RE: SD-24-02 Chapel Land. 8 Final Plat

STAFF COMMUNICATION	
FOR MEETING OF	10/9/2025
CITY COUNCIL	
INFORMATION ONLY	

SUMMARY:

SD-24-02 Proposed final plat R-5 Garden and Patio Homes, Townhouse and Condominium Uses (Chapel Landing 8th)

Legal Description:

Lots 1 – 44, Block A; Lots 1 – 35 Block B; and Lots 1 -8, Block C, and Reserves A and B.

General Location:

Southwest corner of 53rd St. N. and Woodlawn Blvd.

Background:

Chapel Landing 8th was initially impacted in the original plat of Chapel Landing in 2007, although it was exempted from the plat. A 2021 zoning case ZON-20-01for Chapel Landing (prior to phasing) zoned the property R-4 per Ordinance #671, previously it was C-2.

Chapel Landing 8th Preliminary Plat was approved at the August 8, 2024, Planning Commission meeting. Case was published and notifications sent out. Final plat was delayed and submitted in July 2025 prior to the one-year deadline. Publication and notification is not required for Final Plat cases.

Case History:

1. November 9, 2023- Planning Commission Meeting

ZON-23-05 Rezoning: Approximately 26.3 acres zoned R-4 single-family, to a R-5 multi-family at the southwest corner of 53rd St. N. and Woodlawn Blvd. (Chapel Landing 8th).

Zoning case requested the change in zoning to allow for a residential subdivision on undeveloped property. Sketch Plat submitted with the application showed the development as 87 lots. The case was requesting a change from R-4 to R-5 to be able to develop

smaller lots at a sixty-foot width. Developer met with the Homeowners Association of Iron Gate and agreed that all lots on the South and West property line will be seventy foot wide and any lots not abutting those lots will all be sixty foot wide. Utilities and sanitary sewer will be front loaded on the South and West lot lines to allow all of the trees to remain where they are on the South and West. Fencing will be metal or rod iron allowed abutting any detention facility as well as the South and West lots. The developer also agreed to add a playground for the residents as well.

The Planning Commission approved the zoning case 6-0.

2. December 5, 2023- City Council Meeting

ZON-23-05 Rezoning case was approved 6-0 as recommended by the Planning Commission.

Council briefly discussed the trend of building single-family homes on smaller lots and lack of a zoning classification in the Bel Aire zoning code to allow that kind of development. Motion for approval included a motion to direct Planning Commission to create a new zoning district for single-family housing on smaller lots.

Motion carried 5-0.

Ordinance 711 approving the R-5 zoning was executed on December 5, 2023.

3. August 8, 2024 - Planning Commission Meeting

SD-24-02 Preliminary Plat, Chapel Landing 8th. Platting of an R-5 Residential District. The subject property is approximately 24.09 acres generally located at East 53rd Street N. and Woodlawn Blvd.

Chapel Landing Preliminary Plat contained 87 lots with all lots being single family homes. Building setbacks for front yard and street side are depicted on the face of the plat. Minimum interior side yard setback shall be 5 feet and minimum rear yard setbacks shall be 15 feet. Sidewalks were being installed on one-side of the street.

Commission did discuss details of the plat including possible park/greenspace areas and the locations of entrances/exits and expected traffic in the area. It was requested that the north access into the development, Gabriel Street, align with the school entrance across Woodlawn.

The Preliminary Plat was approved 6-0

Current Discussion:

The final plat conforms with the approved preliminary plat and subdivision regulations.

The final plat was distributed to city staff and utilities for review and comments. All comments were revised by the applicant and are reflected on the final plat documents.

Recommendations of permanent staff

Staff recommend approval of the final plat pending the outcome of Planning Commission review and public hearing.

APPLICATION FOR FINAL PLAT APPROVAL

This is an application for processing a final plat in accordance with the City Subdivision Regulations. The application must be completed and filed with the Subdivision Administrator at least 15 days prior to a regular meeting date of the Planning Commission.

