June 27th from 5:30-7:30

@ Bel Aire Recreation Center

We will be going over the survey results as well as conceptual plans for three parks in Bel Aire. The City of Bel Aire is currently developing master plans for three parks in the community; Bel Aire Park, Central Park, and the Recreation Center. With your help, the City will be able to best plan the future of the city's parks & recreation and work to provide the most desirable amenities for all.
