This subsection shall not invalidate any conditional use permit for an operating facility but shall be complied with prior to issuance of a building permit for all projects for which no building permit has been issued upon the effective date of this provision.
- H. *Imposition of Conditions of Approval.* The following provisions shall apply with respect to the imposition of conditions of approval:
1. In granting a conditional use permit, the Planning Commission may impose such conditions as it deems necessary to ensure that the public health, safety, and general welfare are protected and that the proposed operation is not a detriment to the community.
 2. All conditions shall be binding upon the applicant, heirs, successors, or assignees and shall restrict the construction, location, maintenance, and use of all land within the development.
 3. A deed restriction may be recorded with the County Recorder of Riverside County, as approved by the City Attorney, regarding the conditions of this section and other requirements of the conditional use permit.
- I. *Conditional Use Permit, Attachment, Suspension, and Revocation.* A conditional use permit that is valid and in effect and granted pursuant to the provisions of this Title 17 shall be valid only on the property for which it was granted and shall continue to be valid upon change of ownership of the property or any lawfully existing building or structure on the property. The Community Development Director shall have the authority to initiate proceedings to suspend or revoke a conditional use permit pursuant to provisions set forth in Section 17.02.61.
- J. *Conditional Use Permit Time Limits.* The grantee of a conditional use permit shall have one year from the effective date of the permit to establish a right to use the permit; otherwise, the conditional use permit shall lapse and become void. For the purposes of this section, such a right shall be established if either:
1. A building permit has been issued and construction commenced and diligently pursued toward completion on the site for which the conditional use permit was approved; or
 2. In the event no building permit is required, a certificate of occupancy has been issued for the structure for which the conditional use permit was approved; or
 3. In the event no building permit or occupancy is required, the site for which the conditional use permit was approved is occupied and used for the permitted purpose; or
 4. Prior to the date on which the conditional use permit will elapse, the grantee files an application to renew the permit pursuant to subsection K below.
- K. *Conditional Use Permit Lapse in Time.* A conditional use permit subject to lapse may be renewed up to an additional one-year period, provided that the application for renewal is filed with the Planning Department prior to the expiration date. A public hearing before the Planning Commission shall be required.

-
- L. *Conditional Use Permit Renewal.* The Planning Commission may grant or deny an application for renewal of a conditional use permit. As part of its action, the Commission may also modify existing conditions of approval or add new conditions to reflect any change in circumstances related to the conditional use permit and surrounding properties.
 - M. *Lapsing in Conditional Use Permit.* If any conditional use permit fails to be actively exercised for a continuous 180-day period, the permit shall lapse and become void.

(Ord. No. 1128 , § 2(Exh. B), 12-1-2020)

17.02.110 Variances.

The variance procedure is provided pursuant to Section 65906 of the California Government Code to grant relief from zoning provisions when, because of special circumstances applicable to a property, including size, shape, topography, location, or surroundings, the strict application of this Zoning Ordinance deprives such property of privileges enjoyed by other property in the vicinity and under the identical zoning classification.

- A. *Limitations in Variances.* Variances shall not be granted to authorize a use or activity on a property that is not otherwise expressly authorized by the provisions of this Zoning Ordinance governing that property. A variance is not a substitute for a zone change, zone text amendment, or conditional use permit. Financial hardship in and of itself does not represent grounds on which to file a variance application to gain relief from zoning provisions.
- B. *Providing Proof of Vested Interest.* Any person who is able to demonstrate a legal vested interest in the proposed application may initiate an application for a variance. The authorized agent of any person with a legal vested interest may also initiate an application. The Community Development Director may request proof of ownership or authorization to apply prior to the acceptance of any application.
- C. *Notice of Public Hearing.* An application shall be filed pursuant to the provisions of Section 17.02.051.
- D. *Filing of Application.* In addition to the application filing requirements established in this Zoning Ordinance, the applicant shall file a statement of the precise nature of the variance requested and the practical difficulty or unnecessary physical hardship that would result from the strict or literal interpretation of this ordinance, together with any other data pertinent to the application and the making of requisite findings (Section 17.02.040).
- E. *Review of Application by Community Development Director.* The Community Development Director shall investigate the application and proposal, including the analysis of precedent cases as appropriate, and shall prepare a report outlining facts and a recommendation relating to the application. The report shall be provided to the Planning Commission and the applicant prior to any scheduled public hearing on the application.
- F. *Public Hearing.* A public hearing before the Planning Commission shall be noticed and conducted pursuant to the provisions of this Zoning Ordinance (Section 17.02.051). At the public hearing, the Planning Commission shall review the application and proposal and receive evidence concerning the proposed variance and the conditions which make compliance with specific provisions of this ordinance difficult.
- G. *Planning Commission Action.* The Planning Commission shall act to approve, conditionally approve, or deny the application. The decision of the Planning Commission shall become effective immediately upon its rendering, unless an appeal is filed pursuant to the provisions of Section 17.02.060 (Appeals and Revocations).
- H. *Findings of Approval.* In granting a variance, the Planning Commission must make all of the following findings:

