Mayor and Commissioners,

Please accept this letter of interest and accompanying documents for your consideration of me for the open District Five position on the budget committee.

Following my retirement from McLane Company, my wife Ruth and I returned full time to a home we maintained in Conway Place in South Orlando. In March of 2019 we fulfilled both a dream and a goal and settled in Belle Isle.

We have loved this community from a distance and now, living here for over three years, we love it even more. My desire to be appointed to the budget committee will open an opportunity for me to serve my community while at the same time enable me to apply my business acumen as part of this team.

Sincerely,