STAFF REPORT

DATE: 11/03/2023

TO: Bel Aire Planning Commission

FROM: Keith Price

RE: Agenda

SUMMARY:

ZON-23-05. Proposed rezoning 26.3+/- acres zoned R-4, single-family, to R-5 multi-family district. The current use farm ground.

The rezoning case was advertised in the Ark Valley News Paper and property owners were contacted as required by city code. I'm unaware of anyone contacting the city prior to this report regarding the rezoning case. A review was sent to the applicant's agent, a copy of that review is in your packet.

The following criteria shall be the basis for evaluation of the rezoning request in relation to the specific case being considered:

1. The character of the neighborhood;

The subject property is zoned R-4, (Ordinance 671), previously it was C-1

2. The zoning and uses of properties nearby

(Ordinance 707), R-5 north Chapel landing 7th, Central Park east R-3, Chapel Landing additions to the south and west are R-4 with reduced side yard requirements.

3. The suitability of the subject property for the uses to which it has been restricted;

City staff has compared this request to the approved Master growth Plan the figure 3.4 showing mixed use commercial category. Figure 3.5 intensity level is a 3; the request is a level 3. Staff agrees the requested use fits the area.

4. The extent to which removal of the restrictions will detrimentally affect nearby property;

City staff no adverse effect is expected.

5. The length of time the subject property has remained vacant as zoned;

The property was first impacted with original plat of Chapel landing in 2007, although, exempted from the plat. The current zoning is from July 2021.

6. The relative gain to the public health, safety and welfare by the destruction of petitioner's property as compared to the hardship imposed upon the individual landowners;

No hardship is expected to be caused by the development.

7. Recommendations of permanent staff;

Yes because 2018 Master Growth plan was approved by City Council. Ordinance 707 was approved north of the pipeline easement recently, changing zoning of that property to R-5.

8. Conformance of the requested change to the adopted or recognized master plan being utilized by the city.

Yes the 2018 Master Growth plan based on figure 3.5 R-5 is the same category as R-4 and the adopted 2014 vision plan within the city comprehensive plan indicates this would be C-1. Down-zoning is to R-5 from a C-1 is one step based on the adopted plans. The actual request is in the same intensity level based on page 15 description under heading "Residential Suburban Density & Medium Density" of the 2018 Master Growth Plan.

9. The opinions of other property owners may be considered as one element of a decision in regard to the amendment associated with a single property, however, a decision either in support of or against any such rezoning may not be based upon a plebiscite of the neighbors.

Planners should ask about housing type; application indicates to allow a for a residential development.

SD-23-05. 13.59 acres, final plat continuation of SD-23-02 preliminary plat.

The final plat case was advertised in the Ark Valley News Paper. I'm unaware of anyone contacting the city to view or inquire about this development. The city review is in the packet. An update on the shared drainage easement with Bristol Hollows is needed.

Following are the items Jay Russell has offered the neighbors since the last process with the city based on correspondence with Jay Russell's agent, Baughman Company.

- On the west and south property line, all lots will be platted at a 70' width.
- On the west and south property line, all utilities, including sanitary sewer, will be front loaded.
- On the west and south property line, we will save the trees that exist within 15' of property line.
- Any fencing that occurs on the west and south property line will be wrought iron or aluminum fencing material, no solid fences.
- Jay Russell will include a play structure and small sport court in the reserve/common area.

Staff haven't had time to review the drainage agreement, but it is in the packet. The drainage plan in this case should be determined; as much of the plan hinges on a separate property, owned by someone other than the applicant.

19.4.11. Planning commission action on the final plat.

This license application has been requested based on a noise complaint. Code section 18.8.2 (7) no process shall be used that creates undue noise, vibration... There is a case number 202386, within the details of that report there are multiple cars at a single given time, some in the garage and some outside receiving repairs. His work hours are listed as 8pm to 8pm Monday through Saturday.

