**PROJECT CONTEXT**

## PROJECT INFORMATION

This project will explore design concepts for a new Bladensburg Town Hall, estimated at around 29,000 sq. ft. (to be confirmed).

The building will provide spaces for both Town Hall administration services, as well as operation space for the Bladensburg Police Department .

# TOWN CONTEXT

- Bladensburg's proximity to Washington D.C. and tributaries of the Chesapeake Bay Watershed have established the area as a **Port Town**. Additional port towns of Prince George's County include Colmar Manor, Cottage City, and Edmonston.
- The largest percentage of the population is Black or **African-American (65%)**, followed by **Hispanic or Latino (25%)**.
- Nearly *half* of residents speak a **non - English language** at home, as the most common languages are English, followed by Spanish.
- As of the 2020 census, Bladensburg has a population of about **9,657 people**.

# COMMUNITY AMENITIES

Bladensburg features a scenic Bladensburg Waterfront Park, a modern public library, historic landmarks like the Bostwick and Magruder House, convenient access to parks, schools, and public transportation, making it a vibrant and well-connected community.

# FUTURE PLANS

Future plans for Bladensburg's development are outlined in the 2009 Port Towns Sector Plan, which is currently being amended into the Port Towns Sector Plan and Sectional Map Amendment.

The Town of Bladensburg's Legislative Priorities of 2025 and the Maryland-National Capital Park and Planning Commission's 2035 General Plan for Prince George's County are additional plans in place.

These plans describe overarching goals to achieve increased access to clean air, fresh food, water, public transit, etc.

# POTENTIAL SITES

There are two potential parcels for the development of the new town hall building, the existing site of the Bladensburg Town Hall, and a potential parcel, Parcel 4, on Annapolis Road.

The existing site is within the Commercial, Service (CS) zoning district.

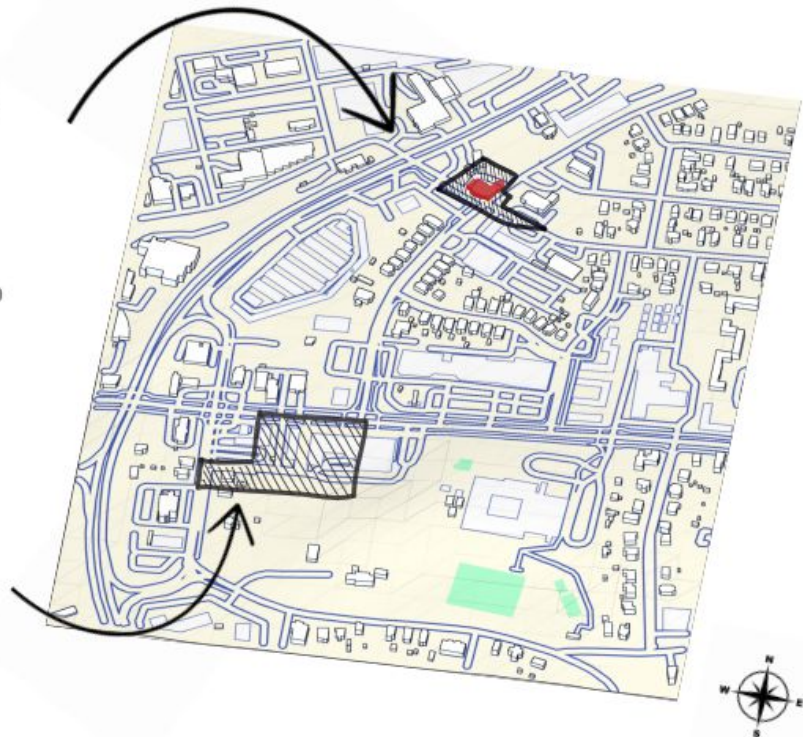

Parcel 4 is within an Agriculture and Preservation (AG) zoning district.

## **SITE 1 ANALYSIS: EXISTING TOWN HALL**

## SITE 1: EXISTING TOWN HALL

## CONTEXT

The existing town hall and police department are located at 4229 Edmonston Road.

# SITE 1: EXISTING TOWN HALL

## INTERIOR

- **Operational Challenges:** Lack of communal spaces
- **Privacy Concerns:** Existing layout compromises individual workspace privacy especially in police station.
- **Space & Storage Needs:** The existing Town Hall and police department require additional space and storage.
- **Improved Circulation:** A more efficient layout is needed for better workflow and accessibility.
- **Future Expansion:** The new facility must accommodate operational growth and evolving community needs.

including adjacent park.