Created: 2022-05-02 10:29:16 [EST]

(Supp. No. 6, Update 2)

-
1. That the strict or literal interpretation and application of this Zoning Ordinance would result in practical difficulties or unnecessary hardships inconsistent with the general purpose and intent of this Zoning Ordinance, or would deprive applicants of privileges granted to others in similar circumstances; and
 2. That there are exceptional or extraordinary circumstances or conditions applicable to the property involved or the intended development of the property that do not apply generally to other property in the same zone; and
 3. That the granting of such variance will not constitute the granting of a special privilege inconsistent with the limitations on other properties in the vicinity classified in the same zone; and
 4. That the granting of such variance will not be materially detrimental to the public health, safety, or general welfare nor injurious to property or improvements in the zone or neighborhood in which the property is located; and
 5. That the granting of such variance will not create any inconsistency with any objective contained in the General Plan.
- I. *Imposition of Conditions of Approval.* A variance that is valid and in effect and granted pursuant to the provisions of this Zoning Ordinance shall be valid only on the property for which it was granted and only for the improvements for which it is granted and further, shall continue to be valid upon change of ownership of the property or any lawfully existing building or structure on the property.
- J. *Conditions of Approval will be Binding.* The Community Development Director shall have the authority to initiate proceedings to suspend or revoke a variance pursuant to provisions set forth in Section 17.02.61.
- K. *Time Limits.* The grantee of a Variance shall have one year from the effective date of the approval to establish a right to use the approval; otherwise, the variance shall lapse and become void. For the purposes of this section, such a right shall be established if either:
1. A building permit has been issued and construction commenced and diligently pursued toward completion on the site for which the variance was approved; or
 2. In the event no building permit is required, a certificate of occupancy has been issued for the structure for which the variance was approved; or
 3. In the event no building permit or occupancy is required, the site for which the variance was approved is occupied; or
 4. Prior to the date on which the variance will elapse, the grantee files an application to renew the permit pursuant to subsection L below.
- L. A variance subject to lapse may be renewed up to an additional one-year period, provided that the application for renewal is filed with the Planning Department prior to the expiration date.
- M. The Planning Commission may approve or deny an application for renewal of a variance. As part of its action, the Commission may also modify existing conditions of approval or add new conditions to reflect any change in circumstances related to the variance and surrounding properties.

(Ord. No. 1128 , § 2(Exh. B), 12-1-2020)

17.02.120 Modification of standards.

The modification of standards procedure is established to grant minor relief from development standards, under limited circumstances, when the granting of such relief will provide for better design and function of the structure, or addition to a structure, proposed.

- A. *Use of Modification of Standards.* An application for the purposes of this Section, a modification of standards application shall be filed whenever any one of the following deviations from the provisions of this Title 17 is proposed:
 - 1. A decrease of not more than 20 percent of the minimum required setback area.
 - 2. An increase of not more than ten percent of the maximum permitted building height.
 - 3. Any deviation in the permitted maximum height or location of a fence or wall.
 - 4. An increase of not more than ten percent of the maximum permitted lot coverage.
 - 5. A decrease of not more than 20 percent of the minimum usable open space requirement.
 - 6. Any deviation in the applicable development standards of not more than 20 percent to allow for improved productivity of solar energy systems.
 - 7. A decrease of not more than 20 percent of the minimum number of required parking spaces.
 - a. If a fractional number is obtained with this calculation, the number of parking spaces that may be reduced shall be rounded up to the next highest whole number, except that the parking requirement shall not be reduced to zero (e.g., if two to four parking spaces are required, a minor modification approval could reduce the requirement by one parking space).
 - 8. Modifications in excess of those cited in subparagraph 1 through 7 above shall require a variance.
- B. *Modification of Standards, Initiation.* Any person who is able to demonstrate a legal vested interest in the proposed application may initiate an application for a modification of standards. The authorized agent of any person with a legal vested interest may also initiate an application. The Community Development Director may request proof of ownership or authorization to apply prior to the acceptance of any application. In addition to the application filing requirements, the applicant shall file a statement of the precise nature of the modification of standards requested and reasons for the request.
- C. *Community Development Director Investigation.* The Community Development Director or the designee shall investigate the application and proposal, including the analysis of precedent cases as appropriate, and shall prepare a report outlining facts and a recommendation relating to the application. The Community Development Director may request written statements from adjoining property owners who may be affected by the proposed application.
- D. *Community Development Director Action.* Based on the investigation undertaken pursuant to C above, the Director or designee shall act to approve, approve with conditions, or deny the modification of standards application. In granting a modification of standards, the Director or designee shall make findings of fact that establish the circumstances appropriate for the approval. Action on a modification of standards application shall be taken within ten days of the date the application is deemed complete.
- E. *Modification of Standards Findings.* An application shall not be granted unless all of the following findings can be made:
 - 1. A modification is needed to allow property to be used in a more beneficial manner; and

