remain vigilant in monitoring both regional and local economic impacts.

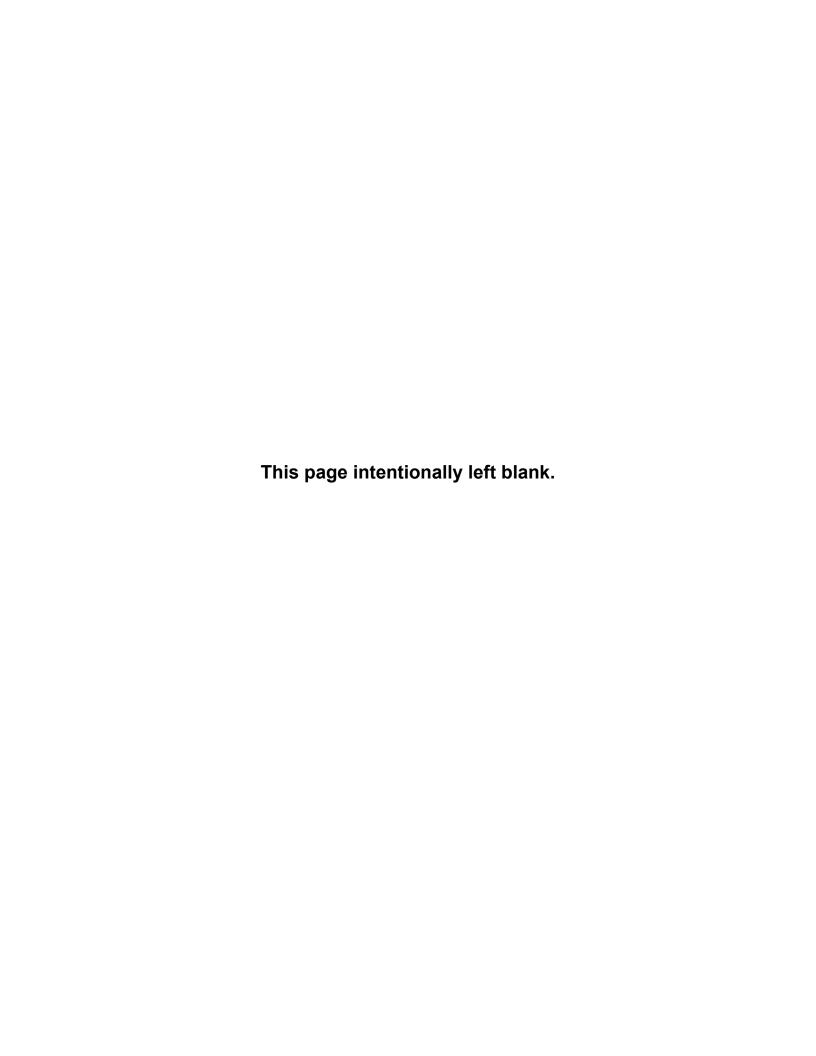

Management has focused on long term financial stability and is pursuing several initiatives as follows:

- The City continues to prioritize management of its budget and financial controls.
- The settlement of numerous litigation matters against the City has provided relief and encouragement for the City's financial future. However, the City will continue to defend itself against those matters which it believes are unwarranted.
- The City evaluates all community facility bond debt on an annual basis for potential refunding savings without extending debt terms for the applicable property owners.
- A five-year capital improvements budget is prepared and monitored based on need and available funding.
- The City has engaged in long term financial forecasting in order to be better prepared for changes in economic conditions.
- The City is establishing internal service funds to support equipment replacement, vehicle replacement and facility maintenance/replacement.
- The City is exploring options to address the long-term fiscal implications of its pension liabilities.
- Significant subsequent events are disclosed in Note 14.
- The City's overall financial condition continues to improve as evidenced from the increases in net position, however, care must be given to ensure that ongoing costs do not exceed revenues over the next three to five years.

The City of Beaumont has made significant strides to bring its financial reporting into full compliance with GASB standards. Accounting and reporting systems have been fully implemented to ensure accuracy and transparency.

REQUEST FOR INFORMATION

These financial statements are intended to provide citizens, taxpayers, investors, and creditors with a general overview of the City's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be directed to the Finance and Administrative Services Department, 550 E. 6th Street, Beaumont, California, 92223, or finance@beaumontca.gov.

Governmental Fund Financial Statements

GOVERNMENTAL FUND FINANCIAL STATEMENTS

Major Governmental Funds of the City are outlined below:

General Fund - This fund accounts for all revenues and expenditures used to finance the traditional services associated with a municipal government which are not accounted for in the other funds. In Beaumont, these services include general government, public safety, public works, community development, community service, and refuse.

Community Facilities Districts (CFD) Special Revenue Fund - This fund is used to account for bond and annual tax assessments proceeds to be used for the construction and implementation of off-site infrastructure improvements. In addition, the fund accounts for services and administration assessments received annually.

Development Impact Fees Special (DIF) Special Revenue Fund - This fund is used to account for the receipt and expenditure of mitigation fees on specified capital projects.

Community Facilities Districts (CFD) Capital Projects Fund - This fund is used to account for bond and annual tax assessments proceeds to be used for the construction and implementation of off-site infrastructure improvements. In addition, the fund accounts for services and administration assessments received annually.

General Capital Projects Fund - This fund is used to account for financial resources to be used for acquisition, construction and improvement of the city's major capital facilities.

Beaumont Financing Authority / Beaumont Public Improvement Authority Debt Service Funds - These funds are authorized to borrow money for the purpose of financing the acquisition of bonds, notes and other obligations of, or for the purpose of making loans to the City and/or to refinance outstanding obligations of the City.

Reconciliation of the Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance to the Government-Wide Statement of Activities For the Year Ended June 30, 2020

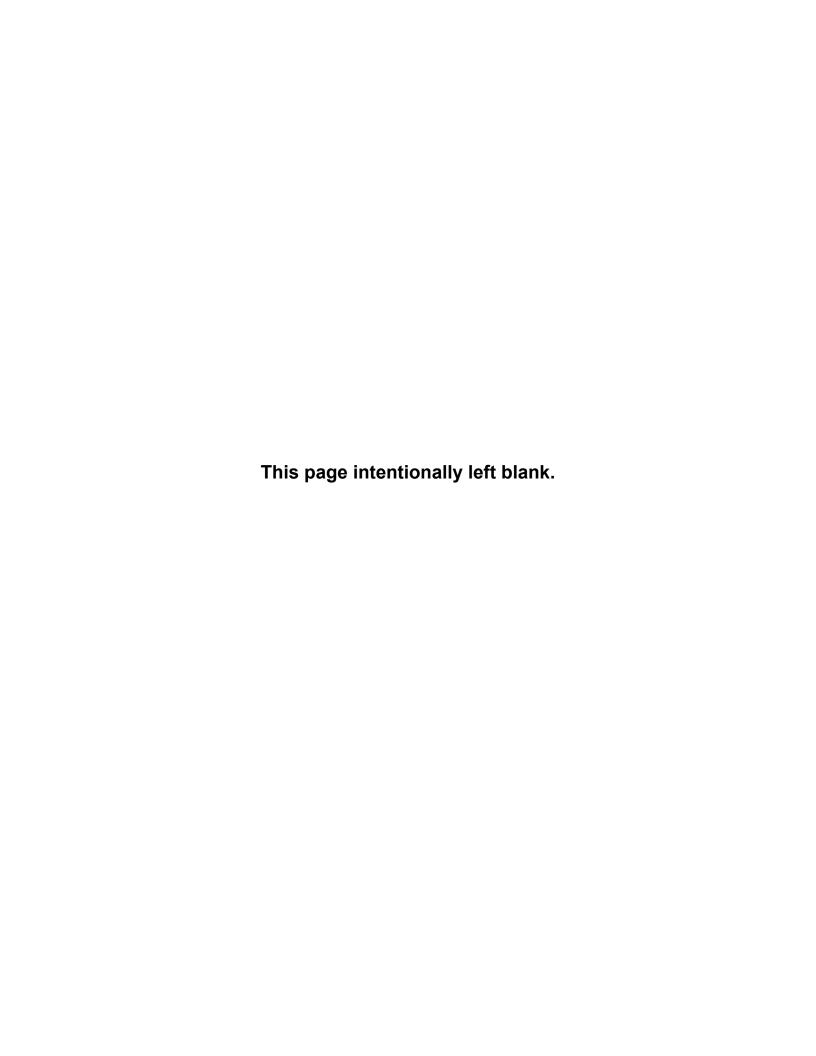

Net Change in Fund Balances - Total Governmental Funds	\$ 1,893,089
Governmental funds report capital outlays as expenditures. However, in the Government-Wide Statement of Activities, the costs of those assets are allocated over their estimated useful lives as depreciation expense.	
Capital outlay capitalized Depreciation expense	11,108,668 (5,302,810)
The issuance of long-term liabilities provided current financial resources to governmental funds, but issuing debt increased long-term liabilities in the Government-Wide Statement of Net Position. Repayment of long-term liabilities was an expenditure in governmental funds, but the repayment reduced long-term liabilities in the Government-Wide Statement of Net Position.	
Principal payments on long term debt Payments to refunding escrow agent Principal payments on capital lease Issuance of capital lease Proceeds from issuance of debt Premium on refunding bonds issues Payment to refunded bond escrow agent	3,405,300 660,080 124,048 (78,046) (5,375,000) (1,014,920) 6,389,920
Governmental funds report revenues and expenditures primarily pertaining to long-term liabilities, which are not reported in the statement of activities. At the government-wide level, these activities are reported in the statement of net position. This is the net expenditure reported in the governmental funds, which is not reported in the statement of activities.	
Pension related net adjustments	(1,003,104)
Certain long-term assets and liabilities were reported in the Government-Wide Statement of Activities, but they did not require the use of current financial resources. Therefore, long-term assets and liabilities were not reported as expenditures in governmental funds. These amounts represented the changes in long-term liabilities from prior year.	
Changes in compensated absences Changes in claims payable	(359,553) 600,980
Changes in unavailable revenues were reported as deferred inflows of resources in the Governmental Funds but were previously reported as revenues in the Government-Wide Statement of Activities.	(576,488)

Change in Net Position of Governmental Activities

PROPRIETARY FUND FINANCIAL STATEMENTS

Sewer Fund – The Sewer Fund was established to receive and disburse funds collected through sewer services charge fees and sewer facilities charges. These funds are used for the operation and maintenance of sewer disposal facilities and the financing of construction outlet sewers.

Transit Fund - The Transit Fund is intended to show the financial position and the operation and maintenance of the City's fixed route and dial-a-ride transit systems.