There should be conditions placed on this activity if approved such as:

- All noise-creating or vibration activities related to the business be done with in the garage space with the door down. If breaking a decibel level of 75dB or the PPV vibration formula at the property line Before 7 AM or after 7PM that would be considered too loud and nuisance.
- Maximum cars per day 5 brought to the property for business purposes, one at a time. The repaired car leaves a new one is brought back.

- No painting, priming, or related activity.

The city did take the application fee and a former staff member had discussion related to the business for the year 2023. At this time staff in charge of this process can't determine if the original conditions were spelled out in the receipt of the license.

Review based on the city code and discussion from those that will speak for the allotted time to the commission. The packet doesn't have any attachments for this process.

Comments:

The application, site plan, and abstractor's list were provided as submittals.

- The site plan doesn't show abutting zoning uses but is labeled as a sketch plan.
- The city 2018 Master growth plan figure 3.4 mixed use/local commercial; Figure 3.5 indicates the intensity level is currently 3 and that the request would be a level 2 for medium density residential.
- Page 46 of the 2014 Comprehensive plan indicates this would be a C-1 commercial, R-5, multi-family use is a down-zoning a less intense district.
- <http://www.belaireks.citycode.net/> is the link to find the requirements for platting and zoning.

City of Bel Aire

STAFF REPORT

DATE: 11/03/2023

TO: Bel Aire Planning Commission

FROM: Keith Price

RE: Agenda

SUMMARY:

ZON-23-05. Proposed rezoning 26.3+/- acres zoned R-4, single-family, to R-5 multi-family district. The current use farm ground.

The rezoning case was advertised in the Ark Valley News Paper and property owners were contacted as required by city code. I'm unaware of anyone contacting the city prior to this report regarding the rezoning case. A review was sent to the applicant's agent, a copy of that review is in your packet.

The following criteria shall be the basis for evaluation of the rezoning request in relation to the specific case being considered:

1. The character of the neighborhood;

The subject property is zoned R-4, (Ordinance 671), previously it was C-1

2. The zoning and uses of properties nearby

(Ordinance 707), R-5 north Chapel landing 7th, Central Park east R-3, Chapel Landing additions to the south and west are R-4 with reduced side yard requirements.

3. The suitability of the subject property for the uses to which it has been restricted;

City staff has compared this request to the approved Master growth Plan the figure 3.4 showing mixed use commercial category. Figure 3.5 intensity level is a 3; the request is a level 3. Staff agrees the requested use fits the area.

4. The extent to which removal of the restrictions will detrimentally affect nearby property;

City staff no adverse effect is expected.

5. The length of time the subject property has remained vacant as zoned;

The property was first impacted with original plat of Chapel landing in 2007, although, exempted from the plat. The current zoning is from July 2021.

- 6. The relative gain to the public health, safety and welfare by the destruction of petitioner's property as compared to the hardship imposed upon the individual landowners;**

No hardship is expected to be caused by the development.

- 7. Recommendations of permanent staff;**

Yes because 2018 Master Growth plan was approved by City Council. Ordinance 707 was approved north of the pipeline easement recently, changing zoning of that property to R-5.

- 8. Conformance of the requested change to the adopted or recognized master plan being utilized by the city.**

Yes the 2018 Master Growth plan based on figure 3.5 R-5 is the same category as R-4 and the adopted 2014 vision plan within the city comprehensive plan indicates this would be C-1. Down-zoning is to R-5 from a C-1 is one step based on the adopted plans. The actual request is in the same intensity level based on page 15 description under heading "Residential Suburban Density & Medium Density" of the 2018 Master Growth Plan.

- 9. The opinions of other property owners may be considered as one element of a decision in regard to the amendment associated with a single property, however, a decision either in support of or against any such rezoning may not be based upon a plebiscite of the neighbors.**

Planners should ask about housing type; application indicates to allow a for a residential development.

