LLA LOCAL IMPLEMENTATION

The staff has completed a land allocation analysis, and commercial, industrial, and mixed-use land uses makeup 12.9% of the City's land area. Thus, any development under the LLA in the City of Belle Isle must be mixed-use in nature, and single-use multi-family rental projects would not qualify for administrative approval under the Act.

DESIGN AND DEVELOPMENT STANDARDS FOR MULTI-FAMILY DWELLING

Belle Isle's maximum permitted density is 10 du/acre in the Medium Density Residential future land use category pursuant to section 54-76 for Multiple-Family Dwelling Districts R-3. The development standards for R-3 are outlined in section 54-76(D). The R-3 zoning district development standards apply, except for the height restriction. An application submittal must also meet the Impervious Surface Ratio (ISR) requirements for R-3. Parking requirements are contingent upon whether a proposed project is near a transit location, so the City may allow alternatives.

Additionally, section 54-1 (f) stipulates that only one principal building is allowed on a lot.

Per the LLA, all qualifying projects must be administratively approved by City Staff and do not require input and approval from the local Planning and Zoning Board or the City Council.

Information on the Belle Isle Land Development Code can be found online at Library.Municode.Com. The Planning Department can provide assistance accessing the code upon request.
