

City Manager Work Plan Items:

- 3904 Arajo condemnation:

The council has agreed and approved the homeowner to fix the house. The homeowner quickly claimed the deed to the new homeowner/builder. The condemnation is on hold.

- Hurricane Ian:

FEMA is still investigating and deciding on whether to accept the documentation that was submitted by us. As part of their review, they asked if anyone could speak to the process regarding debris monitoring. We are still waiting.

- Revenue stream needs:

This FY, we will look at a possible stormwater fee increase for FY 26/27 and any other ways to generate revenue. The state may reduce/reform property taxes for homeowners, which could impact and decrease ad valorem tax revenue. More to come on that.

- Lancaster House Carve Out:

The draft lease agreement, version 2, is being updated. It is going to come back to council once some language is agreed upon.

- Judge/Daetwyler Dr. Transportation Grant:

We met with our engineer to start the design of the project for FY 25/26.

- RFP's:

Lobbying Services – going out for RFP.

IT Services – going out for RFP.

The city has no match money for this project. We are now working with DOT to decrease the scope and we have met for the initial new scope of work on site.

- Purchasing Policy

Our purchasing policy is working now. Staff is working on accountability language. We will send this to our attorney to look at the legal and state statute conditions/requirements after the additional language is put in.

- Annexation:

Orange County is not open to future annexation possibilities to grow the footprint of Belle Isle. We might have to go with involuntary annexation as there is no movement by the county.

- Stormwater Grant:

This is moving forward through the process in the state's budget for this FY 2025/2026.
