

**CITY OF BELLE ISLE, FLORIDA
CITY COUNCIL AGENDA ITEM COVER SHEET**

Meeting Date: June 25, 2024

To: Planning and Zoning Board

From: Stephen Noto, AICP
Alexis Crespo, AICP
RVi Planning & Landscape Architecture

Subject: Comprehensive Plan Update

Background: RVi Planning and Landscape Architecture was hired by the City in 2023 to complete an update to the City's Comprehensive Plan, primarily to address changes since the Plan's last major update in 2010 and to address mandatory updates based upon Florida Statutes.

A Preliminary Assessment Report was completed by RVi and delivered to the City in the fall of 2023 – attached as Exhibit A. This Report provided a full analysis of the City's demographics (existing and projected), land uses, infrastructure, as well as an analysis of all the existing Comprehensive Plan policies for consistency with State law and relevancy.

Since the analysis is related to the broad based and non-regulatory Comprehensive Plan, specific day to day operational items such as waste pickup and department operations, were not included, nor are they intended to be as part of this type of exercise.

Since the completion of the Report, RVi has been coordinating with the City Manager, staff, and Working Group, on the updates to the nine (9) elements in the Comprehensive Plan. These elements must be reviewed by the Planning and Zoning Board, recommended for action to the City Council, then sent to the Florida Department of Commerce for review. Following state review a final hearing before the City Council is required for final adoption of the updated Plan. The final adoption must occur by March 2025.

Due to the wide scope of the project, the updated elements will be provided to the Planning in Zoning Board in two (2) parts, in order to allow for timely review and comment by staff and members of the Planning and Zoning Board. The City last completed an Evaluation and Appraisal Report (EAR) in 2008, which led to the last major update in 2010. While small updates and changes have occurred overtime, the Comprehensive Plan has not been evaluated since that time.

The Phase “1” presentation occurred on May 28, 2024, and covered the Conversation, Housing, Intergovernmental Coordination, and Recreation and Open Space Elements. Those elements will be voted on as a recommendation to the City Council at the June 25, 2024 meeting.

The elements reviewed as part of this presentation “Phase 2” are the Future Land Use, Capital Improvements, Infrastructure, Public School Facilities and Transportation Elements. These “Phase 2” elements will be voted on as a recommendation to the City Council at the July 23, 2024 meeting.

Below is a brief summary of the recommended updates to the referenced elements, as shown in the strike-through/underline versions of the associated elements.
