STAFF COMMUNICATION

FOR MEETING OF	4/10/2025
CITY COUNCIL	
INFORMATION ONLY	

SUMMARY: PUD-25-01 An Amendment to the Tierra Verde PUD, that amends the allowed density of units, minimum setbacks, height and area regulations, parking, and landscape requirements.

General Location: The subject property is generally located between 45th and 49th, on Tierra Lakes Pkwy and West of Webb Road and is currently platted as Lot 1, Block 2, Tierra Verde South Addition.

Background:

The city placed notification on the City of Bel Aire's website as required by city code. The affidavit of publication is provided. The PUD process required notification of surrounding property owners. Publication notification was made on March 20, 2025, to all known property owners as of January 21, 2025.

Lot 1, Block 2, Tierra Verde South Addition was originally platted September 21, 2009.

Case History:

1. Planning Commission Meeting: May 11, 2023

PUD-23-02- Proposed document changes within the current PUD to allow single family, duplex, and multi-family. R-5 and R-6 zoning districts Tierra Verde South Addition PUD; doesn't have a re-platting changes at this time.

The Planning Commission recommended approval to amend the Tierra Verde South Addition PUD to include R-5 and R-6 multi-family zoning with the condition that R-6 not be allowed in Lot 3. The original C-1 designation would also remain to encourage development of the property.

The applicant wanted to allow R-6 Zoning uses to provide more options for development. The land has sat relatively vacant for a long time and the ability to do some mixed use will benefit with the ability for variety. At that time, there was no specific use for the properties.

2. City Council Meeting: June 20, 2023

PUD-23-02 was on the agenda with an Amended PUD Agreement. Council approved the Planning Commission's recommendation to amend the Tierra Verde South Addition PUD Agreement to include R-5 and R-6 multi-family zoning with the condition that R-6 not be allowed in Lot 3 and authorize signatures. The amended PUD Agreement was signed June 20, 2023, and filed with the Register of Deeds on July 26, 2023.

3. Planning Commission Meeting: January 11, 2024

PUD-23-04 (Formally PUD-23-02) Proposed document changes within the current PUD to allow single family, duplex, and multi-family. R-5 and R-6 zoning districts Tierra Verde South Addition PUD; doesn't have re-platting changes at this time. The case was advertised.

The case had been approved by the Planning Commission and nothing about the design, site plan or anything regarding those facts has changed. The only change was that the original application only had one owner's signature and in this case there are two owners requiring both signatures. In addition, it was agreed that apartments would not be placed on Reserve A, Block 2 which is excluded from R-6 uses.

Planning Commission approved the case.

Amended Planned Unit Development Agreement, dated December 13, 2023, was part of the agenda packet.

The PUD agreement was updated and dated January 12, 2024.

4. City Council Meeting- February 20, 2024

PUD-23-04- Ordinance 716 was approved by the City Council at their February 20, 2024, meeting. The Council approved additional zoning classifications and excluded R-6 zoning uses from Lot 3, Block 1 and Reserve A, Block 2.

5. City Council Meeting- April 2, 2024

The Amended PUD document dated January 12, 2024, was brought before the City Council for approval. Agreement was approved and signed on April 3, 2024. The document was filed with the Register of Deeds April 16, 2024.

6. Planning Commission Meeting- November 14, 2024

Sketch Plan- Tierra Verde South, Lot 1, Block 2 was submitted for discussion and general feedback.

Developer shared that they were going to reduce some of the current setbacks with the submission of a PUD application. The Commission suggested reducing an easement and keeping setbacks with minimum sizes listed in the zoning code.

No recommendations or action was taken by the Commission.

