Help your city reduce crime with cameras that see like a detective

Flock Safety provides an affordable, infrastructure-free automatic license plate reading (ALPR) camera system for cities who want to reduce crime within a principled framework. Unlike traditional ALPR, Flock uses Vehicle Fingerprint™ technology to transform hours of footage into a searchable database to find the single piece of evidence needed, even when a license plate isn't visible.

Not your average security cameras

Infrastructure-Free and Discreet Design
With solar power and LTE connectivity, we can install the devices almost anywhere. And the beautiful design means it will blend in with your city's aesthetic.

Safety-as-a-Service
We install and maintain the devices, so you can focus on running the city. That means we will support you from procurement, through permitting, and even preparing you to present this project to the city council.

Vehicle Fingerprint Technology
Your officers can find vehicle evidence by vehicle type, make, color, license plate state, missing and covered plates, and other unique features like bumper stickers, decals, and roof racks.
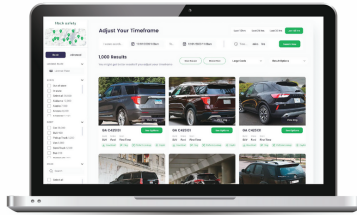

Join 2500+ cities using Flock Safety to eliminate crime

Detect
objective evidence your
police need to solve crime

Decode
footage with machine
learning so your police can
investigate

Deliver
real-time alerts to police
if a wanted or stolen
vehicle drives by

Public Safety Technology Built with Principles

You own the footage
We won't share it or sell it. It's 100% yours for your law enforcement to use to solve crime.

Protect resident privacy
All data automatically deletes by default every 30 days on a rolling basis and is encrypted with AES-256 encryption.

Promote transparency and accountability
Flock provides a transparency portal to share data with your community about how the devices work on an ongoing basis.
Flock requires an investigative reason to search and proactively provides an audit report to city leadership.

Clear pricing and infrastructure free
$2500 per camera / year. All the footage is stored in the cloud at no additional fee and there are no hidden costs.

Protect the Whole Community
It takes all community members working together to eliminate crime, which is why we created a public-private partnership
that enables businesses, neighborhoods, schools, and others to partner with your city and police department to build your
network.