Notes to the Basic Financial Statements For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies

The basic financial statements of the City of Beaumont, California (the "City") have been prepared in conformity with accounting principles generally accepted of the United States of America ("US GAAP") as applied to governmental agencies. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

A. Reporting Entity

The City was incorporated November 18, 1912 under the general laws of the State of California. The City operates under a Council-Manager form of government and provides basic local governmental services including public safety (police and fire), maintenance and construction of public improvements, cultural, recreation, planning, zoning, transportation, sewer and general administration.

In evaluating how to define the City for financial reporting purposes, management has considered all potential component units. The primary criteria for including a potential component unit within the reporting entity are the governing body's financial accountability and a financial benefit or burden relationship and whether it is misleading to exclude. A primary government is financially accountable and shares a financial benefit or burden relationship if it appoints a voting majority of an organization's governing body and it is able to impose its will on the organization, or if there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the primary government. A primary government may also be financially accountable if an organization is fiscally dependent on the primary government regardless of whether the organization has a separately elected governing board, a governing board appointed by a higher level of government, or a jointly appointed board, and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the primary government.

Blended Component Units

The financial reporting entity consists of the primary government, the City, and its component units. In addition, component units can be other organizations for which the primary government is accountable and their exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Blended component units, although legally separate entities, are, in substance part of the government's operation and so data from these units are combined with data of the primary government.

A. Reporting Entity (Continued)

Blended Component Units (Continued)

Although the following are legally separate from the City, they have been "blended" as though they are part of the City because the component unit's governing body is substantially the same as the City's and there is a financial benefit or burden relationship between the City and the component unit; management of the City has operational responsibilities for the component units; and/or the component units provide services entirely, or almost entirely, to the City or otherwise exclusively, or almost exclusively, benefits the City, even though it does not provide services directly to it.

The following specific criteria were used in determining the status of the component unit:

- Members of the City Council also act as the governing body of the component unit.
- The City and the component unit are financially interdependent.
- The component unit is managed by employees of the City. A portion of the City's salary and overhead expenses is billed to the component unit each year.

Beaumont Financing Authority

The Beaumont Financing Authority (the "BFA)" was founded by the execution of a joint exercise of powers agreement dated April 1, 1993, by the City of Beaumont and the former Beaumont Redevelopment Agency. The BFA is authorized to issue revenue bonds to be repaid from the proceeds of public obligations and to provide financing and refinancing for public capital improvements of public entities, including the City, the former Redevelopment Agency, and the Community Facilities Districts. The City Council of the City of Beaumont serves as the governing board for the BFA and the City has fiduciary responsibility for the BFA. The BFA exclusively benefits the City. Transactions are reported in the Beaumont Financing Authority Debt Service fund. There are no separate financial statements available.

Beaumont Utility Authority

The Beaumont Utility Authority (the "BUA") was established on May 15, 2001 by a joint powers agreement between the City of Beaumont and the former Beaumont Redevelopment Agency. The BUA was created to provide a binding framework for the relationship between the City's utility enterprise fund and the City's General Fund, to address possible impacts of Proposition 218, and to provide greater fiscal strength for the City's fund. The City Council serves as the governing board for the BUA and the City has operational responsibility for the BUA. Transactions are reported in an enterprise fund. There are no separate financial statements available.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

A. Reporting Entity (Continued)

Blended Component Units (Continued)

Beaumont Parking Authority

The Beaumont Parking Authority (the "BPA") was established on May 1, 2018 by the City of Beaumont City Council through resolution 2018-12 that declared a need for a parking authority in the city. The BPA was created to establish the Beaumont Public Improvement Authority though a joint powers agreement. The City Council serves as the governing board for the BPA and the City has operational responsibility for the BPA. There was no financial activity for the BPA during the fiscal year ending June 30, 2020.

Beaumont Public Improvement Authority

The Beaumont Public Improvement Authority (the "BPIA") was established on May 15, 2018 by a joint powers agreement between the City of Beaumont and the Beaumont Parking Authority. The BPIA is authorized to issue revenue bonds to be repaid from the proceeds of wastewater services and to provide financing and refinancing for public capital improvements of the City's wastewater system The City Council serves as the governing board for the BPIA and the City has operational responsibility for the BPIA. There was no financial activity for the BPIA since inception through the fiscal year ending June 30, 2020.

B. Basis of Accounting and Measurement Focus

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures, or expenses as appropriate.

Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled.

The Statement of Net Position reports separate sections for Deferred Outflows of Resources, and Deferred Inflows of Resources, when applicable.

Deferred Outflows of Resources represent outflows of resources (consumption of net position) that apply to future periods and therefore, will not be recognized as an expense until that time.

Deferred Inflows of Resources represent inflows of resources (acquisition of net position) that apply to future periods and therefore, are not recognized as revenue until that time.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

B. Basis of Accounting and Measurement Focus (Continued)

Government-Wide Financial Statements

The City's government-wide financial statements include a statement of net position and a statement of activities. These statements present summaries of governmental and business-type activities for the City accompanied by a total column. Fiduciary activities of the City are not included in the government-wide financial statements.

These financial statements are presented on an "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all of the City's assets, liabilities and deferred amounts, including capital assets, as well as infrastructure assets, and long-term liabilities, are included in the accompanying statement of net position. The statement of activities presents changes in net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred.

Certain types of transactions are reported as program revenues within three categories in the statement of activities:

- Charges for services
- Operating grants and contributions
- Capital grants and contributions

Certain eliminations have been made in regards to interfund activities, payables and receivables. All internal balances in the statement of net position have been eliminated except those representing balances between the governmental activities and the business-type activities, which are presented as internal balances and eliminated in the total primary government column. However, those transactions between governmental and business-type activities have not been eliminated. The following interfund activities have been eliminated:

- Due from/to other funds
- Transfers in/out

Governmental Fund Financial Statements

Governmental fund financial statements include a balance sheet and a statement of revenues, expenditures and changes in fund balances for all major governmental funds and non-major funds aggregated. An accompanying schedule is presented to reconcile and explain the differences between fund balance as presented in these statements to the net position presented in the government-wide financial statements. The City has presented all major funds that meet the applicable criteria.

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

B. Basis of Accounting and Measurement Focus (Continued)

Governmental Fund Financial Statements (Continued)

All governmental funds are accounted for on a spending or "current financial resources" measurement focus and the modified accrual basis of accounting. Accordingly, only current assets and current liabilities are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances present increases (revenue and other financing sources) and decreases (expenditures and other financing uses) in fund balances. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to finance expenditures of the current period. The primary revenue sources, which have been treated as susceptible to accrual by the City, are property tax, sales tax, intergovernmental revenues and other taxes. Expenditures are recorded in the accounting period in which the related fund liability is incurred.

Revenues are recognized as soon as they are both "measurable" and "available". Revenues are considered to be available when they are collectible within the current period as soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the providers have been met.

Governmental funds of the City are outlined below:

General Fund - This fund accounts for all revenues and expenditures to finance the traditional services associated with a municipal government which are not accounted for in the other funds. In the City, these services include general government, public safety, public works, community development, community service, and refuse.

Community Facilities Districts (CFD) Special Revenue Fund - This fund is used to account for bond and annual tax assessments proceeds to be used for the construction and implementation of off-site infrastructure improvements. In addition, the Fund accounts for services and administration assessments received annually.

Development Impact Fees (DIF) Special Revenue Fund - This fund is used to account for the receipt and expenditure of mitigation fees on specified capital projects.

Community Facilities Districts (CFD) Capital Projects Fund - This fund is used to account for bond and annual tax assessments proceeds to be used for the construction and implementation of off-site infrastructure improvements. In addition, the Fund accounts for services and administration assessments received annually.

General Capital Projects Fund - This fund is used to account for financial resources to be used for acquisition, construction and improvement of the city's major capital facilities.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

B. Basis of Accounting and Measurement Focus (Continued)

Governmental Fund Financial Statements (Continued)

Beaumont Financing Authority / Beaumont Public Improvement Authority Debt Service Funds - These funds are authorized to borrow money for the purpose of financing the acquisition of bonds, notes and other obligations of, or for the purpose of making loans to the City and/or to refinance outstanding obligations of the City.

Other Governmental Funds - Other Governmental Funds is the aggregate of all the non-major governmental funds.

Proprietary Fund Financial Statements

Proprietary fund financial statements include a statement of net position, a statement of revenues, expenses and changes in net position, and a statement of cash flows for each major proprietary fund.

Proprietary funds are accounted for using the "economic resources" measurement focus and the accrual basis of accounting. Accordingly, all assets and liabilities (whether current or noncurrent) are included on the statement of net position. The statement of revenues, expenses and changes in net position presents increases (revenues) and decreases (expenses) in total net position. Under the accrual basis of accounting, revenues are recognized in the period in which they are earned while expenses are recognized in the period in which the liability is incurred. In these funds, receivables have been recorded as revenue and provisions have been made for uncollectible amounts.

Operating revenues in the proprietary funds are those revenues that are generated from the primary operations of the fund. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the fund. All other expenses are reported as non-operating expenses.

Proprietary funds of the City are outlined below:

Sewer Fund - This fund was established to receive and disburse funds collected through sewer services charge fees and sewer facilities charges. These funds are used for the operation and maintenance of sewer disposal facilities and the financing of construction outlet sewers.

Transit Fund - The Transit Fund is intended to show the financial position and the operation and maintenance of the City's fixed route and dial-a-ride transit systems.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

B. Basis of Accounting and Measurement Focus (Continued)

Fiduciary Fund Financial Statements

Fiduciary fund financial statements include a statement of fiduciary net position and a statement of changes in fiduciary net position. The City has two types of fiduciary funds. They are the private purpose trust funds and agency funds.

The private purpose trust funds account for activities of the Successor Agency to the Beaumont Redevelopment Agency (the "Successor Agency").

The agency funds are purely custodial in nature (assets equal liabilities) and, thus, do not involve measurement of results of operations. Trust funds, such as the Successor Agency to the Redevelopment Agency, use the flow of economic resources measurement focus and the accrual basis of accounting.

C. Cash, Cash Equivalents and Investments

The City pools its available cash for investment purposes. The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturity of three months or less from the date of acquisition. Cash and cash equivalents are combined with investments and displayed as Cash and Investments.

Highly liquid market investments with maturities of one year or less at time of purchase are stated at amortized cost. All other investments are stated at fair value. Market value is used as fair value for those securities for which market quotations are readily available.

The City follows the practice of pooling cash and investments of all funds, except for funds required to be held by fiscal agents under the provisions of bond indentures. Interest income earned on pooled cash and investments is allocated on an accounting period basis to the various funds based on the period-end cash and investment balances. Interest income from cash and investments with fiscal agents is credited directly to the related fund.