5. Minimum Lot Area Per Dwelling unit:

a. General Notes:

i. 74,302 s.f. on lot 1

ii. Development calls for 24 dwelling units. 12 two-story buildings each story with a dwelling unit (could be described as a vertical two-family dwelling)

b. Zoning Code Requirement:

i. 3,630 feet

ii. 20.5 dwelling units

c. PUD-25-01:

i. 2,094 feet (calculations would require 3,096 s.f.)

ii. 15 dwelling units per acre (Have 24 dwelling units/12 Buildings per acre)

6. Minimum Number of Required Parking Spaces Per Dwelling Unit:

7. Minimum Number of Large Deciduous Shade or Evergreen Trees:

a. Zoning Code Requirement: 4 trees for every two-family dwelling unit

b. PUD-25-01: 1 tree for every two-family dwelling unit

Review Considerations:

1. Character of the neighborhood

The character of the neighborhood is in line with the surrounding properties and the current neighborhood.

Neighborhood is largely undeveloped. Non-residential use (Bel Aire Recovery Center) exists across Tierra Lakes Parkway to the southwest.

North of subject property is Skyview at Block 49 Addition which is a two-family residential district.

2. Zoning and uses of nearby properties

North: Allowed Zoning Districts: R-5; C-1; C-2. Platted as a Reserve, currently undeveloped.

East: Allowed Zoning Districts: R-5; R-6' C-1; C-2. currently undeveloped.

South: Allowed Zoning Districts: R-5; R-6' C-1; C-2. currently undeveloped.

West: Allowed Zoning Districts: R-5; R-6' C-1; C-2. currently undeveloped except for lot 2, Block 1- Bel Aire Recovery Center

3. Suitability of the subject property for the uses to which it has been restricted

The property is adequately suited for the permitted uses currently allowed.

4. Extent to which removal of the restrictions will detrimentally affect nearby property

No detrimental impact to nearby properties is expected.

5. Length of time the property has been vacant as zoned

The property was originally platted in 2009. The property has been undeveloped for 16 years under its current zoning.

6. Relative gain to the public health, safety, and welfare as compared to the loss in value or the hardship imposed upon the applicant

Denial of the application is not expected to provide relative gain to the public health, safety and welfare. Approval of the application would result in no loss in value or hardship upon the applicant.

7. Conformance of the requested change to the adopted or recognized master plan being utilized by the city

The 2018 Master Growth Plan sets forth the property as General Commercial. Further, the Plan encourages PUDs to promote alternatives to traditional development models in these designated areas.

Tierra Verde South Addition plat and Planned Unit Development Agreements allow for R-5, R-6, C-1 and C-2 development.

8. Impact of the proposed development on community facilities

There is no impact on community facilities. Potable water and sanitary sewer services are already extended to the site and are adequately sized. The property has access to Tierra Lakes Parkway which is an improved road.

9. Opposition or support of neighborhood residents (one factor to be considered and by itself is not sufficient reason to approve or deny a request)

Property Owners as of March 20, 2025, have been notified. City staff have received no inquiries or feedback from notified residents for the April 10, 2025, hearing.

10. Recommendations of permanent staff

Key review criteria elements:

- 1) Length of time vacant. Lot 1, Block 2 has been undeveloped and vacant for 16 years and will be developed as an R-5 or R-6 district.
- 2) Character of the neighborhood based on uses of surrounding properties. Lot 1, Block 2 development will be developed in character of the surrounding properties.
- 3) Infrastructure public utilities and streets. Lot 1, Block 2 currently has public utilities and is supported by a local street- Tierra Lakes Parkway.

Although staff recognize that it is within the City's power to make replatting a condition of any zoning action, it recognizes the potential hardship this might place on the owner(s).

Staff recommend approval of the application pending the outcome of Planning Commission review and public hearing.

STAFF REPORT

DATE: 05/05/2023

TO: Bel Aire Planning Commission
FROM: Keith Price
RE: Agenda

STAFF COMMUNICATION	
FOR MEETING OF	5/11/23
CITY COUNCIL	
INFORMATION ONLY	

SUMMARY:

ZON-23-01. Proposed re-zoning approximately 63+ acres zoned AG, to a M-1 Industrial Manufacturing. The current use farm ground.

The city advertised the hearing in the Ark Valley newspaper and sent notices to the property owners within the required distance of 200 ft.

History: The land was annexed into the city during the 2002-2005 timeframe as Bel Aire was in the growth mode to prevent being landlocked.

