## **STAFF REPORT**

DATE: March 25, 2024

TO: Ted Henry, City Manager

FROM: Anne Stephens, City Engineer

SUB: 45<sup>th</sup> and Woodlawn Traffic Signal Activation

---

### Current Situation:

The traffic signal at 45th and Woodlawn is currently flashing red in all four directions. It has been expressed by Council members and citizens to turn this into a fully functioning signal.

### Discussion:

Staff reached out to Pearson to determine what is needed to fully activate the traffic signal at 45th and Woodlawn. Pearson questioned whether we wanted the signal on pre-timed cycles, or permanently stripe the intersection and utilize detection to determine when to change the signal. Any permanent striping south of the intersection will likely need to be removed or blacked out when the reconstruction of Woodlawn begins.

### Financials:

At the time of this report, we are still waiting on costs from Pearson, but they are estimated to be under \$5,000.