The City participates in an investment pool managed by the State of California titled *Local Agency Investment Fund* (LAIF) which has invested a portion of the pool funds in structured notes and asset-backed securities. LAIF's investments are subject to credit risk with the full faith and credit of the State of California collateralizing these investments. In addition, these structured notes and asset-backed securities are subject to market risk as to change in interest rates.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

D. Restricted Cash and Investments

Certain restricted cash and investments are held 1) held for transit related activities or 2) by a fiscal agent for the redemption of bonded debt and for acquisition and construction of capital projects.

E. Capital Assets

Capital assets are valued at historical cost or estimated historical cost if actual historical cost was not available. Capital assets donated, or contributed by developers, are valued at their estimated fair value on the date donated or transferred to the City. City policy has set the capitalization threshold for reporting capital assets at \$5,000. Depreciation is recorded on a straight-line basis over estimated useful lives of the assets as follows:

	Years
Buildings	30
Infrastructure	35 - 120
Machinery and equipment	3 - 5
Furniture and fixtures	3 - 5
Vehicles	3
Computer equipment	3

The City defines infrastructure as the basic physical assets that allow the City to function. The infrastructure assets include streets (including bridges, streetlights, sidewalks, culverts and curbs), sewer system (including plant, collection systems, drains, lift stations), and park lands. Each major infrastructure system can be divided into subsystems. For example, the street system can be subdivided into pavement, curb and gutters, sidewalks, medians, streetlights, landscaping and land. These subsystems were not delineated in the basic financial statements. The appropriate operating department maintains information regarding the subsystems. Interest accrued during capital assets construction, if any, is capitalized for the business-type and proprietary funds as part of the asset cost.

For all infrastructure systems, the City elected to use the Basic Approach for infrastructure reporting.

F. Long-Term Debt

Government-Wide Financial Statements

Long-term debt and other financial obligations are reported as liabilities in the appropriate funds.

Bond premiums and discounts, as well as insurance premiums paid to bond insurers, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable premium or discount. Issuance costs are expensed in the period when incurred.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

F. Long-Term Debt (Continued)

Fund Financial Statements

The fund financial statements do not present long-term assets or liabilities. These amounts are shown in the reconciliation of the governmental funds balance sheet to the government-wide statement of net position.

G. Compensated Absences

Government-Wide Financial Statements

City employees have vested interest in varying levels of vacation and sick leave based on their length of employment and related bargaining unit. Vacation leave is payable to employees at the time a vacation is taken or upon termination of employment. Vacation leave balance accruals are capped at two the employee's annual accrual rate. Sick leave is payable only when an employee is unable to work due to personal or family illness or at separation from employment at different levels depending on the length of employment arid the bargaining unit. There is no cap on the amount of sick leave that can be accrued but there is a cap on the amount that can be cashed out upon termination. Employees with less than five years of employment do not have vested privilege on sick leave and their sick leave is forfeited upon termination. The amount of compensated absences is accrued when incurred in the government-wide financial statements.

Fund Financial Statements

In governmental funds, compensated absences are recorded as expenditures in the years paid. It is the City's policy to liquidate unpaid compensated absences from future resources, rather than currently available financial resources. When an employee is terminated at fiscal year end, the amount of his or her reimbursable unused vacation and/or sick leave is recorded as a liability in the governmental funds. In proprietary funds, compensated absences are expensed to the various funds in the period they are earned, and such fund's share of the unpaid liability is recorded as a long-term liability of the fund.

H. Pensions

The City contracts with the California Public Employees' Retirement System (CalPERS) to provide a defined benefit pension plan for its employees and retirees. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources, and pension expense, information about the fiduciary net position of the plans and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the plans (Note 10). For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

H. Pensions (Continued)

The following timeframes are used for pension plan reporting:

CalPERS:

Valuation Date 6/30/2018 Measurement Date 6/30/2019

Measurement Period July 1, 2018 to June 30, 2019

Gains and losses related to changes in CalPERS estimates and assumption for determining the total pension liability and fiduciary net position are recognized in pension expense systematically over time. The first amortized amounts are recognized in pension expense for the year the gain or loss occurs. The remaining amounts are categorized as deferred outflows and deferred inflows of resources and are recognized in future pension expense. The amortization period differs depending on the source of the gain or loss. The difference between projected and actual earnings is amortized straight-line over 5 years. All other amounts are amortized straight-line over the average expected remaining service lives of all members that are provided with benefits (active, inactive, and retired) as of the beginning of the measurement period.

I. Property Taxes

Property taxes are levied on January 1 and are payable in two installments: November 1 and February 1 of each year. Property taxes become delinquent on December 10 and April 10, for the first and second installments, respectively. The lien date is March 1. The County of Riverside, California (County) bills and collects the property taxes and remits them to the City according to a payment schedule established by the County. City property tax revenues are recognized when received in cash except at year end when they are accrued pursuant to the modified accrual basis of accounting. The City recognizes as revenues at June 30 available taxes or those collected within 60 days.

The County is permitted by State law to levy taxes at 1% of full market value (at time of purchase) and can increase the property tax rate no more than 2% per year. The City receives a share of this basic levy proportionate to what it received during the years 1976 to 1978.

J. Net Position

For government-wide and proprietary fund financial statements, net position is categorized as follows:

Net Investment in Capital Assets - This component of net position consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of debt that are attributable to the acquisition, construction, or improvement of those assets.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

J. Net Position (Continued)

Restricted - This component of net position consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

Unrestricted- This component of net position is the amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted component of net position.

When expenses are incurred for purposes for which both restricted and unrestricted net position is available, the City's policy is to apply restricted net position first.

K. Fund Balances

For governmental fund financial statements, fund balances are categorized as follows:

Nonspendable - Items that cannot be spent because they are not in spendable form, such as prepaid items and inventories and long term receivables, or items that are legally or contractually required to be maintained intact, such as principal of an endowment or revolving loan funds.

Restricted - Restricted fund balances encompass the portion of net fund resources subject to externally enforceable legal restrictions. This includes externally imposed restrictions by creditors, such as through debt covenants, grantors, contributors, laws or regulations of other governments, as well as restrictions imposed by law through constitutional provisions or enabling legislation.

Committed - Committed fund balances encompass the portion of net fund resources, the use of which is constrained by limitations imposed by the formal action of the government's highest level of decision making authority normally through resolutions, etc., and that remain binding unless rescinded or modified in the same manner. The City Council is considered the highest authority for the City.

Assigned - Assigned fund balances encompass the portion of net fund balance reflecting the government's intended use of resources. Assignment of resources can be done by the highest level of decision making or by a committee or official designated for that purpose. On April 5, 2016, the City Council adopted the financial management policies that includes a fund balance policy authorizing the City Manager to make these determination.

Unassigned - This amount is for any portion of the fund balances that do not fall into one of the above categories. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed or assigned for those purposes, it may be necessary to report negative unassigned fund balance in that particular fund.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

K. Fund Balances (Continued)

When expenditures are incurred for purposes for which both restricted and unrestricted fund balances are available, the City's policy is to apply restricted fund balances first, then unrestricted fund balances as they are needed.

When expenditures are incurred for purposes where only unrestricted fund balances are available, the City uses the unrestricted resources in the following order: committed, assigned, and unassigned.

L. Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosure. Accordingly, actual results could differ from those estimates.

M. Fair Value Measurement

- U.S. GAAP defines fair value, establishes a framework for measuring fair value and establishes disclosures about fair value measurement. Investments, unless otherwise specified, recorded at fair value in the Statements of Net Position, are categorized based upon the level of judgment associated with the inputs used to measure their fair value. Levels of inputs are as follows:
 - Level 1 Inputs are unadjusted, quoted prices for identical assets and liabilities in active markets at the measurement date.
 - Level 2 Inputs, other than quoted prices included in Level 1, that are observable for the assets or liabilities through corroboration with market data at the measurement date.
 - Level 3 Unobservable inputs that reflect management's best estimate of what market participants would use in pricing the assets or liabilities at the measurement date.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

N. Upcoming Governmental Accounting Standards Implementation

The City is currently analyzing its accounting practices to determine the potential impact on the financial statements for the following GASB statements:

GASB Statement No. 84

In January 2017, GASB issued Statement No. 84, Fiduciary Activities. This Statement establishes criteria for identifying fiduciary activities of all state and local governments. The focus of the criteria generally is on (1) whether a government is controlling the assets of the fiduciary activity and (2) the beneficiaries with whom a fiduciary relationship exists. Separate criteria are included to identify fiduciary component units and postemployment benefit arrangements that are fiduciary activities. Application of this statement is effective for the City's fiscal year ending June 30, 2021.

GASB Statement No. 87

In June 2017, GASB issued Statement No. 87, Leases. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. Application of this statement is effective for the City's fiscal year ending June 30, 2022.

GASB Statement No. 89

In June 2018, GASB issued Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period. Such interest cost includes all interest that previously was accounted for in accordance with the requirements of paragraphs 5-22 of Statement No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, which are superseded by this Statement. This Statement requires that interest cost incurred before the end of a construction period be recognized as an expense in the period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. Application of this statement is effective for the City's fiscal year ending June 30, 2022.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 1 - Reporting Entity and Summary of Significant Accounting Policies (Continued)

N. Upcoming Governmental Accounting Standards Implementation (Continued)

GASB Statement No. 90

In August 2018, GASB issued Statement No. 90, Majority Equity Interests- An Amendment of GASB Statements No. 14 and No. 61. This Statement improves the consistency and comparability of reporting a government's majority equity interest in a legally separate organization and to improve the relevance of financial statement information for certain component units. It defines a majority equity interest and specifies that a majority equity interest in a legally separate organization should be reported as an investment if a government's holding of the equity interest meets the definition of an investment. A majority equity interest that meets the definition of an investment should be measured using the equity method, unless it is held by a special-purpose government engaged only in fiduciary activities, a fiduciary fund, or an endowment (including permanent and term endowments) or permanent fund. Those governments and funds should measure the majority equity interest at fair value. Application of this statement is effective for the City's fiscal year ending June 30, 2021.