Discussion:

All M-1 zoning requires a PUD for development. AG zoning has been a holding district for future Use. The 2018 Master growth plan and the antiquated comprehensive indicates this would be a commercial use district. M-1 is two steps from table 1.2 contained within the 2018 Master Growth Plan; commercial use category and meets the initial requirement.

Conclusion:

Staff recommends approving based on other recent zoning changes nearby for the same purpose-for the best and highest use.

PUD-23-02. Proposed document changes within the current PUD to allow single family, duplex, and multi-family. R-5 and R-6 zoning districts Tierra Verde South Addition PUD; doesn't have re-platting changes at this time. 57.38+/- acres.

The city advertised the hearing in the Ark Valley newspaper and notified property owners as required within the required distance of 200 ft.

History:

Tierra Verde started as a concept plan dividing the commercial uses from the residential use with the north addition for housing and the south addition for commercial uses in 2009 master

plan concept. The commercial uses would attempt to meet the LEED standard silver as a concept. Bio-swales were incorporated in the drainage system. Groundbreaking for the Concierge Surgical Recovery Suites & Wellness Center--Phase I of The Healing Center at Tierra Verde was Friday, May 31, 2013.

During the first building project, the project was in foreclosure, due in part by the untimely death of Dr. George Watson.

The current business in the completed building was established in 2018 with the city on the portion of lot 4, in block 1. The building does have components to help with the LEED points total.

The majority of ground hasn't been developed in the south addition; the current plat was filed 9/21/09; that is almost 14 years without using the infrastructure installed within the development.

Discussion:

New housing is needed within Sedgwick County, there are studies to indicate that is true. Bel Aire's Master Growth Plan that was adopted indicates that is a prime objective for land once owned by the city. Table 1.2 indicates that two steps from local commercial/mixed use would be multi-family uses and allowable. Figure 3.3 describing multi-family acres in 2018 as just under 12 is antiquated with the recent platting and building. The master growth plan indicated 917 acres would be for housing of the 2,267 acres. That is 40% of the total acres available from that point in time. Many of the commercial areas already designated wouldn't be suitable for housing at this moment. Based on the land approved to date for housing since 2018 would be +/-50% of that total.

To follow the LEED design and air space concerns related to green building construction methods and quality of housing to reduce noises would be good to consider.

A good street appeal variation from recent duplex areas would help build a neighbor branding or identifier.

Conclusion:

Recommends approval of the project with the conditions once understanding of the scope of the project is determined.

PUD-23-03. Proposed PUD to allow open self-storage, warehousing, office, partial gravel parking, with basic items not pre-approved with the over-all existing PUD documents. 16+/- acres.

The city advertised the hearing in the Ark Valley newspaper and notified property owners as required within the required distance of 200 ft.

History:

SCP was platted 7/24/12 with a master plan provided with concepts. Prohibited uses:

- Food/Meat Processing
- Fuel Storage/Refinement
- Asphalt/Concrete Plants

- Correctional Facilities
- Group Homes
- Hazardous Operations
- Landfill
- Mining or Quarrying
- Oil and Gas Drilling
- Rock Crushing
- Solid Waste Incinerator
- Transfer Station
- Wrecking/Salvage Yard
- Agricultural Uses: Elevators, grain storage yard, feed lots, etc.

Discussion:

Self-storage units weren't a use listed specifically in any of the master plans for SCP. The history of Bel Aire zoning code self-storage units has required conditional use, special use, or PUD.

The landscape plan provided can be approved as a concept to follow that would need to meet the city code or be approved as proposed. The signage should be discussed and approved as proposed to ensure that it is part of the PUD; industrial uses wall signs are limited to 200s.f.and limited to 3 walls total.

Phasing of the project should be understood to know how the project will look and what to expect with landscaping and construction.

Conclusion:

Recommends approval of the project with any conditions once understanding of the scope of the project is determined.

procedures. A final PUD must contain:

PUD 22

Section V, Item C.

