

## STAFF REPORT

DATE: February 28, 2024  
TO: Ty Lasher, City Manager  
FROM: Anne Stephens, City Engineer  
RE: Woodlawn Box Culvert Inspection

### **Proposal Focus:**

#### Our Mission

---

- Attractive growth and safe living – Encourage attractive neighborhoods and new developments.

#### Our Values

---

- Working Together – Departments working together as one team. Staff working with residents, HOA's and neighborhoods. Citizens working with each other.

### **Current Situation:**

In light of all of the issues with the Woodlawn project and the forth-coming remediation work, staff have been approached by Council to perform an investigation of the Box Culvert that runs the length of the project from the Quail Ridge pond to 45<sup>th</sup> Street to ensure that the box is in good condition with no cracks or separated joints.

### **Goals:**

- To grow the City in an attractive, safe manner that is consistent with City standards.

### **Discussion:**

Staff reached out to Mayer Specialty Services for a quote to perform a thorough cleaning and video (CCTV) investigation of the box culvert and storm sewer pipe running underneath the northbound lane of Woodlawn from the box at Quail Ridge to 45<sup>th</sup> Street. Mayer's quote came in at \$12,500.

### **Financials:**

The cost associated with this investigation will be included in the bonds for the project and paid for out of the general fund.

### **Recommendation:**

It is staff's recommendation to accept the quote from Mayer for \$12,500 to ensure that the box culvert is in good condition and there are no cracks or separated joints that may contribute to the issues that we are seeing on Woodlawn.
