Hello,

This email is in support of approval of the Wallace Field plans. Belle Isle residents and CCA families have waited a long time for this moment. Improvement of the field into Wallace Park rests in your hands and we are hopeful you will approve the plans.

Four neighbors started an online petition to show how many neighbors are in favor of this park. As of 9 am today, we have 213 signers and growing (all but 5 are either Belle Isle residents or CCA families/teachers). You can find a link below and PDF copies of the signatures and comments attached to this email... This is a huge accomplishment in less than 72 hours via word of mouth. It illustrates that these improvements are wanted by the majority of the community. We are excited to have future city events there, or just visit on a weekend and fly a kite without fear of falling in a rut or being bitten by ants.