- a. Deeds of Dedication
- b. Copy of all covenants part of the preliminary PUD
- c. Evidence of ownership, financial and administrative ability as required by the terms of the preliminary PUD
- d. Evidence of satisfaction of any stipulation of the preliminary PUD
- e. Evidence of platting consistence with the Zoning Ordinance 418 and the PUD

STAFF REPORT

DATE: June 14, 2023

TO: Governing Body, City Manager

FROM: Planning Commission

RE: May 11, 2023, Planning Commission Meeting

PUD-23-02. Amending Zoning Districts in Tierra Verde South Addition PUD to include R-5 and R-6 Zoning.

The planning commission considered an amendment to the Tierra Verde PUD to allow for R-5 and R-6 Zoning (as well as C-1 as originally plated). The Commissioners studied the material provided by the applicant, including the proposed amended PUD language (attached) and other evidence presented by the representative for the applicant. The Commission conducted a public hearing on May 11, 2023, in relation to the application where interested parties and citizens were given the opportunity to be heard. There were two citizen concerns addressed during the open hearing. Both were concerned with the proximity of the development to Sawmill Creek in Wichita. There was concern that Lot 3, which abuts Sawmill Creek on the east side, could have an apartment or hotel built. They were also concerned with Skragg St becoming a through street from Sawmill to Tierra Verde.

Phil Meyer with Baughman Company spoke on behalf of the applicant and addressed concerns from citizens and the Planning Commission. He stated that a request was being made to offer more options for development in an area that has been vacant for some time. The applicant, as well as Mr. Meyer, thought that providing more options for land use could encourage development of the property. He noted that at this time, there are no specific developments or developers in mind for the area.

After the hearing was closed, the Commission spoke at length about ensuring the separation of Sawmill Creek and Tierra Verde be honored as there is a berm and tree line that separates the two developments. It was also mentioned that keeping Lot 3 as stated in the original PUD and not allowing for R-5 or R-6 use would be a good compromise. After deliberation on this opinion, it was stated that allowing R-5 would be an acceptable use in Lot 3. The commissioners agreed that this was a reasonable request as multi-family homes are located north of Tierra Verde and development of the property would benefit the city and the property owner.

After review, the Planning Commission voted (by passing a 5-0 motion) to **recommend approval to amend the Tierra Verde South Addition PUD to include R-5 and R-6 multi-family zoning with the condition that R-6 not be allowed in Lot 3.**

procedures. A final PUD must contain:

PUD 22

Section XI, Item B.

- a. Deeds of Dedication
- b. Copy of all covenants part of the preliminary PUD
- c. Evidence of ownership, financial and administrative ability as required by the terms of the preliminary PUD
- d. Evidence of satisfaction of any stipulation of the preliminary PUD
- e. Evidence of platting consistence with the Zoning Ordinance 418 and the PUD

STAFF REPORT

STAFF COMMUNICATION

FOR MEETING OF	1/11/24
CITY COUNCIL	
INFORMATION ONLY	

DATE: 01/05/2024

TO: Bel Aire Planning Commission

FROM: Keith Price

RE: Agenda

SUMMARY:

PUD-23-04. (formally PUD-23-02) Proposed document changes within the current PUD to allow single family, duplex, and multi-family. R-5 and R-6 zoning districts Tierra Verde South Addition PUD; doesn't have re-platting changes at this time. 57.38+/- acres.

The city advertised the hearing in the Ark Valley newspaper and notified property owners as required within the required distance of 200 ft.

History:

Tierra Verde started as a concept plan dividing the commercial uses from the residential use with the north addition for housing and the south addition for commercial uses in 2009 master plan concept. The commercial uses would attempt to meet the LEED standard for gold or silver as a concept. Bio-swales were incorporated in the drainage system. Groundbreaking for the Concierge Surgical Recovery Suites & Wellness Center--Phase I of The Healing Center at Tierra Verde was Friday, May 31, 2013.

During the first building project, the project was in foreclosure, due in part by the untimely death of Dr. George Watson.

The current business in the completed building was established in 2018 with the city on the portion of lot 4, in block 1. The building does have components to help with the LEED points total.

The majority of ground hasn't been developed in the south addition; the current plat was filed 9/21/09; that is almost 14 years without using the infrastructure installed within the development.