GASB Statement No. 91

In May 2019, GASB issued Statement No. 91, Conduit Debt Obligations. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures. Application of this statement is effective for the SEJPA's fiscal year ending June 30, 2023.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 2 - Cash and Investments

A. Cash Deposits

The following is a summary of pooled cash and investments and restricted cash and investments at June 30, 2020:

Statement of Net Position	
Cash and investments	\$ 101,835,780
Restricted cash and investments	835,956
Restricted cash and investments with fiscal agent	34,350,989
Restricted investments in CFDs	83,718,734
Statement of Fiduciary Net Position	
Cash and investments	19,799,708
Restricted cash and investments with fiscal agent	 26,006,253
Total	\$ 266,547,420

Cash, cash equivalents, and investments, consisted of the following at June 30, 2020:

Deposits with financial institutions	\$ 62,165,162
Deposits with fiscal agents	13,358,257
Petty cash	4,653
Investments	 191,019,348
	_
Total cash and investments	\$ 266,547,420

At June 30, 2020, cash and investments, are reported at fair value based on quoted market prices. The following table represents the fair value measurements of investments recognized in the accompanying Statement of Net Position measured at on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at June 30, 2020:

	Total		
	as of	Measurement	Valuation
	June 30, 2020	Inputs	Techniques
Investments:			
State investment pool	\$ 60,104,392	Uncategorized	N/A
Certificate of deposit	201,891	Uncategorized	N/A
Money market funds	46,214,331	Uncategorized	N/A
Guaranteed investment contract	780,000	Uncategorized	N/A
Restricted investments in CFDs	83,718,734	Uncategorized	N/A
Total	\$ 191,019,348		

The carrying amount of the City's demand deposits are \$62,165,162 at June 30, 2020. Bank balances were \$61,219,224 at that date; the total amount is collateralized or insured with securities held by the pledging financial institutions in the City's name is discussed below.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 2 - Cash and Investments (Continued)

A. Cash Deposits (Continued)

The California Government Code requires California banks and savings and loan associations to secure the City's cash deposits by pledging securities as collateral. This Code states that collateral pledged in this manner shall have the effect of perfecting a security interest in such collateral superior to those of a general creditor. Thus, collateral for cash deposits is considered to be held in the City's name.

The market value of pledged securities must equal at least 110% of the City's cash deposits. California law also allows institutions to secure City deposits by pledging first trust deed mortgage notes having a value of 150% of the City's total cash deposits. The City may waive collateral requirements for cash deposits; however, the City has not waived the collateralization requirements.

B. Investments

Investments Authorized by the California Government Code and the City's Investment Policy

The table below identifies the investment types that are authorized for the City by the California Government Code (or the City's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the City's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk. This table does not address investments of bond proceeds held by the City's bond trustee (fiscal agent) which is described below.

		Maximum	Maximum
Authorized	Maximum	Percentage	Investment
Investment Type	Maturity	of Portfolio	in One Issuer
Local Agency Investment Fund (LAIF)	N/A	100%	\$20 million
Negotiable Certificates of Deposits	5 Years	100%	None
Mutual Funds	N/A	100%	None
Money Market Funds	N/A	100%	None
Guaranteed Investment Contracts	N/A	100%	None
Government Securities Mutual Funds	N/A	20%	None
Local Obligation Bonds*	5 Years	None	None

^{*}Limited to 5 years, except permits investment in variable rate demand obligations that are City obligations up to 10 year maturity, as allowed under IRS and SEC rulings.

At June 30, 2020, the City had \$60,104,392 in the LAIF account which is in excess of the City's investment policy.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 2 - Cash and Investments (Continued)

B. Investments (Continued)

Investments Authorized by Debt Agreements

Investments of bond proceeds held by the City's bond trustee are governed by provisions of the related debt agreement rather than the general provisions of the California Government Code or the City's investment policy. The table below identifies certain provisions of these debt agreements that address interest rate risk, credit risk, and concentration of credit risk.

		Maximum	Maximum
A uthorized	Maximum	Percentage	Investment
Investment Type	Maturity	of Portfolio	in One Issuer
Local Agency Investment Fund (LAIF)	N/A	None	None
Negotiable Certificates of Deposits	None	None	None
Money Market Mutual Funds	N/A	None	None

C. External Investment Pool

The City is a voluntary participant in LAIF, which is regulated by California Government Code Section 16429 under the oversight of the Treasurer of the State of California. The City's investments in LAIF at June 30, 2020 included a portion of pool funds invested in Structure Notes and Asset-Backed Securities:

Structured Notes, are debt securities (other than asset-backed securities) whose cash-flow characteristics (coupon rate, redemption amount, or stated maturity) depend upon one or more indices and/or that have embedded forwards or options.

Asset-Backed Securities, the bulk of which are mortgage-backed securities, entitle their purchasers to receive a share of the cash flows from pool of assets such as principal and interest repayments from a pool of mortgages (such as Collateralized Mortgage Obligations) or credit card receivables.

As of June 30, 2020, the City had \$60,104,392 invested in LAIF, which had invested 3.37% of the pool investment funds in Structured Notes and Asset-Backed Securities. LAIF determines fair value on its investment portfolio based on market quotations for those securities where market quotations are readily available and based on amortized cost or best estimate for those securities where market value is not readily available. The value of the City's position in the pool is the same as the value of the pool shares. LAIF is unrated as of June 30, 2020.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 2 - Cash and Investments (Continued)

D. Investment in CFD Bonds

The Beaumont Financing Authority (BFA) issued Local Agency Revenue Bonds ("Authority Bonds") for investment in the City of Beaumont Community Facilities District (CPD) 93-1 Special Tax Bonds ("District Bonds"). The District Bonds are local obligation bonds secured solely by special assessments on property owners within the CPD. The Authority Bonds issued by the BFA are repaid solely by debt service payments made on the District Bonds to the BFA. The repayment schedules of the District Bonds, and interest thereon, to the BFA; are concurrent and sufficient to satisfy the debt service requirements of the respective Authority Bonds.

E. Risk Disclosures

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity, the greater the sensitivity its fair value is to changes in market interest rates. As a means of limiting its exposure to fair value losses arising from rising interest rates, the City's investment policy provides that final maturities of securities cannot exceed five years. Investments governed by the bond indentures may be longer. Maturities of investments vary and depend on liquidity needs of the City.

As of June 30, 2020, the City had the following investments and maturities:

	Amount	1 year or less	1 - 5 years	More than 5 years	
Investments:					
State investment pool	\$ 60,104,392	\$ 60,104,392	\$ -	\$ -

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 2 - Cash and Investments (Continued)

E. Risk Disclosures (Continued)

Credit Risk

Credit Risk is the risk of loss due to failure of the security issuer. The risk can be identified thru the rating assigned by a nationally recognized statistical rating organization to the issuers of securities. The City minimizes this risk by investing only in the type of investments allowed for municipalities by the Government Code as listed on the City's investment policy and investing only in instruments that are most credit worthy.

		ality Ratings

Restricted investments in CFDs	 83,718,734	Not Rated	Not Rated	
Total	\$ 191,019,348			

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. None of the City's investments were subject to custodial credit risk.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 2 - Cash and Investments (Continued)

E. Risk Disclosures (Continued)

Concentration of Credit Risk

The investment policy of the City contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government Code. City investments that are greater than 5 percent of the total investments are in either an external investment pool or mutual funds and are therefore exempt. The City's investment in CFDs is restricted and is secured by special assessments from property owners and a tax lien on the underlying property.

Total	\$	220,634	\$	4,037	\$		\$	224,671	

Calimesa Loan

The City entered into a loan agreement with City of Calimesa for the design and construction of portions of Cherry Valley Boulevard and Palmer Drive. The City of Calimesa will repay the loans within the next 20 years, plus simple interest annually at the rate paid by the Local Agency Investment Fund (LAIF) on January 1 of each year on the unpaid balance. The balance of the loan totaled \$224,671 at June 30, 2020. This balance includes interest of \$15,930 calculated at the LAIF rate of 1.93%.

AB 1484 Due Diligence Review

The City has entered into an agreement with the State of California, Department of Finance (State) to pay an outstanding amount due from the State's Due Diligence Review. The original amount due was \$2,875,912, and the outstanding balance at June 30, 2020 is \$1,075,912. The agreement calls for annual payments of \$300,000 through July 15, 2022, with a final payment of \$175,912 due on July 15, 2023. The City will utilize "residual" pass-through payments received by the City's General Fund to pay this debt of the former Redevelopment Agency. There is no interest charged by the State.

The annual debt service requirements are as follows:

Year Ending	
June 30,	Total
2021	\$ 300,000
2022	300,000
2023	300,000
2024	175,912
Total	\$ 1,075,912

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 6 - Long-Term Obligations (Continued)

A. Governmental Activities (Continued)

Capital Lease

The City has entered into several lease agreements for the financing of public works vehicles, police vehicles, and equipment. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of future minimum lease payments as of the date of inception.

The annual debt service requirements for the capital leases payable outstanding at June 30, 2020 are as follows:

Year Ending			
June 30,	Principal	Interest	Total
2021	\$ 101,512	\$ 9,304	\$ 110,816
2022	96,390	4,559	100,949
2023	53,338	1,292	54,630
Total	\$ 251,240	\$ 15,155	\$ 266,395

The City entered into capital lease-purchase agreements whereby the lessor acquired certain capital assets and leased them to the City with the option to purchase. The leased assets are included in capital assets and are summarized by major asset class below:

	Amount
Vehicles	\$ 344,718
Less: accumulated depreciation	(134,571)
Total	\$ 210,147

Revenue Bonds

Local Revenue Bonds - 1994

On January 15, 1994, the BFA issued \$7,535,000 of 1994 Local Agency Revenue Bonds-Series A and \$2,755,000 of 1994 Local Agency Revenue Bonds - Series B (the "Authority Bonds") for the purpose of acquiring the concurrently issued City of Beaumont Community Facilities District No. 93-1 Special Tax Bonds, 1994 Series A (the "District Bonds") in the amount of \$9,260,000. Proceeds from the Authority Bonds were used to purchase the District bonds. The bonds were issued to provide the District with funds to design or acquire certain public improvements relating to the District, including water treatment plant facilities and infrastructure.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 6 - Long-Term Obligations (Continued)

A. Governmental Activities (Continued)

Revenue Bonds (Continued)

Local Revenue Bonds - 1994 (Continued)

The Authority Bonds are payable from and secured by repayment of the District Bonds. Interest was payable on September 1, 1994, and semiannually thereafter on March 1 and September 1 of each year until maturity. Series A Authority Bonds are 7.0% term bonds due September 1, 2023, with sinking payments to be made beginning September 1, 2004. Series B Authority Bonds consist of \$365,000 serial bonds maturing annually in amounts between \$65,000 and \$80,000 from September 1, 1999 through September 1, 2003. Thereafter, \$2,390,000 of 7.5% term bonds are due September 1, 2023, with sinking payments to be made beginning September 1, 2004.

Neither the Authority Bonds nor the District Bonds are general obligations of the City nor any other political subdivision and the full faith and credit of the City is not pledged for repayment thereof. The outstanding indebtedness at June 30, 2020, on the Series A Bonds was \$2,530,000.

The District Bonds do not constitute an obligation of the City and the City is not obligated to make payment beyond the special taxes and available bond reserves.

Local Agency Revenue Bonds - 2007 Series A

On January 18, 2007, the BFA issued \$21,175,000 of 2007 Local Agency Revenue Bonds, Series A (the "Authority Bonds") for the purpose of refunding the Beaumont Financing Authority 2000 Local Agency Revenue Bonds, Series A, the Beaumont Financing Authority 1994 Local Agency Revenue Bonds, Series A and B, and acquiring the City of Beaumont Community Facilities District No. 93-1 Special Tax Bonds ("District Bonds") in the amount of \$4.910.884.

