

1 WHEREAS, the quality of streams, lakes, and wetlands is critical to environmental, economic, and recreational
2 prosperity and to the health, safety, and welfare of the residents of Belle Isle; and

3 WHEREAS, algae blooms and accelerated growth of aquatic weeds in Lake Conway have heightened community
4 concerns about water quality and eutrophication of surrounding waters; and

5 WHEREAS, pursuant to Section 303(d) of the federal Clean Water Act and the resulting Florida Impaired Waters
6 Rule (Chapter 62-303, Florida Administrative Code), the Florida Department of Environmental Protection (“FDEP”) has
7 classified specific water bodies in Orange County as “impaired” as a result of the presence of excess nutrients; and

8 WHEREAS, the amount of fertilizer applied to a given landscape and the method of application have potential for
9 creating nutrient pollution; and

10 WHEREAS, the amount of fertilizer applied should be the minimum necessary for turf to meet initial
11 establishment and basic growth needs; and

12 WHEREAS, it is generally recognized that Florida soils naturally have a suitable phosphorus content for most
13 vegetative needs and that phosphorus is therefore rarely needed to create or maintain a vibrant landscape; and

14 WHEREAS, it has been recognized that the use of slow release nitrogen sources is more efficiently used by plants
15 and less likely to leach out or wash away in stormwater runoff; and

16 WHEREAS, this ordinance is part of a multi-pronged effort by Belle Isle to reduce nutrient leaching and runoff
17 through improved stormwater management, water conservation efforts, public education, and updated development
18 standards as set forth in the Belle Isle Code.

19
20 BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BELLE ISLE:

21 SECTION 1. Enactment of Fertilizer Management Ordinance. A Fertilizer Management Ordinance, to be codified
22 at Chapter 10, Article IV, Division III of the Belle Isle Municipal Code, Section 10-129 is enacted to read as follows:

23 **The City of Belle Isle adopts the most current version of the Orange County Fertilizer Ordinance in Chapter 15, Article**
24 **XVII of the Orange County Code, Section 15-801 through 15-812**

1 SECTION 2. Codification. This Ordinance shall be incorporated into the Land Development Code of the City of
2 Belle Isle, Florida. Any section, paragraph number, letter and/or any heading may be changed or modified as necessary
3 to effectuate the foregoing. Grammatical, typographical and similar or like errors may be corrected, and additions,
4 alterations, and omissions not affecting the construction or meaning of this ordinance or the Land Development Code
5 may be freely made.

6 SECTION 3. Severability. If any section, subsection, sentence, clause, phrase, word or provision of this
7 Ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, whether for
8 substantive, procedural, or any other reason, such portion shall be deemed a separate, distinct and independent
9 provision, and such holding shall not affect the validity of the remaining portions of this Ordinance.

10 SECTION 4. Conflicts. In the event of a conflict or conflicts between this Ordinance and any other ordinance or
11 provision of law, this Ordinance controls to the extent of the conflict, as allowable under the law.

12 SECTION 5. Effective Date. This Ordinance shall become effective immediately upon adoption by the City Council
13 of the City of Belle Isle, Florida.

14 First reading on _____, 2018.

15 Second Reading and Adoption this _____ day of _____, 2018.