This PUD was in front of the planning commission May 11, 2023. Sawmill Creek a Wichita development in Wichita had speakers voice concerns. Through streets at Blade or Scragg Streets, elevated crime rate, Multi-family housing were the concerns listed in the minutes. Motion made and approved at the time.

Motion: Commissioner Jordan made a motion to recommend changing the Tierra Verde South Addition PUD to include R-5 and R-6 multi-family zoning with the condition that R-6 not be allowed in Lot 3. Commissioner Floyd seconded the motion. ***Motion Carried 5-0.***

Discussion:

New housing is needed within Sedgwick County, there are studies to indicate that is true. Bel Aire's Master Growth Plan that was adopted indicates that is a prime objective for land once owned by the city. Table 1.2 indicates that two steps from local commercial/mixed use would be multi-family uses and allowable. Figure 3.3 describing multi-family acres in 2018 as just under 12 is antiquated with the recent platting and building. The master growth plan indicated 917 acres would be for housing of the 2,267 acres. That is 40% of the total acres available from that point in time. Many of the commercial areas already designated wouldn't be suitable for housing at this moment. Based on the land approved to date for housing since 2018 would be +/-50% of that total.

To follow the LEED design and air space concerns related to green building construction methods and quality of housing to reduce noises would be good to consider.

A good street appeal variation from recent duplex areas would help build a neighborhood branding or identifier.

Conclusion:

Recommends approval of the project with the conditions once understanding of the scope of the project is determined. An Ordinance will need to be created to contain the PUD revisions. Replatting, if needed or required, would reflect these changes as well.

SUMMARY:

Notice is Hereby Given that on January 11, 2024; the City of Bel Aire Planning Commission will review code sections to consider an update to the Zoning Code related to adopting an update to the City 2023 Zoning Map

The city advertised the hearing in the Ark Valley newspaper as required.

Discussion:

The city received a question About Arthur Heights- After looking into the question, the Arthur Heights was zoned R-1 with the 2006 zoning map to match the 2005 adoption of the 2004 code. The basic reasons are the lot size is 1 acre and it is for housing purposes. That district heading was "R-1 Single-family Residential" and not "Rural Residential". The title given for the R-1 since the 2004 code has been "Estate Residential".

The 1994 map used until 2006 indicated these were R-1 zoned, 40,000 s.f. lots. Any lot under 1 acre would be allowed to continue in a non-conforming status.

The 1985 code had this as R-1- and 2-acre lot size requirement. Some of the R-1 lots were not platted as 1 acre so it created many no conforming lots, but the plat was done in the 50's before the city was a city.

The city isn't required to adjust zoning districts to make parcels compliant with the zoning code, but large areas have been adjusted over time to match most closely as to what was built to protect and fortify what could be rebuilt.

Staff would like to update the official zoning map annually to match changes made during zoning hearing processes throughout the year by the governing body as a codification process. This would mean that a zoning code update related to districts, new districts, new or changed boundaries would still come back to planning commission, all approved changes would be incorporated in the newly dated official zoning map.

The request motion should include updating the city official zoning map to reflect as present and any of the recently approved zoning ordinance changes. The added request is to allow updating the official map with the Bel Aire code codifications to reflect only zoning districts that have been approved by the governing body prior to the codification process.

Below is the city zoning code section revision by the 2023 codification listed on the city web site related to the city zoning map:

18.6.1. Official zoning map.

The location and boundaries of the districts established by this Zoning Code are hereby established to be as shown on a map officially designated as the Zoning District Map. The map and all the notations, references and information shown thereon are hereby made as much a part of this Zoning Code as if the same were set forth in full herein. It shall be the duty of the city clerk to keep in a file in his or her office an authentic copy of the map, all charges, amendments or additions thereto, and duplicate copies thereof shall be kept on file in the office of the Zoning Administrator and/or building inspector.