These bonds were issued to provide the District with funds to finance public infrastructure relating to respective improvements areas, fund interest on the bonds, pay expenses relating to the issuance of the bonds and fund a reserve account.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 6 - Long-Term Obligations (Continued)

A. Governmental Activities (Continued)

Revenue Bonds (Continued)

Local Agency Revenue Bonds - 2007 Series A (Continued)

The Authority Bonds are payable from and secured by repayment of the District Bonds. Interest is payable semiannually on March 1 and September 1 of each year, commencing September 1, 2007 until maturity or earlier redemption. The Bonds consist of \$8,860,000 serial bonds maturing annually in amounts between \$250,000 and \$780,000 from September 1, 2007 through September 1, 2021 with interest rates between 3.500% and 4.250%. Thereafter, \$4,425,000 of 4.500% term bonds are due September 1, 2026, with sinking payments to be made beginning September 1, 2022, \$6,785,000 of 4.500% term bonds are due September 1, 2032, with sinking payments to be made beginning September 1, 2037, with sinking payments to be made beginning September 1, 2033.

On August 8, 2019, the City issued \$5,375,000 in refunding revenue bonds with an average interest rate of 4.0% to advance refund \$3,780,000 of outstanding 2007 Series A debt. As a result, the 2007 Series A bonds are considered to be refunded and the liability for these bonds has been removed from the government-wide statement of net position.

The refunding did not result in a difference between the reacquisition price and the net carrying amount of the old debt. The City completed the refunding to reduce its total debt service payments over the next 13 years by \$959,075 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$490,109.

Local Agency Revenue Bonds - 2007 Series C and D

On April 26, 2007, the BFA issued \$22,490,000 of 2007 Local Agency Revenue Bonds, Series C (the "Authority Bonds") and \$1, 105,000 Local Agency Revenue Bonds, Series D (the "Authority Bonds") for the purpose of refunding the Beaumont Financing Authority 2003 Local Agency Revenue Bonds, Series A and Beaumont Financing Authority 1994 Local Agency Revenue Bonds, Series A, and acquiring the City of Beaumont Community Facilities District No. 93-1 Special Tax Bonds ("District Bonds") in the amount of \$217,000. These bonds were issued to provide the District with funds to finance public infrastructure relating to respective improvements areas, fund interest on the bonds, pay expenses relating to the issuance of the bonds and fund a reserve account.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 6 - Long-Term Obligations (Continued)

A. Governmental Activities (Continued)

Revenue Bonds (Continued)

Local Agency Revenue Bonds - 2007 Series C and D (Continued)

The Authority Bonds are payable from and secured by repayment of the District Bonds. Interest is payable semiannually on March 1 and September 1 of each year, commencing September 1, 2007 until maturity or earlier redemption. The 2007 Series C Bonds consist of \$6,440,000 serial bonds maturing annually in amounts between \$350,000 and \$765,000 from September 1, 2007 through September 1, 2019 with interest rates between 4.000% and 4.500%. Thereafter, \$2,555,000 of 5.000% term bonds are due September 1, 2022, with sinking payments to be made beginning September 1, 2020, \$4,060,000 of 5.000% term bonds are due September 1, 2026, with sinking payments to be made beginning September 1, 2023. \$2,370,000 of 4.750% term bonds are due September 1, 2028, with sinking payments to be made beginning September 1, 2029. The 2007 Series D Bonds consist of \$1,105,000 of 5.200% term bonds are due September 1, 2011.

On August 8, 2019, the City issued \$5,375,000 in refunding revenue bonds with an average interest rate of 4.0% to advance refund \$3,270,000 of outstanding 2007 Series C & D debt. As a result, the 2007 Series A bonds are considered to be refunded and the liability for these bonds has been removed from the government-wide statement of net position.

The refunding did not result in a difference between the reacquisition price and the net carrying amount of the old debt. The City completed the refunding to reduce its total debt service payments over the next 13 years by \$960,563 and to obtain an economic gain (difference between the present values of the old and new debt service payments) of \$548,461.

Local Agency Revenue Bonds - 2011 Series A and B

On December 15, 2011, the BFA issued \$12,145,000 of 2011 Local Agency Revenue Bonds, Series A (the "Authority Bonds") for the purpose of refunding the Beaumont Financing Authority 2009 Local Agency Revenue Bonds, Series A and B, the Beaumont Financing Authority 2009 Local Agency Revenue Bonds, Series A and B, and acquiring the City of Beaumont Community Facilities District No. 93-1 Special Tax Bonds ("District Bonds") in the amount of \$11,039,529. These bonds were issued to provide the District with funds to finance public infrastructure relating to respective improvements areas, fund interest on the bonds, pay expenses relating to the issuance of the bonds and fund a reserve account.

Revenue Bonds

Wastewater Revenue Bonds, Series 2018A

On September 27, 2018, the Beaumont Public Improvement Authority issued \$81,105,000 of revenue bonds, to finance the acquisition and construction of certain improvements to the City's Wastewater System and to purchase a debt service reserve surety policy. The bonds were issued at a premium of \$9,698,952 which is amortized over the life of the bonds. Interest on the bonds is payable semi-annually on March 1 and September 1 of each year through September 1, 2049. The bonds bear interest ranging from 3% to 5%. Principal payments are due annually beginning on September 1, 2019. The bonds are a special limited obligation of the Authority payable solely from Authority Revenues. The outstanding balance of the Wastewater Revenue Bonds Series 2018A at June 30, 2020 was \$80,105,000.

Year Ending

Note 7 - Debt Without City Commitment

The City authorized the formation of the City of Beaumont Community Facilities District No. 93-1 (the "CFD's") for purpose of the issuance of bonds under improvement acts of the State of California to finance eligible public facilities to serve developing commercial, industrial, residential, and/or mixed use developments. Bonds issued by the CFD are secured by annual special tax levies or liens placed on properties within the CFD. The City, and the BFA, are not liable for repayment and the City, acting as an agent on behalf of the CFD, is only responsible for levying and collecting the special tax assessments, forwarding the collections to the bond trustee on behalf of bondholders, and initiating foreclosure proceedings on faulted special tax payments when necessary.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 7 - Debt Without City Commitment (Continued)

The bonds issued by the CPD are limited obligations and are payable solely from special tax assessments, specific bond reserves, and the proceeds from property foreclosures. Since these debts do not constitute an obligation of the City or the BFA and the City or BFA is not obligated to make payments on the bonds, the District Bonds (whose terms are disclosed in Note 6) are not reported as long-term liabilities in the accompanying City financial statements. The activities related to the District Bond reserves, special assessment tax collection, remittance to the bond trustee, repayment of District Bonds and use of new bond proceeds for developer capital projects for infrastructure, are reported in the Fiduciary Funds as an agency fund.

District Bonds issued during the year ended June 30, 2020 were as follows:

2018 Special Tax Bonds, IA 7B

On November 8, 2018, the CFD issued \$2,370,000 of special tax bonds, to finance a portion of the costs of acquiring and constructing certain public infrastructure improvements necessary for development of property within the City per a settlement agreement with developers. Interest on the bonds is payable semi-annually on March 1 and September 1 of each year through September 1, 2039. The bonds bear interest ranging from 3% to 4%. Principal payments are due annually beginning on September 1, 2019. The notes are secured by a first pledge of the special tax revenues and funds on deposit in the Bond Fund, Reserve Fund, and Special Tax Fund. The outstanding balance of the 2018 Special Tax Bonds, Series A at June 30, 2020 was \$2,250,000.

2018 Special Tax Bonds, IA 7D

On November 8, 2018, the CFD issued \$3,725,000 of special tax bonds, to finance a portion of the cost of acquiring and constructing certain public infrastructure improvements necessary for development of property within the City per a settlement agreement with developers. Interest on the bonds is payable semi-annually on March 1 and September 1 of each year through September 1, 2048. The bonds bear interest ranging from 3% to 4.125%. Principal payments are due annually beginning on September 1, 2019. The notes are secured by a first pledge of the special tax revenues and funds on deposit in the Bond Fund, Reserve Fund, and Special Tax Fund. The outstanding balance of the 2018 Special Tax Bonds IA 7D at June 30, 2020 was \$3,630,000.

2018 Special Tax Bonds, IA 8E

On December 7, 2018, the CFD issued \$12,680,000 of special tax bonds, to finance a portion of the cost of acquiring and constructing certain public infrastructure improvements necessary for the development of property within the City per a settlement agreement with developers. Interest on the bonds is payable semi-annually on March 1 and September 1 of each year through September 1, 2048. The bonds bear interest ranging from 2% to 5%. Principal payments are due annually beginning September 1, 2019. The notes are secured by a first pledge of the special tax revenues and funds on deposit in the Bond Fund, Reserve Fund, and Special Tax Fund. The outstanding balance of the 2018 Special Tax Bonds IA 8E at June 30, 2020 was \$12,510,000.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 7 - Debt Without City Commitment (Continued)

2019 Special Tax Bonds, IA 2016-1 (Fairway Canyon)

On March 12, 2019, the CFO issued \$9,045,000 of special tax bonds, to finance a portion of acquiring and constructing certain public infrastructure improvements necessary for the development of property within the City per a settlement agreement with developers. Interest on the bonds is payable semi-annually on March 1 and September 1 of each year through September 1, 2048. The bonds bear interest ranging from 3% to 5%. Principal payments are due annually beginning September 1, 2019. The notes are secured by a first pledge of the special tax revenues and funds on deposit in the Bond Fund, Reserve Fund, and Special Tax Fund. The outstanding balance of the 2019 Special Tax Bonds IA 2016-1 at June 30, 2020 was \$8,790,000.

As of June 30, 2020, debt without City or BFA commitment is as follows:

	Balance
	June 30, 2020
1994 Special Tax Bonds, Series A	\$ 2,424,034
2011 Special Tax Bonds, Series A & B	11,930,000
2012 Special Tax Bonds, Series A	5,600,000
2012 Special Tax Bonds, Series B	2,955,000
2012 Special Tax Bonds, Series C	3,345,000
2013 Special Tax Bonds, Series A	6,014,700
2013 Special Tax Bonds, Series B	8,680,000
2015 Special Tax Bonds, Series A	10,000,000
2015 Special Tax Bonds, Series B	16,810,000
2015 Special Tax Bonds, Series C	4,265,000
2015 Special Tax Bonds, Series D	6,320,000
2019 Refunding Revenue Bonds, Series A	5,375,000

2018 Special Tax Bonds, 1A 7D	3,630,000
2018 Special Tax Bonds, 1A 8E	12,510,000
2019 Special Tax Bonds, 1A 2016-1	8,790,000
Total Limited Obligation Bond Debt	\$ 230,901,133

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 8 - Compensated Absences

The City's liability for vested and unpaid compensated absences (vacation and vested sick leave) was \$2,925,240 at June 30, 2020.