Potential to move some uses  
to Annex Building

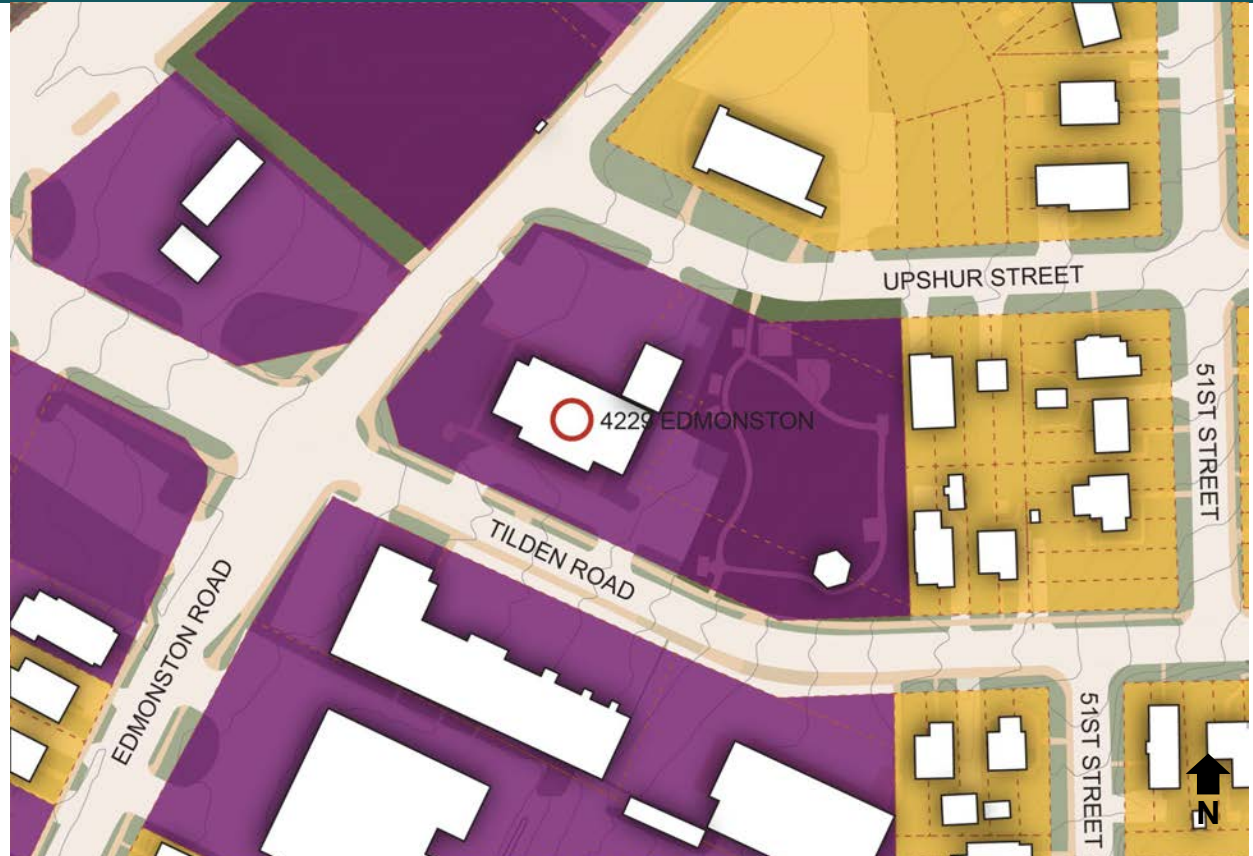

# SITE 1: EXISTING TOWN HALL

## ZONING

The existing site is  
Commercial Service  
surrounded by Residential.