 RE: Agenda

STAFF COMMUNICATION

FOR MEETING OF	1/11/24
CITY COUNCIL	
INFORMATION ONLY	

SUMMARY:

PUD-23-04. (formally PUD-23-02) Proposed document changes within the current PUD to allow single family, duplex, and multi-family. R-5 and R-6 zoning districts Tierra Verde South Addition PUD; doesn't have re-platting changes at this time. 57.38+/- acres.

The city advertised the hearing in the Ark Valley newspaper and notified property owners as required within the required distance of 200 ft.

History:

Tierra Verde started as a concept plan dividing the commercial uses from the residential use with the north addition for housing and the south addition for commercial uses in 2009 master plan concept.

Groundbreaking for the Concierge Surgical Recovery Suites & Wellness Center--Phase I of The Healing Center at Tierra Verde was Friday, May 31, 2013. During the first building project, the project was in foreclosure, due in part by the untimely death of Dr. George Watson.

The current business in the completed building was established in 2018 with the city on the portion of lot 4, in block 1. The majority of ground hasn't been developed in the south addition; the current plat was filed 9/21/09; that is almost 14 years without using the infrastructure installed within the development.

This PUD was in front of the planning commission May 11, 2023. Sawmill Creek a Wichita development in Wichita had speakers voice concerns. Through streets at Blade or Scragg Streets, elevated crime rate, Multi-family housing were the concerns listed in the minutes. Motion made and approved at the time.

Motion: Commissioner Jordan made a motion to recommend changing the Tierra Verde South Addition PUD to include R-5 and R-6 multi-family zoning with the condition that R-6 not be allowed in Lot 3. Commissioner Floyd seconded the motion. ***Motion Carried 5-0.***

Minutes from the January 11, 2024 Planning Commission Meeting

PUD-23-02 - Amending Zoning Districts in Tierra Verde South Addition PUD to include R-5 and R-6 Zoning. Chairman Schmidt opened the hearing.

City Attorney, Maria Schrock shared that this has already been approved by the Planning Commission, nothing about the design, site plan or anything regarding those facts have changed. The only thing that has changed that the original application only had one signature, now today there are two signatures. The reason there are now

two signatures is because there are two owners involved. The last time this was seen by the Planning Commission, it had a legal description specific lot in it, which had a different owner and their signature was missing. Today the application has a signature from all lot owners.

Representing agent for Baughman Company, Phil Meyer was present to discuss the amending zoning districts in Tierra Verde South Addition PUD to include R-5 and R-6 Zoning. Phil is agreeance with Maria on her findings. Also present was Basem Krichati, owner and broker with Superior Reality who owns the parcel development to the north, Basem shared that he is opposed to have apartments next to his lots.

Chairman Schmidt recommended to Phil Myer and Basem Krichati to step aside to have further discussion for clarification on location and we will come back to this after the next item on the agenda.

Chairman Schmidt Closed the hearing at this time.

Action: Commissioner Jordan made a motion to table until we review item B first and come back to item A. Commissioner Charleston seconded the motion. Motion Carried 6-0

Chairman Schmidt re-opened the hearing for PUD-23-02 from "Old Business/New Business".

Representing agent for Baughman Company, Phil Meyer, still present. Phil Meyer has agreed to not place apartments on Reserve A.

Chairman Schmidt closed the hearing.

Commissioner Salazar mentioned that he appreciated the developer taking onto account the opinions of the neighbors. Commissioner Charleston stated that he agreed with Commissioner Salazar regarding the opinion of the neighbors. Commissioner Faber stated that he agrees that they had communication with the surrounding neighbors and it seems to fit with nearby zoning uses, especially with the step down zoning. Commissioner Matzek stated that they met the recommendations from staff. Commissioner Jordan stated that it seems suitable for the property and Chairman Schmidt agreed with Jordan.