A. Governmental Activities

For the governmental activities, compensated absences are generally liquidated by the General Fund.

Summary of changes in compensated absences for the year ended June 30, 2020 is as follows:

					Classification			
	Balance		Balance	Due Within	Due in More			
	July 1, 2019	Additions	Deletions	June 30, 2020	One Year	Than One Year		
Governmental Activities:								
Compensated absences	\$ 2,268,362	\$ 530,915	\$ (171,362)	\$ 2,627,915	\$ 262,792	\$ 2,365,123		
Total governmental activities	\$ 2,268,362	\$ 530,915	\$ (171,362)	\$ 2,627,915	\$ 262,792	\$ 2,365,123		

B. Business-Type Activities

Summary of changes in compensated absences for the year ended June 30, 2020 is as follows:

									Classification				
	E	Balance					Balance		Due Within		Due in More		
	Ju	ly 1, 2019	Ac	Iditions	De	letions	June	e 30, 2020	Or	One Year		Than One Year	
Business-Type Activities:								<u>.</u>					
Compensated absences	\$	264,812	\$	36,773	\$	(4,259)	\$	297,326	\$	29,733	\$	267,593	
Total governmental activities	\$	264,812	\$	36,773	\$	(4,259)	\$	297,326	\$	29,733	\$	267,593	

Note 9 - Risk Management

The City is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The City, including its component units, uses the General Fund to account for and finance risks for general liability, workers' compensation, and property damage. There were no settlements in excess of insurance coverage in any of the three prior fiscal years. There were no reductions in the City's limits of coverage during the fiscal year ended June 30, 2020.

General Liability and Property Damage Insurance

The City is self-insured to some extent for general liability claims. The City maintains a self-insured retention level of \$250,000 for general liability with excess coverage up to \$50,000,000, as a participant in the Exclusive Risk Management Authority of California (ERMAC), a Joint Powers Authority. The City is self-insured for \$1,000,000 for employment practices liability with excess coverage up to \$50,000,000. Property damage is also insured through participation in ERMAC.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 9 - Risk Management (Continued)

General Liability and Property Damage Insurance (Continued)

The City has entered into contracts with claims administrators to process claims against the City for general liability claims.

Workers' Compensation

The City of Beaumont maintains a self-insured workers' compensation plan, whereby the City covers the cost of medical claims its employees incur. The City has stop loss coverage for this plan to cover claims in excess of \$300,000 per participant per year. The City utilizes a third-party administrator to manage claims in accordance with state law.

Government Crime Policy

The City carries government crime insurance, including faithful performance/employee dishonesty, forgery or alteration, computer fraud, etc., in the amount of \$15 million, with a \$2,500 deductible.

Changes in the claims liability amounts were as follows:

	Beginning of Fiscal Year Liability		Current Year Claims and Changes in Estimates		Claim Payments		Balance at Fiscal Year End	
2017-2018 2018-2019	\$	2,331,191 2,214,818	\$	1,383,627 2,870,524	\$	(1,500,000) (2,277,967)	\$	2,214,818 2,807,375
2019-2020		2,807,375		1,016,150		(1,617,130)		2,206,395

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

B. General Information about the Pension Plans

Plan Description

The City contributes to the California Public Employees' Retirement System ("CalPERS"), a cost-sharing multiple-employer defined benefit pension plan. CalPERS provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. CalPERS acts as a common investment and administrative agent for participating public entities within the State of California. Benefit provisions and all other requirements are established by State statute and City ordinance. Copies of the CalPERS annual financial report may be obtained from their Executive Office located at 400 P Street, Sacramento, California 95814.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 10 - Pension Plans (Continued)

B. General Information about the Pension Plans (Continued)

Employees Covered by Benefit Terms

At June 30, 2019, measurement date, the following employees were covered by the benefit terms:

		Safety		
	Miscellaneous	PEPRA	Safety	PEPRA
Active employees	69	31	35	6
Transferred and terminated employees	55	6	36	1
Retired employees and beneficiaries	68_	<u> </u>	54_	
Total	192	37	125	7

Benefit Provided

CalPERS provide retirement and disability benefits, annual cost-of-living adjustments, and death benefits to plan members and beneficiaries. Classic and PEPRA Safety CalPERS member becomes eligible for service retirement upon attainment of age 55 with at least 5 years of credited service. PEPRA miscellaneous members become eligible for service retirement upon attainment of age 62 with at least 5 years of service. The service retirement benefit is a monthly allowance equal to the product of the benefit factor, years of service, and final compensation. The final compensation is the monthly average of the member's highest 36 full-time equivalent monthly pay.

Following are the benefit provisions for each plan:

		Miscellaneous		Safety
	Miscellaneous	PEPRA	Safety	PEPRA
Benefit formula	3.0% @ 60	2.0% @ 62	3.0% @ 50	2.7% @ 57
Benefit vesting schedule	5 years service	5 years service	5 years service	5 years service
Benefit payments	Monthly for life	Monthly for life	Monthly for life	Monthly for life
Retirement age	50-67	52-67	50-55	50-57
Monthly benefits, as a % of				
eligible compensation	3.0%	2.0%	3.0%	2.7%
Required employee contribution rate	8.000%	6.750%	9.000%	12.000%
Required employer contribution rate	14.398%	6.985%	21.927%	13.034%

Contributions

For the year ended June 30, 2020, the contributions recognized as part of pension expense for each Plan were as follows:

Miscellaneous	\$ 1,390,388
Safety	 1,838,564
	\$ 3,228,952

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 10 - Pension Plans (Continued)

C. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions

Proportionate Share of Net Pension Liability and Pension Expense

The following table shows the plan's proportionate share of the risk pool collective net pension liability over the measurement period:

	Plan Total		Pla	an Fiduciary	Net Pension		
	Pen	sion Liability	N	Net Position		Liability	
Miscellaneous							
Balance at: 6/30/18 (Valuation date)	\$	30,905,743	\$	24,200,404	\$	6,705,339	
Balance at: 6/30/19 (Measurement date)		34,063,851		26,625,712		7,438,139	
Net changes during 2018-2019	\$	3,158,108	\$	2,425,308	\$	732,800	
Safety							
Balance at: 6/30/18 (Valuation date)	\$	40,927,260	\$	30,849,182	\$	10,078,078	
Balance at: 6/30/19 (Measurement date)		44,277,751		33,508,508		10,769,243	
Net changes during 2018-2019	\$	3,350,491	\$	2,659,326	\$	691,165	

The City's net pension liability/(asset) for each Plan is measured as the proportionate share of the net pension liability/(asset). The net pension liability/(asset) of each of the Plans is measured as of June 30, 2019, and the total pension liability/(asset) for each Plan used to calculate the net pension liability/(asset) was determined by an actuarial valuation as of June 30, 2018 rolled forward to June 30, 2019 using standard update procedures. The City's proportion of the net pension liability/(asset) was based on a projection of the City's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. The City's proportionate share of the net pension liability/(asset) for each Plan as of June 30, 2018 and 2019 was as follows:

	Miscellaneous	Safety	Total
Proportion - June 30, 2018	0.17792%	0.17176%	0.34968%
Proportion - June 30, 2019	0.18574%	0.17251%	0.35825%
Change - Increase (Decrease)	0.00782%	0.00075%	0.00857%

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 10 - Pension Plans (Continued)

C. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Proportionate Share of Net Pension Liability and Pension Expense (Continued)

For the year ended June 30, 2020, the City recognized pension expense of \$2,139,876 and \$2,563,438, for the Miscellaneous and Safety plans, respectively. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Miscellaneous Plans	S			
	Defe	rred Outflows	Defe	red Inflows
	of	Resources	of R	Resources
Pension contributions made subsequent to measurement date	\$	1,390,388	\$	-
Difference between projected and actual earning on				
pension plan investments		-		130,042
Adjustment due to differences in proportions		383,746		-
Changes in assumptions		228,952		-

Note 10 - Pension Plans (Continued)

C. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Actuarial Assumptions

The total pension liabilities in the June 30, 2018 actuarial valuations were determined using the following actuarial assumptions:

Valuation Date

Measurement Date

Actuarial Cost Method

Asset Valuation Method

June 30, 2018

June 30, 2019

Entry Age Normal

Market Value of Assets

Actuarial Assumptions:

Discount Rate 7.15% Inflation 2.50%

Salary Increases Varies by Entry Age and Service

Mortality Rate Table (1) Derived using CALPERS' membership data for all Funds
Post Retirement Benefit The lesser of contract COLA or 2.50% until purchasing power protection allowance floor on purchasing power applies,

2.50% thereafter

(1) The mortality table used was developed based on CalPERS' specific data. The probabilities of mortality are based on the 2017 CalPERS Experience Study for the period from 1997 to 2015. Preretirement and Post-retirement mortality rates include 15 years of projected mortality improvements 90% of scale MP 2016 published by the Society of Actuaries. For more details on this table, please refer to the CalPERS Experience Study and Review of Actuarial Assumptions report from December 2017 that can be found on the CalPERS website.

All other actuarial assumptions used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period from 1997 to 2015, including updates to salary increase, mortality and retirement rates. The Experience Study report can be obtained at CalPERS' website, at www.calpers.ca.gov.

Long term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 10 - Pension Plans (Continued)

C. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Long term Expected Rate of Return (Continued)

The expected real rates of return by asset class are as follows:

	New Strategic	Real Return Years	Real Return Years
Asset Class ¹	Allocation	1 - 10 ²	11 + ³
Global equity	50.00%	4.80%	5.98%
Global fixed income	28.00%	1.00%	2.62%
Inflation sensitive assets	0.00%	0.77%	1.81%
Private equity	8.00%	6.30%	7.23%
Real assets	13.00%	3.75%	4.93%
Liquidity	1.00%	0.00%	-0.92%
Total	100%		

¹ In the System's CAFR, fixed income is included in global debt securities; liquidity is included in short-term investments; inflation assets are included in both global equity securities and global debt securities.

Change of Assumptions

There were no changes in assumptions.