-
2. A modification would not be detrimental to public health, safety, or general welfare or to surrounding property owners or the community; and
 3. The granting the modification would not grant special privileges to the applicant not enjoyed by surrounding property owners; and
 4. There are physical circumstances due to the shape or condition of the property which would result in hardship under existing regulations; and
 5. The purpose of modification is not based exclusively on the financial advantage of the owner; and
 6. The alleged difficulties were not created by the owner; and
 7. The modification would not diminish property values in the area;
 8. The modification would not increase traffic or endanger public safety; and,
 9. The modification would not have detrimental effects on adjoining properties.
- F. *Modification of Standards, Attachment, Revocation, and Suspension.* A modification of standards that is valid and in effect and granted pursuant to the provisions of this Zoning Ordinance shall be valid only on the property for which it was granted and only for the improvements for which it is granted and further, shall continue to be valid upon change of ownership of the property or any lawfully existing building or structure on the property. The Community Development Director shall have the authority to initiate proceedings to suspend or revoke a modification of standards pursuant to provisions set forth in Section 17.02.61.
- G. *Modification of Standards, Time Limits.* The grantee of a modification of standards shall have one year from the effective date of the approval to establish a right to use the approval; otherwise, the approval shall lapse and shall become void. For the purposes of this section, such a right shall be established if either:
1. A building permit has been issued and construction commenced and diligently pursued toward completion on the site for which the modification of standards was approved; or
 2. In the event no building permit is required, a certificate of occupancy has been issued for the structure for which the modification of standards was approved; or
 3. In the event no building permit or occupancy is required, the site for which the modification of standard was approved is occupied; or
 4. Prior to the date on which the modification of standards will elapse, the grantee files an application to renew the permit pursuant to subsection 5 below.
 5. A modification of standards approval subject to lapse may be renewed for an additional one-year period, provided that the application for renewal is filed with the Planning Department prior to the expiration date.
- H. *Approval or Denial of Application.* The Community Development Director may approve or deny an application for renewal of a modification of standards. As part of the action, the Director may also modify existing conditions of approval or add new conditions to reflect any change in circumstances related to the modification of standards and surrounding properties.

(Ord. No. 1128 , § 2(Exh. B), 12-1-2020)

17.02.125 Certificates of appropriateness.

This purpose of this section is to provide various levels of historic protection and review and to preserve existing elements of historic resources in the City. The City's intent is to be lenient in its review of plans for structures which have little or no historic value, or of plans for new construction, unless such plans would impair the historic value of surrounding structures. The establishment of a certificate of appropriateness is intended to protect structures of historic significance including areas of architectural, cultural, historic, economic, political, and social importance from the adverse effects of any alteration, demolition, or removal.

A. *Applicability.*

1. A certificate of appropriateness is required for the exterior alteration, demolition, removal, or relocation of any historic resource or potential historic resource. A historic resource includes:
 - a. A resource identified in a City-approved historic or cultural resources study;
 - b. A structure over 50 years old; and/or
 - c. A structure potentially eligible for registration on a local, state, or national register.
2. The following activities do not require approval of a certificate of appropriateness:
 - a. Painting, routine maintenance, or minor repair, as determined by the Director to be consistent with existing colors and materials and not to have an adverse effect on the integrity of the historic resource. Such work includes:
 1. Alterations to the interior of the structure that do not have the possibility of adversely affecting the integrity of the historic resource;
 2. Repairing pavement or repaving flat concrete work that is not considered a character-defining feature of the historic resource;
 3. Landscaping, unless the landscaping is considered a character-defining feature of the historic resource;
 4. Construction, repair, demolition, or alterations to other structures on the property not determined to qualify as a historic resource;
 5. Re-glazing windows;
 6. Replacement of incompatible windows or doors with more historically appropriate windows or doors;
 7. In-kind replacement of windows and doors on side and rear façades not readily visible from the public right-of-way;
 8. Minor changes to front and street side fences;
 9. Construction, repair, demolition, or alterations to side and rear yard fences;
 10. Roofing work, if there is minimal change in roof structure and exterior appearance;
 11. Foundation work, if there is minimal change in exterior appearance; and/or
 12. Repair of exterior siding, if consistent in material, size, and orientation to existing or proven historic siding.