Motion: Chairman Schmidt made a motion to recommend changing the Tierra Verde South Addition PUD to include R-5 and R-6 multi-family zoning with changes with the amendments that Reserve A, Block 2 is excluded from R-6 uses. Commissioner Jordan seconded. **Motion Carried 6-0**

Discussion:

New housing is needed within Sedgwick County, there are studies to indicate that is true. Bel Aire's Master Growth Plan that was adopted indicates that is a prime objective for land once owned by the city. Table 1.2 indicates that two steps from local commercial/mixed use would be multi-family uses and allowable. Figure 3.3 describing multi-family acres in 2018 as just under 12 is antiquated with the recent platting and building. The master growth plan indicated 917 acres would be for housing of the 2,267 acres. That is 40% of the total acres available from that point in time. Many of the commercial areas already designated wouldn't be suitable for housing at this moment. Based on the land approved to date for housing since 2018 would be +/-50% of that total. To follow the LEED design and air space concerns related to green building construction methods and quality of housing to reduce noises would be good to consider.

A good street appeal variation from recent duplex areas would help build a neighborhood branding or identifier.

Conclusion:

Recommends approval of the project with the conditions once understanding of the scope of the project is determined. An Ordinance will need to be created to contain the PUD revisions. Replatting, if needed or required, would reflect these changes as well.

Staff would like to update the official zoning map annually to match changes made with zoning he throughout the year by the governing body as a codification process. This would mean that a zoning code update related to districts, new districts, new or changed boundaries would still come back to planning commission, all approved changes would be incorporated in the newly dated official zoning map.

The request motion should include updating the city official zoning map to reflect as present and any of the recently approved zoning ordinance changes. The added request is to allow updating the official map with the Bel Aire code codifications to reflect only zoning districts that have been approved by the governing body prior to the codification process.

Below is the city zoning code section revision by the 2023 codification listed on the city web site related to the city zoning map:

16. Chapter 5 of the Zoning Code has a more detail regarding Applications and procedures. A final PUD must contain:

- a. Deeds of Dedication
- b. Copy of all covenants part of the preliminary PUD
- c. Evidence of ownership, financial and administrative ability as required by the terms of the preliminary PUD
- d. Evidence of satisfaction of any stipulation of the preliminary PUD
- e. Evidence of platting consistence with the Zoning Ordinance 418 and the PUD

MANAGERS REPORT

DATE: April 2, 2024
TO: Mayor Benage and City Council
FROM: Ted Henry, Assistant City Manager
RE: March 28, 2024 Agenda

Consent Agenda (Item VI)

In addition to the Minutes of the March 19, 2024 City Council meeting, the Consent Agenda also contains an action to accept and file a Termination and Release of Real Estate Exchange Agreement between the Bel Aire Public Building Commission (PBC) and Willowrock Properties, LLC.

In 2011, the PBC owned the northeast corner of 53rd and Webb which is in Phase 2 of the Sunflower Commerce Park. At that time, there was no development north of 53rd and the land was being farmed. Kevin Arnel (DBA Willowrock Properties, LLC) owned the 80 acres where Deer Run is now being developed. Utilities were at the Arnel property and the area was prime for residential development. Development of the parcel in Phase 2 of the Sunflower Commerce Park is just now seeing interest. In order to utilize the public infrastructure in 2011, the PBC traded Arnel the 80 acres at Webb & 53rd for the parcel now privately owned and being developed as Deer Run. There is a developer now interested in purchasing the Willowrock Properties parcel and would like the Real Estate Exchange Agreement between the PBC and Willowrock removed from the deed. The PBC will meet shortly before the City Council meeting to consider this document. If the PBC approves the document, the only action requested of the City Council is to accept and file the document.

Appropriations Ordinance (Item VII)

This appropriations ordinance encompasses 03/12/2024 through 03/26/2024 expenses and two payroll cycles. Expenditure amounted to \$1,040,810.35. Of the reported expenses, \$339,306.44 are infrastructure costs for new developments. These costs are paid through special assessments.

City Requested Appearances (Item VIII)

There are three items under City Requested Appearances. First, I will take the Oath of Office for my new role as City Manager. Then, the Mayor would like to recognize Gary Northwall, who has recently ended his long-time service on the Tree Board. Finally, he would like to recognize Tristin Terhune, Director of Human Resources and Communications, who has recently accepted a new position with the City of Maize.