Discount Rate

The discount rate used to measure the total pension liability for PERF C was 7.15%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on those assumptions, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability

² An expected inflation of 2.0% used for this period

³ An expected inflation of 2.92% used for this period

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 10 - Pension Plans (Continued)

C. Pension Liabilities, Pension Expenses and Deferred Outflows/Inflows of Resources Related to Pensions (Continued)

Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following presents the City's proportionate share of the net position liability for the Plan, calculated using the discount rate for each Plan, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

Plan's Net Pension Li	iability/(Asset)
-----------------------	------------------

	1 1411 0 11011 011011011 =141011119, (1 5001)

Pension Plan Fiduciary Net Position

Information about the pension plan's assets, deferred outflows of resources, liabilities, deferred inflows of resources, and fiduciary net position are presented in CalPERS' audited financial statements, which are publicly available reports that can be obtained at CalPERS' website, at www.calpers.ca.gov. The plan's fiduciary net position and additions to/deductions from the plan's fiduciary net position have been determined on the same basis used by the pension plan, which is the economic resources measurement focus and the accrual basis of accounting. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value.

The plan fiduciary net position disclosed in the GASB 68 accounting valuation report may differ from the plan assets reported in the funding actuarial valuation report due to several reasons. First, for the accounting valuations, CalPERS must keep items such as deficiency reserves, fiduciary self-insurance and Other Post-Employment Benefits (OPEB) expense included as assets. These amounts are excluded for rate setting purposes in the funding actuarial valuation. In addition, differences may result from early Comprehensive Annual Financial Report closing and final reconciled reserves.

D. Payable to the Pension Plan

The City had no outstanding amounts owed to the pension plan for contributions for the year ended June 30, 2020.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 11 - Other Required Disclosures

A. Expenditures Exceeding Appropriations

For the year ended June 30, 2020, expenditures exceeded appropriations in the following functions of the General Fund:

			Excess
Fund	Function	Ex	penditures
General Fund	General Government	\$	(562,577)
General Fund	Debt Service		(300,000)
Development Impact Fees	Public Works		(401,272)

The budget was established in a manner different than the reporting, and though certain line items were over the departments were within total budget appropriation. Future budgets will consider all reporting elements for proper alignment.

B. Net Position

Governmental Activities

Net Investment in Capital Assets

Net position for governmental activities and business-type activities is classified as 1) net investment in capital assets, 2) restricted, or 3) unrestricted. Net position that was classified as net investment in capital assets as of June 30, 2020, was determined as follows:

	Governmental Activities		
Capital assets, net of accumulated depreciation	\$	277,080,762	
Less capital related debt balance: Outstanding principal balance of capital lease		(251,240)	
Outstanding principal balance of Beaumont Public Financing Authority debt Net investment in capital assets	 \$	(84,839,620) 191,989,902	

Business-type Activities

	Sewer Fund	Transit Fund	Total Enterprise Funds		
Capital assets, net of accumulated depreciation	\$ 198,983,418	\$ 2,242,303	\$ 201,225,721		
Plus (less) capital related debt balance:					
Unspent proceeds	25,302,698	-	25,302,698		
Outstanding principal balance of 2018 Wastewater Revenue Bonds	(80, 105, 000)	-	(80,105,000)		
Outstanding unamortized bond premium balance	(8,495,497)	=	(8,495,497)		
Outstanding balance of capital lease	(183,671)		(183,671)		
Net investment in capital assets	\$ 135,501,948	\$ 2,242,303	\$ 137,744,251		

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 13 - Commitments and Contingencies

A. Litigation

The City is a defendant in a number of lawsuits and a recipient of a number of claims that have arisen in the normal course of business. While substantial damages are alleged in some of these actions, their outcome cannot be predicted with certainty.

B. Grants

Amounts received or receivable from granting agencies are subject to audit and adjustment by grantor agencies. While no matters of non-compliance were disclosed by the audit of the financial statements or single audit of the Federal grant programs, grantor agencies may subject grant programs to additional compliance tests, which may result in disallowed costs. In the opinion of management, future disallowances of current or prior grant expenditures, if any, would not have a material adverse effect on the financial position of the City.

C. Construction Commitments

Various construction projects in all fund types were in progress at June 30, 2020 with a planned cost to complete of approximately \$111,302,069.

D. WRCOG Restated Settlement Agreement

In May 2017, the City and Western Riverside Council of Governments ("WRCOG") entered into an Amended and Restated Settlement Agreement and Release (the "WRCOG Settlement"), which resolved the approximately \$62 million judgment WR COG had obtained against the City. Under the terms of the WR COG Settlement, the City and WR COG agreed that the City would rejoin WRCOG and adopt the WR COG TUMF ordinance. Since the settlement, the City rejoined WRCOG and the TUMF program and as a result, and pursuant to the WRCOG Settlement, the City is now eligible to receive Measure A revenues from the Riverside County Transportation Commission (RCTC) based on the following schedule:

Period	WRCOG*	City
Approval Date thru 5th Anniversary of Approval	0%	100%
Second five year period	25%	75%
Third five year period	40%	60%
Fourth five year period	60%	40%
End of fourth five year period through June 2039	75%	25%

^{*}WRCOG's share of Measure A revenues shall not exceed a total of \$9,400,000

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

Note 13 - Commitments and Contingencies (Continued)

D. WRCOG Restated Settlement Agreement (Continued)

In October 2017, the City segregated \$3,000,000, designated for funding Pennsylvania Avenue improvements in accordance with the agreement. The City agreed to complete needed transportation improvements as follows:

Improvement	Est	imated Cost	Completion Deadline
Oak Valley Parkway, Segments 3, 4, and 15	\$	1,200,000	By January 1, 2022
Pennsylvania Avenue		3,800,000	None

The City also agreed to assign Third Party Claims to WRCOG to diligently pursue civil lawsuits and through requests/applications for restitution in the criminal actions pending against Third Parties. Recovery related to Third Party Claims would be shared on the following schedule:

Recovery Amount	WRCOG_	City**
First \$9,000,000	100%	0%
\$9,000,001 - \$12,000,000	85%	15%
\$12,000,001 - \$18,000,000	65%	35%
\$18,000,001 and above	50%	50%

^{**}City guarantees \$7,000,000 recovery to WRCOG and will pay 50% of the legal fees not to exceed \$1,000,000

The settlement agreement stipulates that if Third Party Claims have not produced recoveries of at least \$8,000,000 by July 2, 2022, the City will begin making payments to WRCOG in 20 equal annual installments beginning August 1, 2022. Any subsequent recoveries would adjust the annual installments as necessary. As of June 30, 2020, recoveries are approximately \$14 million. The City continues to share in recoveries at the 35% rate until recoveries total \$18 million at which time the City will begin collecting 50% of any recoveries. The City now shares in recoveries based on the settlement agreement; therefore, a liability has not been accrued.

Additionally, in October 2017, two of the seven criminal cases were resolved with guilty pleas with a restitution payment due to the City of \$3,000,000. In December 2017, four more of the seven criminal cases were resolved with guilty pleas and restitution payments due of another \$8,000,000. The last case was settled in September 2018 with a guilty plea.

WRCOG has released and discharged the City from the WROCG judgment and Attorneys' Fee Award and interest, which collectively exceeded \$62 million. WRCOG and the City also agreed that the litigation, judgment and pending appeals would be dismissed thereby ending the litigation between WRCOG and the City.

Notes to the Basic Financial Statements (Continued) For the Year Ended June 30, 2020

E. Covid-19 Considerations

On March 11, 2020, the World Health Organization declared the novel strain of coronavirus (COVID-19) a global pandemic and recommended containment and mitigation measures worldwide. The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses and shelter in place orders for all but those deemed essential services. While the business disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the closings and shelter in place orders. As a result, the outbreak has caused uncertainty in the financial markets. Although the City's services are considered essential, the City's office was closed to the public, certain other services transitioned to online-only and because the City's major revenue sources are directly impacted by these events, it is possible that this matter will negatively impact the City. However, the ultimate financial impact and duration cannot be estimated at this time and no adjustments have been made to these financial statements as a result of this uncertainty.

Note 14 - Subsequent Events

A. Bond Issuance

2020 CFD Special Tax Bonds, Community Facilities District No. 2019-1

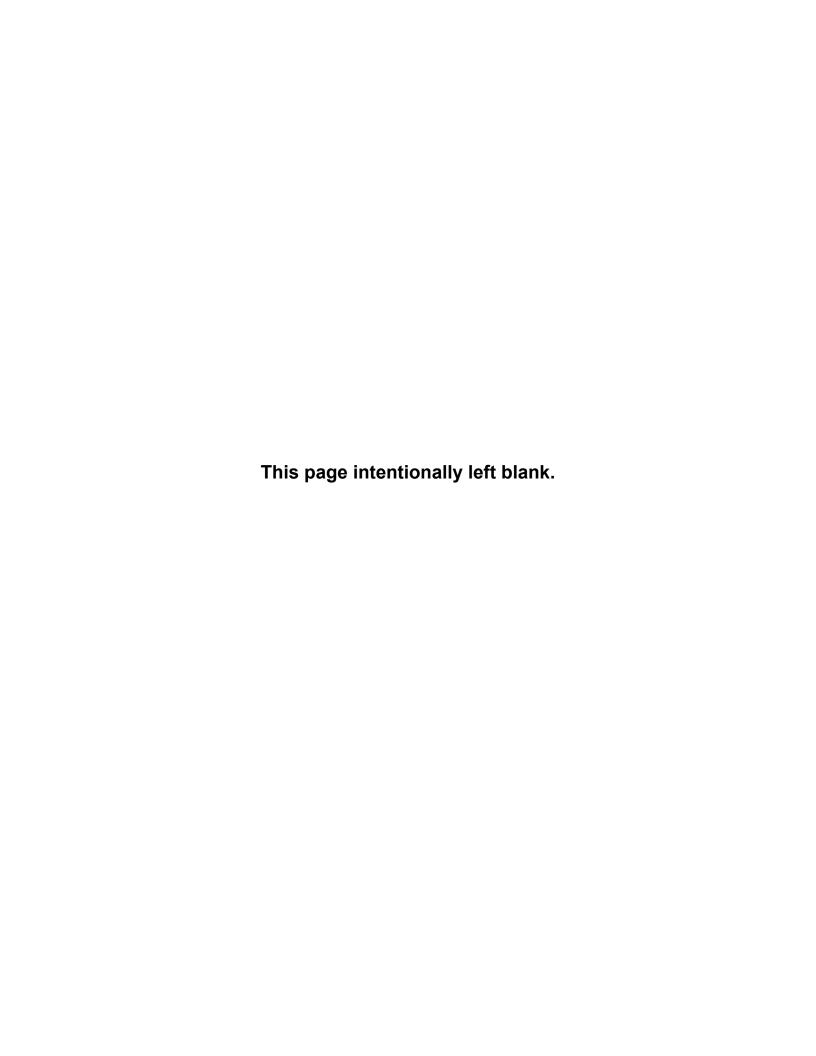

On September 1, 2020, the City authorized the issuance of CFD special tax bonds (CFD 2019-1) in the amount of \$2,355,000 to finance a portion of the costs of acquiring and constructing certain public infrastructure improvements necessary for development of property within the specific improvement area. Interest on the bonds is payable semi-annually on March 1 and September 1 of each year through September 2050, beginning on March 1, 2020. The bonds bear interest ranging from 3% to 4%. Principal payments are due annually beginning on September 1, 2021. The notes are secured by a first pledge of the special tax revenues and funds on deposit in the Bond Fund, Reserve Fund, and Special Tax Fund. The City is not liable for repayment of the special tax bonds and these debts do not constitute an obligation of the City.

