*Please refer to following page for all **Standard Terms and Conditions** that shall govern the transaction described in documents appurtenant hereto and shall constitute the entire agreement between Ultra Fiberglass and the purchaser.*

9732 West Carmen Avenue | Milwaukee, WI 53225 | 414-461-5051 | www.ultrafiberglass.com

General Terms - All Costs and expenses incurred by the Company and/or its principals of any kind and/or nature in the enforcement of these terms and conditions (including but not limited to attorney's fees and costs), plus interest at the applicable rate (2% per month) will be paid by the Purchaser.

Basis of Design - Before commencement of the fabrication of goods or progression of services the Seller shall submit to the Purchaser a specification drawing/document which shall specify the goods and services to be supplied per Ultra's design. Where Purchaser requires the Goods to comply with standards, specific regulations and/or be received by control and inspection agencies, Purchaser's price request, or order must be accompanied by the technical specification and all terms and conditions that Purchaser requests Seller must comply with. Purchaser's specifications and any terms and conditions will only apply if (and to the extent) accepted by Seller in writing on Seller's quotation or offer provided to Purchaser.

Cancellation Policy - Company reserves the right to cancel any purchase order within 30 days of receipt thereof or within 30 days of submittal approval, whichever occurs later, due to design change, additional or revised information that was unavailable or not provided to Company at the time of quotation or credit approval or any other reason that would have a detrimental impact on the Company, in Company's sole discretion.

Limited Warranty - Structural Fiberglass Products received from Ultra, Inc. are guaranteed to be free from manufacturing and design defects in material and workmanship under normal use and service for a period of one (1) year from the date of purchase of such products; however, Ultra, Inc. will not be obligated beyond the material replacement of such products as proven to be defective. Whether the goods are manufactured by Ultra, Inc or by an approved Ultra supplier, such replacement shall be Buyer's exclusive / total remedy and neither Ultra nor the manufacturer shall be subject to any other or further liability and no claim for consequential or incidental damages will be allowed. (Ultra, Inc. does not warranty any products utilized outside of the original scope and design initially approved by buyer and provided by the seller at the point of purchase.) Furthermore, Ultra, Inc does not warranty any of its products as a result of damage by others, exceeding rated capacity limits and or intentional / accidental misuse.

Unless otherwise noted / agreed to in writing by the Company:

- All sales are F.O.B. Milwaukee, WI with no allowance for freight, taxes, customs or import duty charges unless otherwise stated in writing. Any such allowances are subject to change at the time of delivery.
- Any stamp or calculation package required from a licensed P.E. is not included in this price.
- Field measurements, installation, or other on-site work is not included in price.
- Terms of payment for all purchases of goods and services shall be defined as A) Purchases of \$20,000 or less - 35% upon accepted purchase order, balance net 30 of date on invoice generated by company, or B) Purchases of \$20,000 or more - 35% upon accepted purchase order, 35% upon first submittal drawing from Seller (if applicable), balance net 30 from date of invoice generated by Seller.
- CAD drawings are included in the price and come with (1) 11"x17" submittal drawing and two (2) revisions. Additional requests or revisions will be billed at \$95/hr.

Why Choose Ultra?

Ultra Fiberglass Systems is recognized as the premier manufacturer for structural fiberglass design, fabrication and innovation. It's been our commitment and dedication for more than 35 years. We provide our customers total access to our most valued resource, our people. Timely quotes and drawings plus close project management provide you with unparalleled customer service. Ultra continues to expand its product line of services to meet emerging customer needs and foster a culture of innovation. Our broad range of capabilities includes creating new, more efficient uses of Fiberglass Reinforced Polymers for our customers. Ultra delivers superior design and proven product quality. We design and build platforms, ladders, handrails, staircases, tank/pipe and pump supports and many other custom fabrications to meet your specific needs. Projects range from basic caged ladders and walkovers to large scale renovations, plant re-tooling and expansions.
