

2025- Arora Park Gravel Road Project

Parkwood and 38th to Harding and 39th 1,420' Length and 24' Wide

Harding and Battin to Dead End 1,022' length and 27' Wide

Harding to Oliver on 40th street 577' Length and 23' Wide

Parkwood from 39th to 40th street 864' Length and 21' Wide.

Total over all length is 3,883 in Length and 135' in Width

Drop site: 3807 HARDING ST. Bel Aire, Ks 67220

1" Hard Rock: \$32/ton

This is a delivered price (freight included) to this exact location.

Approximate amount needed: 752 tons

Total Cost 752 tons: \$24,064

Our trucks hold 27 to 28 tons per load, and this price is figured on full semi loads.

Good day, Marty This was figured off the numbers you gave me for each individual street length and width @ 2"thick.

It sounds like you will want the material starting at the end of May or 1st part of June.

Feel free to call me on my cell # below or reply to this email.

We would prefer to have at least a 2-week advance notice and have a 2-to-3-week time frame to deliver.

Prices are good for 90 days.

Thank you!

Triston Malcom