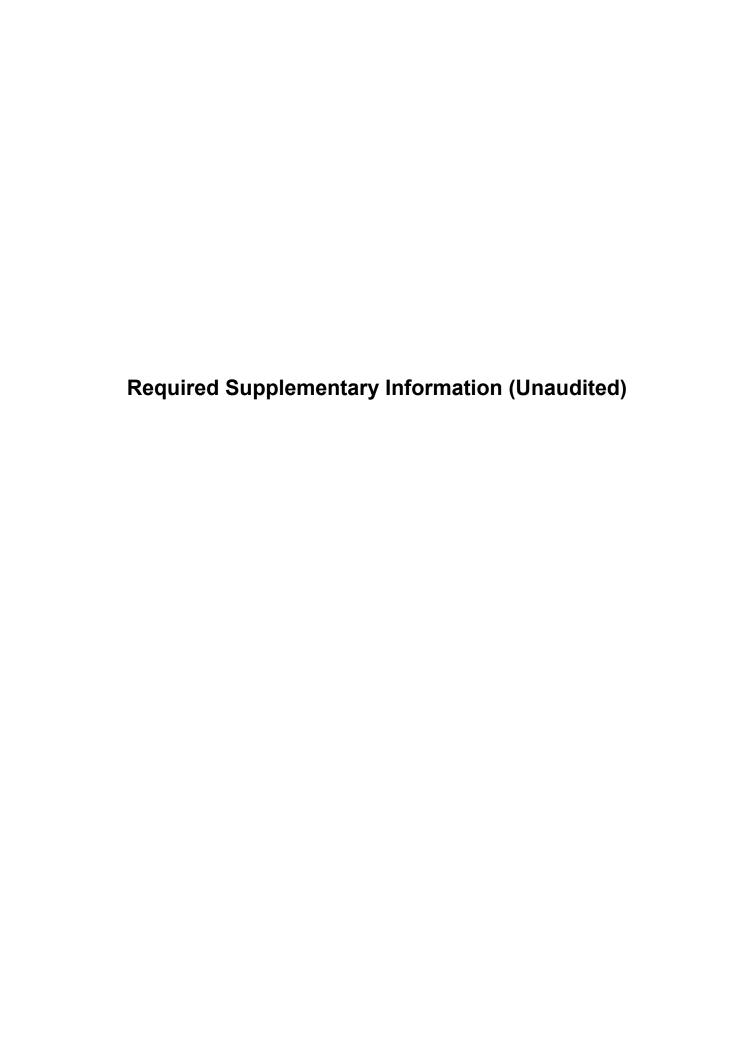

B. Refunding

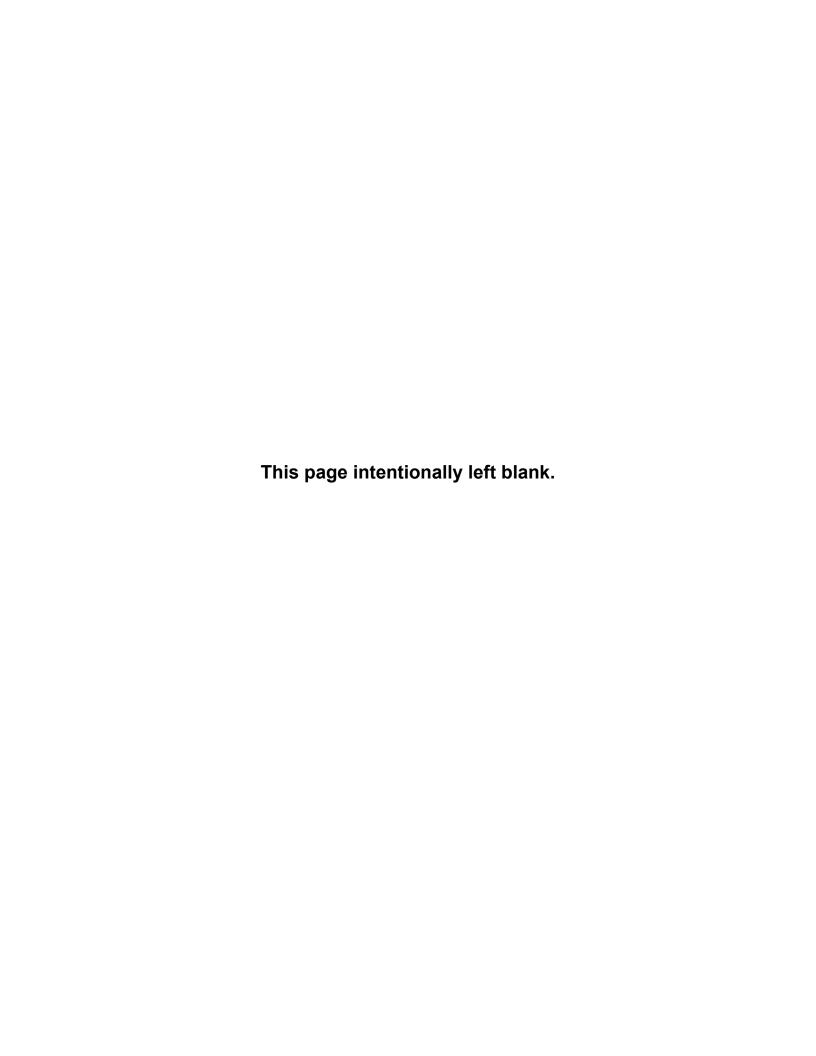

On July 30, 2020, the BFA completed two (2) refunding transactions through the Beaumont Public Improvement Authority for the following community facility district bond issues:

	(City cash			ı	Refunded
Bond issue		pledge	Or	iginal issue		bonds
Special Tax Bond, 2012 Series A, Improvement Area 8C	\$	914,446	\$	5,650,000	\$	5,660,000
Special Tax Bond, 2011 Series A & B, Improvement Area 17B		1,879,511		12,145,000		11,540,000

These transactions were completed with no extension of defeasement dates, no cash out options, and restructured repayment schedules to remove annual escalators where savings could be realized.

Budgetary InformationFor the Year Ended June 30, 2020

Note 1 – Budgetary Information

The City Council approves each year's budget submitted by the City Manager prior to the beginning of the new fiscal year. Public hearings are conducted prior to its adoption by the Council. All supplementary appropriations, where required during the period, are also approved by the Council. Intradepartmental budget transfers are approved by the City Manager. In most cases, expenditures may not exceed appropriations at the departmental level within the General Fund and at the fund level for other major special revenue funds. At fiscal year-end, all operating budget appropriations lapse.

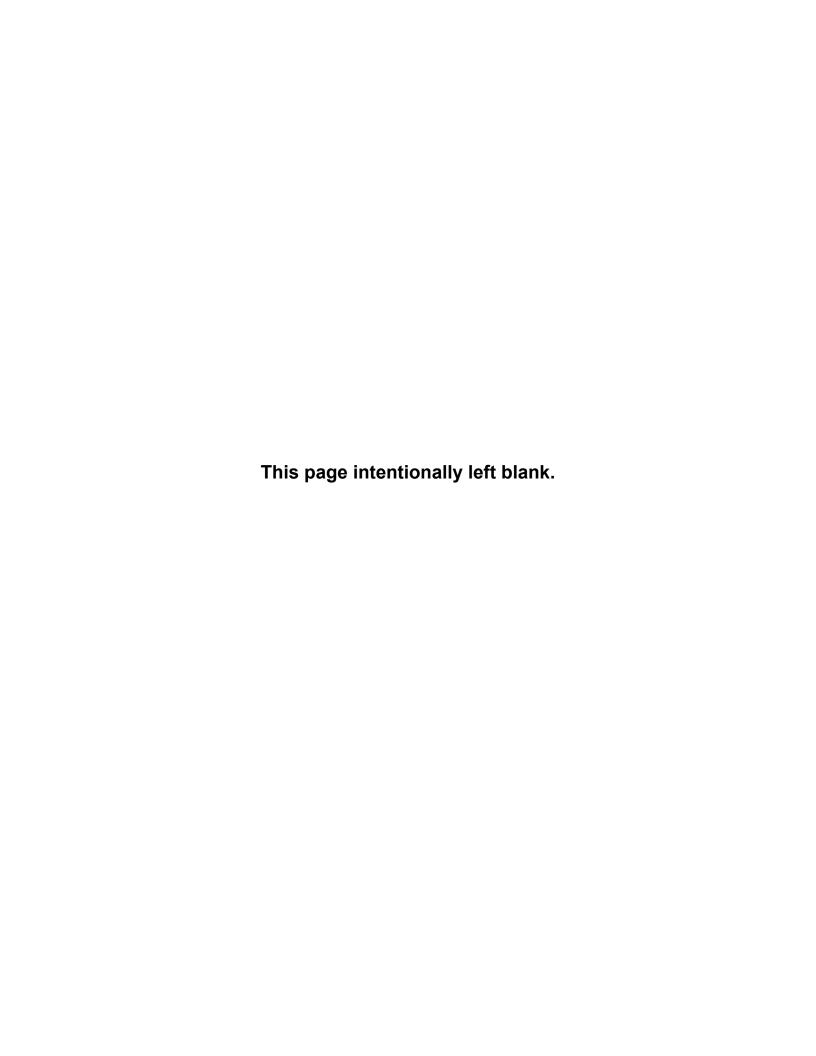

Budgets for governmental funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

^{*} Measurement date 6/30/2014 (fiscal year 2015) was the first year of implementation.

Notes to Schedule:

Change in Benefit Terms: None

Change in Assumptions: There were no changes in assumptions in 2019. In 2018, demographic assumptions and inflation rate were changed in accordance to the CalPERS Experience Study and Review of Actuarial Assumptions December 2017; there were no changes in the discount rate. In 2017, the accounting discount rate was reduced from 7.65 percent to 7.15. In 2016, there were no changes. In 2015, amounts reported reflected an adjustment of the discount rate from 7.5 percent (net of administrative expense) to 7.65 percent (without a reduction for pension plan administrative expense). In 2014, amounts reported were based on the 7.5 percent discount rate.

¹Employers are assumed to make contributions equal to the actuarially determined contributions. However, some employers may choose to make additional contributions towards their unfunded liability. Employer contributions for such plans exceed the actuarially determined contributions.

Schedule of Pension Plan Contributions (Continued) Last Ten Years For the Year Ended June 30, 2020