### LEGEND

-  Commercial, Service (CS)
-  Residential Single Family 65 (RSF-65)

## SITE 1: EXISTING TOWN HALL

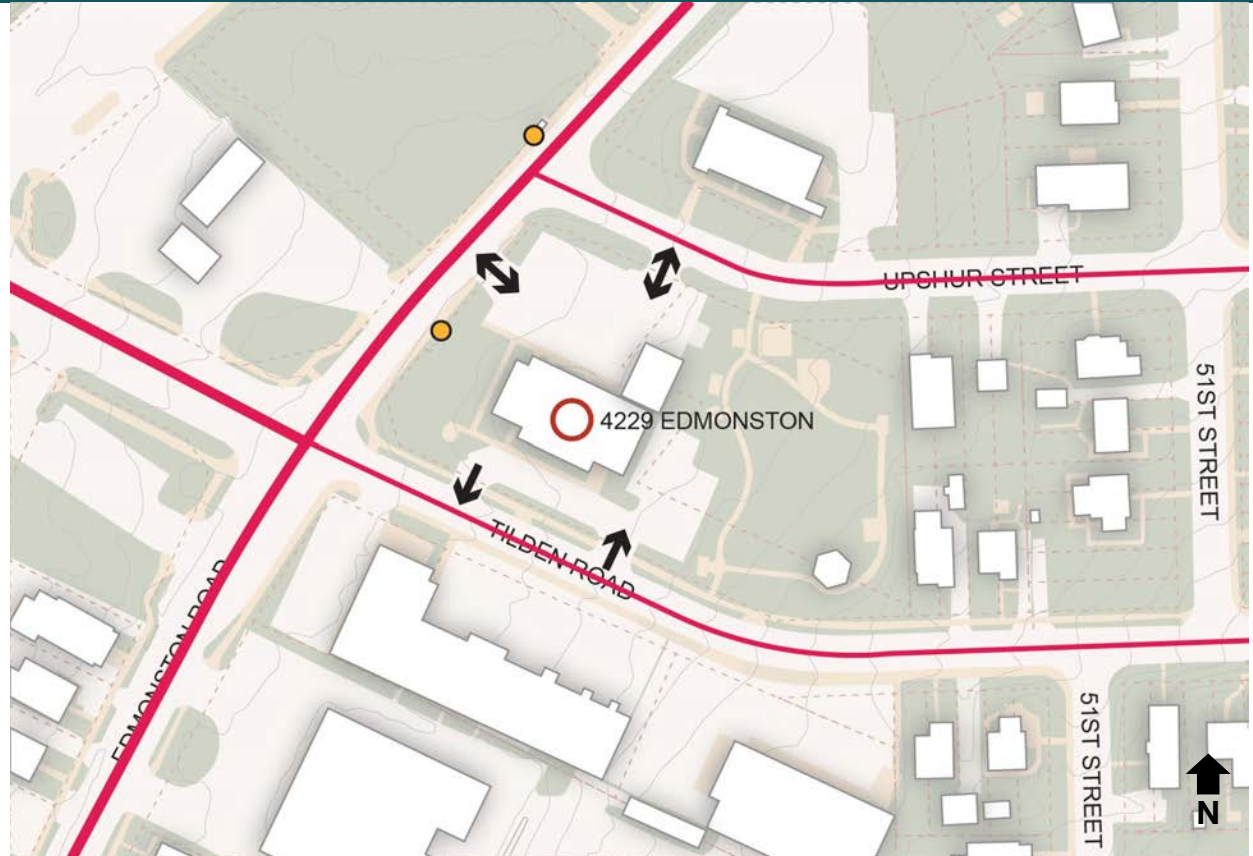

## ACCESS

Convenient vehicular access from Kenilworth Ave., a major artery through Bladensburg, connecting the neighborhood to 495.

Residential areas neighbor the site to the east. Potential pedestrian traffic from the east on Upshur, Tilden, and also Edmonston to the west.

### LEGEND

-  Collector road
-  Local road
-  Bus stop on T14 route

## SITE 1: EXISTING TOWN HALL

## GREENSPACE

This site is adjacent to a public park and future potential development of greenspace.

The undeveloped land across Edmonston Road can be used to set up temporary offices if the project requires phasing.

