

**CITY OF BELLE ISLE, FLORIDA
CITY COUNCIL AGENDA ITEM COVER SHEET**

Meeting Date: January 3, 2023

To: Honorable Mayor and City Council Members

From: B. Francis, City Manager

Subject: Registration of Septic Haulers

Background: As directed by the City Council, the staff drafted language to register septic haulers who operate in the City. It is necessary to register septic haulers to make sure they have the proper state licenses and other documentation that allow them to legally operate in the City. It also allows for the City to take some action against the hauler if they do not perform their duties according to their license. It allows haulers to use city streets when hauling septic loads. If there is a spill, the registration provides the City will emergency contact numbers for spill remediation. The City can also provide a list of registered contractors to residents who call and ask who they can (or can't) use.

Staff Recommendation: Discuss the proposed language and provide changes if necessary. If no changes are necessary, direct the staff to prepare the ordinance for a first reading at the next Council meeting.

Suggested Motion: I move that we direct the City staff to finalize the ordinance to register septic haulers and place the Ordinance on the January 17, 2023 Council Agenda for a first reading.

Alternatives: Provide additional guidance to the staff

Fiscal Impact: None
