## CONCERN

Something in your home, on your street or in your neighborhood may need attention. Code Enforcement Officers use city data, referrals from other agencies and citizen complaints to learn about these conditions.

## INSPECTION

Code officers visit properties to determine if they are safe and healthy for their occupants and neighbors. If they aren't, a violation is issued.

## RESOLUTION

To resolve the violation, the landlord, homeowner, tenant, or City, must make the necessary repairs or changes to ensure that the properties are safe and properly maintained.
