### 6. Citizen's Comments

Mayor Fouraker called for citizen comments.

- Holly Bobrowski, residing at 2400 Hoffner Avenue, spoke on Form 6 and its impact on local governments in Florida. She said she does not see the Form requirement as a negative but as an opportunity to streamline our government. She stated that larger cities have fewer commissioners for a population larger than Belle Isle and asked the Council to consider reducing the Council to five Commissioners instead of seven and having all seats elected at large.
- Gary Meloon, residing at 601 Matchett Road, spoke briefly on the proposed Police Boat Ramp and asked what the proposed land use designation would be and if the ramp would be open to the public.

Mayor Fouraker noted that after speaking with the City Manager, he said he would like to make some changes to agenda items and change Citizen Comments to Public Comments moving forward. There being no further comments, Mayor Fouraker closed citizen comments.

## 7. Unfinished Business

### a. Discussion and Approval of PD Boat Dock

Chief Grimm stated that the Council consensus narrowed the location to Wallace Field. Staff had spoken to the surrounding neighbors regarding the proposed plan, and they were in favor of the plan as long as the city built a quality product. In response to the public comment, he said the dock would not be open to the public and would only be used by City staff. He noted that this is an advantageous location because it is in the middle of the lakes and agreed upon by all the Council. The city boats in the water are the most important to allow the Agency to respond accordingly. The City budgeted ARPA Funds to fund the project, and he asked for Council approval to move forward with a Request for Proposal.

Mayor Fouraker stated that the Council held a couple of workshops for discussion on the proposed location. The Clerk compiled Council comments, and one of the reasons Wallace Field was attractive is because the City already owns the land and lowers the project cost to move forward.

City Manager Rudometkin commented that it is a great location and allows much-needed access to the lake for the Police Department.

The Council asked if access to other agencies would be allowed. Chief Grimm said yes if needed, and other emergency and law enforcement agencies would be allowed to use the ramp.

**Comm Partin moved to direct the City Manager to obtain an official property survey and submit a Request for Proposal for the Belle Isle Police Dock at the Wallace Beach Easement location and move forward with a property survey and RFP.**

**Vice Mayor Lowell seconded the motion, which passed unanimously 4:0.**

## 8. New Business

### a. Appointment to Vision Zero Action Plan Working Group

City Manager Rudometkin said in a meeting with the City consultants regarding the Vision Zero Action Plan they requested a stakeholder group consisting of two citizens, a Commissioner, and a staff member. This is not a formal appointment but informational. After the meeting, he asked the Council to let him know if they would like to participate in the stakeholders group.

Vice Mayor Lowell asked if a vote comes before the Council, should the Council be attending the stakeholder's group to excuse themselves from the vote? City Manager Rudometkin said no, it was an information visionary discussion, and he did not believe it would cause a conflict. Attorney Langley recommended that only one commissioner be selected for the discussion.

**10. City Manager's Report**

City Manager Rudometkin said he is reviewing upcoming procedural changes with staff and has enjoyed meeting staff and residents. He is reviewing the location and buildout of a City complex, annexation, and the upcoming Centennial and will have it on a workshop agenda for discussion.