IV. Consent Agenda

A. Approval of Minutes from Previous Meeting

Motion: Commissioner Dee Roths made a motion to approve the minutes from October 12, 2023. Commissioner John Charleston seconded the motion. ***Motion Carried 6-0***

V. Old Business/New Business

A. **ZON-23-05 Rezoning:** Approximately 26.3 acres zoned R-4 single-family, to a R-5 multi-family at the southwest corner of 53rd St N and Woodlawn Blvd. (Chapel Landing 8th)

Chairman Schmidt opened the hearing.

Representing agent for Baughman Company, Phil Meyer was present to discuss the re-zoning of Chapel Landing 8th. The requested reasoning to change from R-4 to R-5 is to be able to do smaller lots at a sixty foot width. The developer Jay Russel did meet with the residents at the Home Owners Association of Iron Gate to address their concerns. Jay agreed that all the lots on the South and West property line will be seventy foot wide, any lots not abutting those lots will all be sixty foot wide. All utilities and sanitary sewer will be front loaded on the South and West lot lines, this will allow all of the trees to remain where they are on the South and West, just cleaned up a bit. Any fencing will be metal or rod iron allowed abutting any detention facility as well as the South and West lots. The

developer also agreed to add a playground for the residents as well.

Charles Kent, 6010 Forbes Street did speak for the entirety of the residents. He wanted to personally come to the Planning Commission meeting to thank Jay Russel for attending their HOA meeting and making all the changes based off of their concerns.

Chairman Schmidt closed the hearing.

The Planning Commission did touch base on the Golden Factors, Chairman Schmidt did state that it meets the requirement of the character of the neighborhood. Commissioner Salazar mentioned that there was effort made by the developer to meet with the homeowners and address their concerns. Commissioner Roths stated that it does meet all requirements recommended by staff.

Motion: Commissioner Jordan made a motion to adopt the findings of fact of the staff as presented and recommend to the City Council approval to change the zoning district classification of the subject property from R-4 single-family district, to an R-5 multi-family based on such findings of fact. Commissioner Roths seconded the motion. ***Motion Carried 6-0***

B. SD-23-05 Final Plat: Proposed plating of approximately 13.6 acres (Chapel Landing 7th).

Chairman Schmidt opened the public hearing.

Representing agent for Baughman Company, Phil Meyer was present to discuss the final plat of Chapel Landing 7th. They will be constructing a detention facility in this development in between Chapel Landing 7th and Bristol Hollows. An agreement will be in place between Bristol Hollows and Chapel Landing 7th for responsibilities of the detention pond but nothing finalized at this time. A playground will be installed on the West side of the property at the South end of the detention facility near Bristol Hollows.

Chairman Schmidt mentioned that staff has not been able to review all of the drainage plan yet and asked Phil Meyer if there was a signed agreement between Bristol Hollows and Chapel Landing 7th. Phil stated that there will be a signed agreement that will be a business agreement, not a drainage agreement. This will ensure the responsibilities of the detention facility dividing the properties. Commissioner Jordan asked our City Attorney, Maria Schrock, if the City is okay approving this as is with the information we have. Maria stated that the drainage plan has not been reviewed yet, so she would recommend moving this to the next meeting once the drainage plan has been reviewed by staff.

No one from the public wished to speak.

Chairman Schmidt closed the public hearing.

Motion: Commissioner Faber made a motion to table the Chapel Landing 7th Addition Final Plat. Commissioner Jordan seconded the motion. ***Motion Carried 6-0***

C. Paint-less Dent Repair Business License for 316 PDR, LLC at 4648 Farmstead Ct. Review.

Maria Schrock opened with a background of the business license to the Planning Commission. Damon Herrington works as a mobile paint-less dent repairman and brings motor vehicles to his home address of 4648 Farmstead Court at times to work. Business hours are to meet conditions of business hours to be observed from 8am to 5pm Monday through Saturday, all work is to be completed inside the garage to minimize sound pollution, only one motor vehicle to be repaired on the property at a time and failure to adhere to these conditions may result in the revocation of the business license that is being approved. Maria mentioned that Damon paid the fifty dollar fee for the business license.

