OPC Projects

## Recommended Action:

Staff recommends that the Council approve an agreement with Osprey Development, LLC, in the final form negotiated by the Town attorney. The Mayor and Town Administrator will execute this agreement.

**Purpose & Summary:** Osprey Development is building 59 affordable housing units adjacent to Hamlet Woods. This agreement would reduce the taxable rate by the Council's approval of a PILOT, which would have the following provisions:

- Reduced Taxes at a per-unit rate with increases over an extended period up to 30 years (\$600 per unit per year with increases over the life of the 30-year term).
- Agreement that the units will be maintained and kept as affordable housing.
- The Town will not provide trash or recycling services to this property.

## **Impact**

- This would create 59 quality units that would serve individuals at 60-80 percent of the AMI.
- The project would redevelop a parcel that has been designated for housing but has not been completed for several years.
- Currently, the land is unimproved, and the Town receives around \$3000.00 yearly in property taxes. The proposed agreement reduced the taxable amount due to using tax credits and DCHD funding at the site.
- The county has a similar agreement with the developer, and State funds have been provided to support this project.
- The developer will be hiring people locally for construction opportunities.

If you have any questions regarding this matter, the Town Administrator or Mr. Tinelli can answer them.