B. *Review Procedure.*

-
1. *Community Development Director review.* Minor modifications that do not involve new construction, additions to existing structures, or demolition of existing structures shall be subject to review and approval or denial by the Director.
 2. *Planning Commission review.* All other modifications that do not meet the criteria for Director review as specified above shall be subject to review and approval or denial by the Commission. The Commission shall conduct a public hearing on the request in compliance with Section 17.02.053 (Public hearing, procedures).
 3. *Notice.* Noticing for a certificate of appropriateness shall be provided in compliance with Section 17.02.051 (Public hearings, noticing); however, the notice for a certificate of appropriateness subject to Director review shall state the following:
 - a. The Director will decide whether to approve or deny the certificate of appropriateness on a date specified in the notice; and
 - b. A public hearing will be held by the Director only if requested in writing by any interested person before the specified date for the decision.
 4. *Community Development Director public hearing.* If a public hearing is requested in writing for a certificate of appropriateness application subject to Director review, the Director shall schedule the hearing which shall be noticed and conducted in compliance with Chapter 17.02.053 (Public hearing, procedures). If no public hearing is requested, the Director shall render a decision on the date specified in the public notice.
- C. *Findings of Approval.* The review authority shall approve, with or without conditions, a certificate of appropriateness only after the following findings are made:
1. Either, (a) the proposed work will neither adversely affect the significant features or character of a historic resource, or (b) a statement of overriding considerations has been adopted by the review authority finding that the benefits of the proposed work outweigh the impact on historic resources; and
 2. The proposed project is consistent with the General Plan and any applicable specific plan.
- D. *Unsafe or Dangerous Conditions.* None of the provisions of this section shall be construed to prevent any alteration or demolition necessary to correct the unsafe or dangerous conditions of any structure, feature, or part thereof, when such condition has been declared unsafe or dangerous by the Building Official or the Fire Chief and where the proposed measures have been declared necessary by such official to correct such conditions. Work shall be performed in compliance with the current adopted version of the Uniform Code for the Abatement of Dangerous Buildings. However, only such work as is necessary to correct the unsafe or dangerous condition may be performed without compliance with this section.

17.02.130 Enforcement.

This section outlines the procedures to ensure that the provisions of this Title are enforced.

- A. *Special Prosecutor Responsibilities.* The Special Prosecutor, upon the request of the City Council, shall institute any necessary legal proceedings to enforce this Zoning Ordinance (Title 17). The Special Prosecutor shall be authorized, in addition to any other remedy provided in this Zoning Ordinance to institute an action for an injunction to restrain or any other appropriate action or proceedings for enforcement.

-
- B. *Clarification of Ambiguity.* If ambiguity arises concerning the appropriate classification of a particular use within the meaning and intent of this Zoning Ordinance, or if ambiguity exists with respect to matters of height, yard requirements, area requirements, or zone boundaries as set forth herein, it shall be the duty of the Community Development Director to ascertain all pertinent facts, and to set forth in writing the findings and the interpretations. The Director can refer the matter to the Planning Commission as a scheduled matter not requiring public hearing, and the findings and interpretations of the Planning Commission shall be set forth in the recorded minutes. Thereafter, such interpretations shall govern.
 - C. *Enforcement and Penalty for Violation.* The Planning Commission, the Community Development Director, the City Attorney, the City Clerk, and all officials charged with the issuance of licenses or permits shall enforce the provisions of this Zoning Ordinance. Any permit, certificate, or license issued in conflict with the provisions of this Zoning Ordinance shall be void.
 - D. *Actions Deemed a Nuisance.* Any building or structure erected or maintained, or any use of property contrary to the provisions of this Zoning Ordinance shall be declared to be unlawful and a public nuisance, subject to abatement pursuant to the City of Beaumont Municipal Code.
 - E. *Remedies.* All remedies concerning this Zoning Ordinance shall be cumulative and not exclusive. Conviction and punishment of any person hereunder shall not relieve such persons from the responsibility of correcting prohibited conditions or removing prohibited buildings, structures, or improvements, and shall not prevent the enforced correction or removal thereof.