Public Hearing for IRB Issuance, Waltons 53rd Holdings, LLC (Item XI)

At the March 19th meeting, the Council approved a Letter of Intent to issue Taxable Industrial Revenue Bonds for Waltons 53rd Holdings LLC. A Notice of Public Hearing was published in the City's official newspaper of record and Notice was mailed to local taxing entities (Circle School District and the Sedgwick County Clerk), per State statute requirements. Now, the Council will conduct the public hearing. The purpose of the public hearing is to hear from taxpayers, citizens, and other stakeholders regarding the proposed issuance of the bonds. Later in the meeting, the Council will consider the Resolution of Intent to issue the bonds.

IRB Resolution, Waltons 53rd Holdings, LLC (Item A)

A related Public Hearing will be held directly before this item. If the Resolution is approved, the bonds will be used to pay the costs of acquiring, equipping and constructing a 100,000-square-foot commercial facility. The City further intends to lease the facility to Waltons 53rd Holdings LLC (the "Tenant"). The company provides equipment and supplies for meat processing. The facility would be located on Lot 8, Block C of the Sunflower Commerce Park Addition (just south of 53rd Street, between Webb Road and Greenwich Road).

LOI to Issue IRB's & Notice of Hearing, Aspen Funds, LLC (Items B & C)

Aspen Funds LLC is planning to develop a speculative building project on 75 acres located at the northeast corner of 53rd Street and Webb Road in the City of Bel Aire. The proposal involves an investment of \$105 million to finance the construction of five buildings, covering a total of 912,925 square feet. This development is expected to generate approximately 609 jobs with an average salary of \$44,000. The project is slated to begin with the construction of Building 1, estimated to cost \$23 million, with market demand assessments guiding the timeline for the remaining buildings. The completion of all five buildings is anticipated by the end of the fourth quarter of 2034.

To support this initiative, Aspen Funds has applied for Industrial Revenue Bonds (IRBs), seeking property tax abatement and sales tax exemptions. An agreement has been finalized for a 100% property tax exemption for the first five years and a

75% exemption for the subsequent five years, in addition to a 1% origination fee, capped at \$100,000.

Two cost-benefit analyses conducted by the Wichita State University Center for Economic Development and Business Research have yielded favorable outcomes, with ratios of 1.34 for Building 1 and 1.38 for all five buildings, demonstrating that public benefits surpass costs. Based on these positive findings and the anticipated community benefits, city staff recommends scheduling a public hearing on April 16, 2024, to further discuss and consider the proposal. The Developer will be at the meeting to explain the project. Kevin Cowan and staff will be available for questions.

Amended PUD, Tierra Verde South Addition (Item D)

The Ordinance adopting this Amended Planned Unit Development (PUD) was approved by City Council in February. Now the Developer is ready to sign the Agreement included in your packet. The agreement outlines the responsibilities of the Developer and City during and after construction of the development. Staff recommends Council approve the agreement.

Traffic signal at 45th and Woodlawn (Item E)

The traffic signal at 45th and Woodlawn is currently flashing red in all four directions. Council members and citizens have expressed the desire to turn this into a fully functioning signal. Staff reached out to Pearson to determine what is needed to fully activate the traffic signal at 45th and Woodlawn. Pearson questioned whether we wanted the signal on pre-timed cycles, or permanently stripe the intersection and utilize detection to determine when to change the signal. Any permanent striping south of the intersection will likely need to be removed or blacked out when the reconstruction of Woodlawn begins. At the time of this report, we are still waiting on costs from Pearson, but they are estimated to be under \$5,000.

Urgent Sewer Pipe Repair, Odessa Street (Item F)

Late last week, Public Works was called out for a sewer backup and could not resolve the problem. Mayer Specialty was called out for an emergency to clean and televise the line. The 8" clay pipe was determined to be full of roots and have several misaligned joints of pipe causing the sewer to hold water and material causing it not to drain properly. This 140-foot sewer line was installed around 1952 and staff feels needs to be replaced immediately. Marty is here to answer any questions.

Executive Session (Item XIII)

Staff has no need for an executive session.

Discussion And Future Issues: Workshop April 9th (Item XIV)

The next City Council workshop will be held on April 9th at 6:30 p.m.
