Yolanda,

I spoke with Ed Gold and he stated there is an opening on the Budget Committee. I am interested in being involved with the committee. I believe that I have experience that would be beneficial to the committee and our city. Here is some information about me:

- 1) I am a partner at a CPA firm (MSL CPA & Advisors)
- 2) I have experience auditing Governmental entities (cities, counties, school boards, and special districts)
- 3) I am a member of the Florida Government Finance Officers Association
- 4) I would like to help our city and my fellow Belle Isle neighbors out and represent my neighbors
- 5) I grew up in Belle Isle and returned to Belle Isle 3 years ago when the opportunity presented itself. I am from BI and want to see the city prosper and grow
- 6) I am a CPA, have a bachelors in accounting from UCF and a Masters in Accounting from FAU

If you need additional information please just let me know