Maria provided background on the complaints from the neighborhood due to the noise pollution. Code Enforcement had sent a notice to the owner in regard to not having a business license to operate. Maria mentioned that on Saturday, September 16th at 10:41PM, there was a complaint due to noise. This was clearly outside the conditions of the business license hours, along with a few other complaints, Monday, October 2nd at 6:29PM, October 19th at 6:46PM, and Thursday, October 26th at 7:00PM. Maria did show all of the videos to the Herrington's so they are aware. Mr. Herrington admitted to conducting paint-less dent repair work beyond 5pm in one specific instance. Maria advised that is in violation of the license conditions.

Rebecca and Damon Herrington were present to speak in regard to the paint-less dent repair business. First to speak was Rebecca Herrington, she requests that the Planning Commission moves forward to accept their business license since it is Damon's only source of income. Rebecca stated that the tapping is the source from the dent repair but any other noises coming from the residence such as sawing noises are from home improvements. It was mentioned that no neighbor came to them directly or indirectly with concerns of any noise coming from their home. Mr. Herrington admitted to the council that he conducted paint-less dent repair work beyond 5pm in one specific instance. Rebecca and Damon understand that there are times set by the conditions and that going forward, they will comply with the conditions.

Motion: Chairman Schmidt made a motion to go into executive session for the sole purpose of discussing the subject of Attorney-Client consultation regarding consultation with attorneys for the public body pursuant to the KSA 75-4319 exception for the same. Invite the Attorney, Secretary and Code Enforcement Officer. This meeting will be for a period of thirty minutes, and the open meeting

will resume in City Council Chambers at 8:23PM. Commissioner Salazar seconded the motion. ***Motion Carried 6-0***

Comments:

The application, site plan, and abstractor's list were provided as submittals.

- The site plan doesn't show abutting zoning uses but is labeled as a sketch plan.
- The city 2018 Master growth plan figure 3.4 mixed use/local commercial; Figure 3.5 indicates the intensity level is currently 3 and that the request would be a level 2 for medium density residential.
- Page 46 of the 2014 Comprehensive plan indicates this would be a C-1 commercial, R-5, multi-family use is a down-zoning a less intense district.

Comments:

Chapel landing 8th land was rezoned to R-5 by Ordinance 711. Process case is SD-24-02. Bel Aire received 15 paper plats, 2 drainage concept plans, 2 utility plans, with the application and remittance.

- Everygy has been contacted, Onegas has been contacted. Onegas had no requests. Everygy has provided a street layout diagram.
- The pipeline representatives were contacted, no response received yet, have you contacted them as well?
- Central Park addition and 259 USD 2nd addition land is zoned R-3 single family-not shown on the plat.
- Block B, lots 23 and 24 removed the R-4 zoning.
- Chapel Landing 7th, pipeline area remove the word proposed, Ordinance 707 rezoned to R-5.
- It would be good to show the USD 259 access points in relation to the access point Gabriel. Reserve E as shown isn't correct.
- The drainage plan can be submitted directly to the city engineer, Anne Stephens.
- <http://www.belaireks.citycode.net/> is the link to find the requirements for platting and zoning.

V. Old Business/New Business

- A. ZON2024-00031 (County).** The applicant is requesting a zone change from RR Rural Residential District (RR) to GC General Commercial District (GC) with Protective Overlay (PO) #439, to permit Construction Sales and Service (Tree Service/Lumber Yard), Event Center in the County, Community Assembly, and Single-Family residence on the property. The property is 10.79 acres in size and is located on the southwest corner of North 127th Street East and East 56th Street North (5601 North 127th Street East).

Chairman Schmidt opened the public hearing. Brad Eatherly, Senior Planner, presented a report and answered questions on behalf of the Wichita – Sedgwick County Metropolitan Area Planning Department, which has also reviewed the request, as the property lies in both the County and Bel Aire’s zones of influence.

The applicant, Robert Phillips, spoke and answered questions from the Commission regarding his business activities.

Michael Moore, 13200 E 55th St N, spoke in opposition to the requested zoning. His property is adjacent to the applicant’s property. Among other concerns, Mr. Moore cited truck traffic, noise until 10 or 11 at night, dumping of tree debris, large bonfires, and possible violations of burning permit restrictions on the applicant’s property. Mr. Moore also provided two packets of information to the Commission entitled “Wichita Tree Dump” and “5601 N 127th East – Changing Zoning request: Wichita Tree Company L.L.C” [*appended to these Minutes*].

Nadine Smith, 5445 N 127th Street E, Wichita, spoke in opposition to the requested zoning. Her property is adjacent to the applicant's property. She cited concerns about brush piles harboring rodents which have infested her property, and large burn piles located within a few feet of her property line which caused lingering smoke in her home for several days.

MOTION: Commissioner Faber moved to take a 20 -minute Executive Session. Commissioner Schmidt seconded the motion. ***Motion carried 6-0.***

The Commission then recessed for executive session. At 7:40 p.m. Chairman Schmidt called the meeting back to order in open session. City Attorney Maria Schrock noted that the Executive Session was taken for Attorney-Client privilege, the City Attorney and City Engineer were present and no binding action had been taken.

Pamela Phillips, 6111 Danbury, Bel Aire, Kansas, spoke in favor of the zoning request. She is the mother of the applicant. She has no concerns about safety or traffic on the property.

City Attorney Maria Schrock asked if any Commissioners had reason to be disqualified from consideration of this matter, due to any bias or conflicts of interest. Ms. Schrock asked if any Commission members had received any ex-parte communication prior to this hearing. Commissioner Dee Roths shared that she had some communications with neighbors about this matter, therefore she will not participate in the discussion or vote.

The applicant, Robert Phillips, spoke in response to the public comments and answered questions from the Commission. He stated that there would be no burning under the proposed zoning and the property would only be used for truck parking and a business office.

Chairman Schmidt asked if anyone wished to make further comments. Michael Moore spoke to the Commission again about his concerns about the activities on the subject property.

There being no others requesting to speak, Chairman Schmidt closed the public hearing and requested discussion from the Commission.

The Commission discussed the application in reference to "Golden Factors" of zoning including: the suitability of the property for the uses to which it has been restricted under its existing zoning; the character of the neighborhood; the relative gain to the public health, safety, and welfare by destruction of value of the applicant's property as compared to the hardship on other individual landowners; conformance with the comprehensive plan; and opinions of other property owners. Commissioners noted potential C-1 growth in the area, the recommendation of the Sedgwick County Planning Department, and the restrictions of the proposed Protective Overlay. Following discussion, Chairman Schmidt requested a motion.

MOTION: Chairman Schmidt moved to deny the request for zone change from RR Rural Residential District (RR) to GC General Commercial District (GC) with Protective Overlay (PO) #439 as presented. Commissioner Salazar seconded the motion. ***Motion carried 4-1*** with Commissioner Jordan voting against the motion and Commissioner Roths abstaining from the vote.

- B. SD-24-02 Preliminary Plat, Chapel Landing 8th.** Platting of an R-5 Residential District. The subject property is approximately 24.09 acres generally located at East 53rd Street N and Woodlawn Blvd.

Chairman Schmidt opened the public hearing.

Kris Rose, agent for the applicant, presented the preliminary plat and stood for questions from the Commission.

No others requested to speak. Chairman Schmidt closed the public hearing.

The Commission then discussed details of the plat including possible park/greenspace areas, the locations of entrances/exits, and expected traffic in the area.

MOTION: Commissioner Jordan moved to approve the Preliminary Plat of Chapel Landing 8th, SD-24-02, as presented with the request that one lot be committed to green space. Commissioner Faber seconded the motion. ***Motion carried 6-0.***