### LEGEND

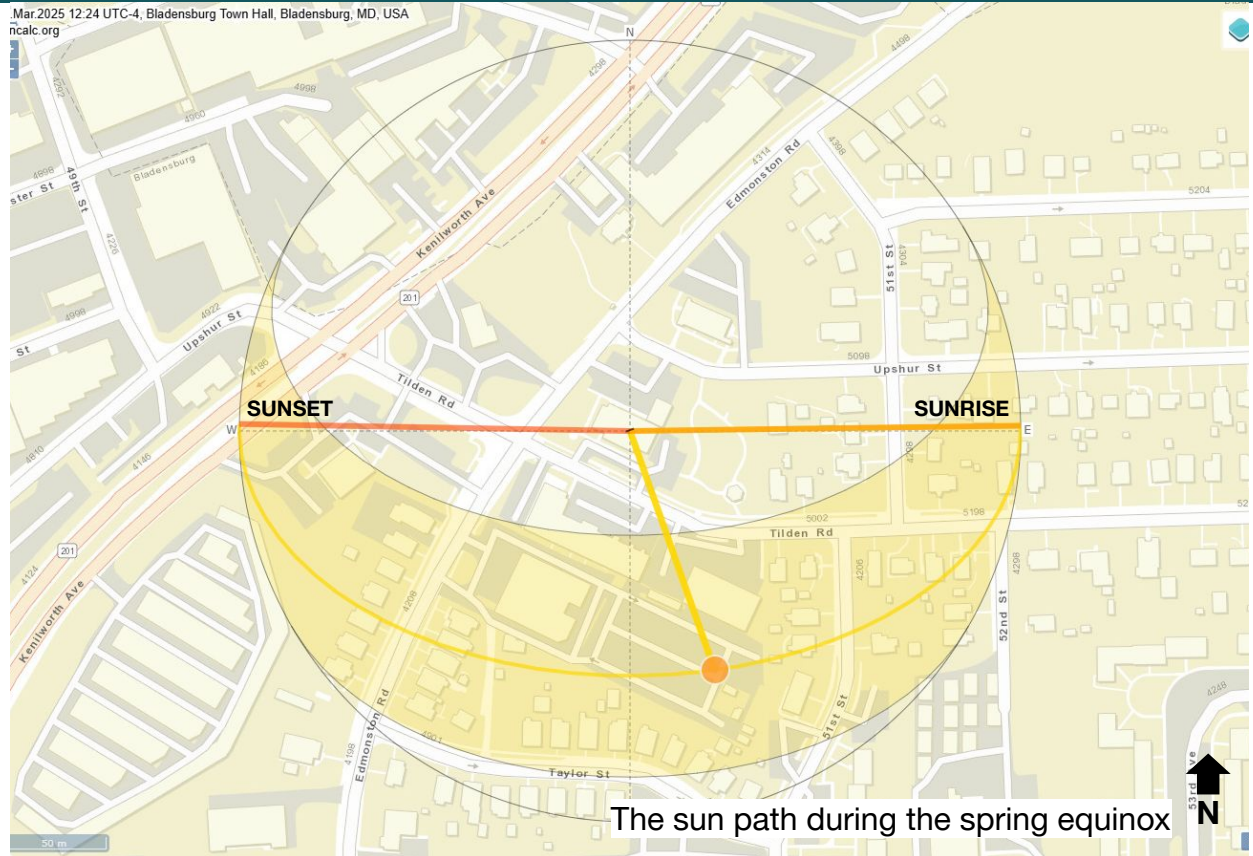

Existing park,  
natural area or  
undeveloped land

# SITE 1: EXISTING TOWN HALL

# SUN DIAGRAM

- Southern façade facing **Tilden Street** will be best for large openings, providing ample natural light and passive solar heating in winter while allowing for effective shading in summer.
- Openings on the south and east can maximize views to park while maintaining energy efficiency and comfort.
- Western façade may have openings but may require shading to reduce afternoon heat gain.
- Northern façade: Ideal for indirect, glare-free daylighting with consistent illumination.

# SITE 1: EXISTING TOWN HALL

## ADVANTAGES

- Good location: along main corridor - better visibility and community engagement
- Prominent intersection
- Proximity to greenspace and public park
- No zoning amendments required
- Less site work compared to Site 2: Bostwick Site

## DISADVANTAGES

- Requires phased construction and relocation of existing operations

## **SITE 2: BOSTWICK HOUSE HISTORIC SITE**

## SITE 2: BOSTWICK HOUSE SITE

## CONTEXT

This site is located adjacent to the Bostwick House, home of 18th-century merchant, Christopher Lowndes.

As recognized by the University of Maryland, the site dually represents “the early African-American experience” through the ownership of enslaved people and reflects “Maryland’s colonial elite”.

## SITE 2: BOSTWICK HOUSE

### ADVANTAGES

- Proximity to cultural site
- New Construction - no need for phasing

### DISADVANTAGES

- Currently Zoned as Agriculture and Preservation (AG) will require amendment to zoning
- Will require tree removal and more site preparation
- Access is hidden and site lacks visibility
- Smaller constrained site
- More difficult to address parking requirements

# PROGRAM

**TOTAL BUILDING AREA:**

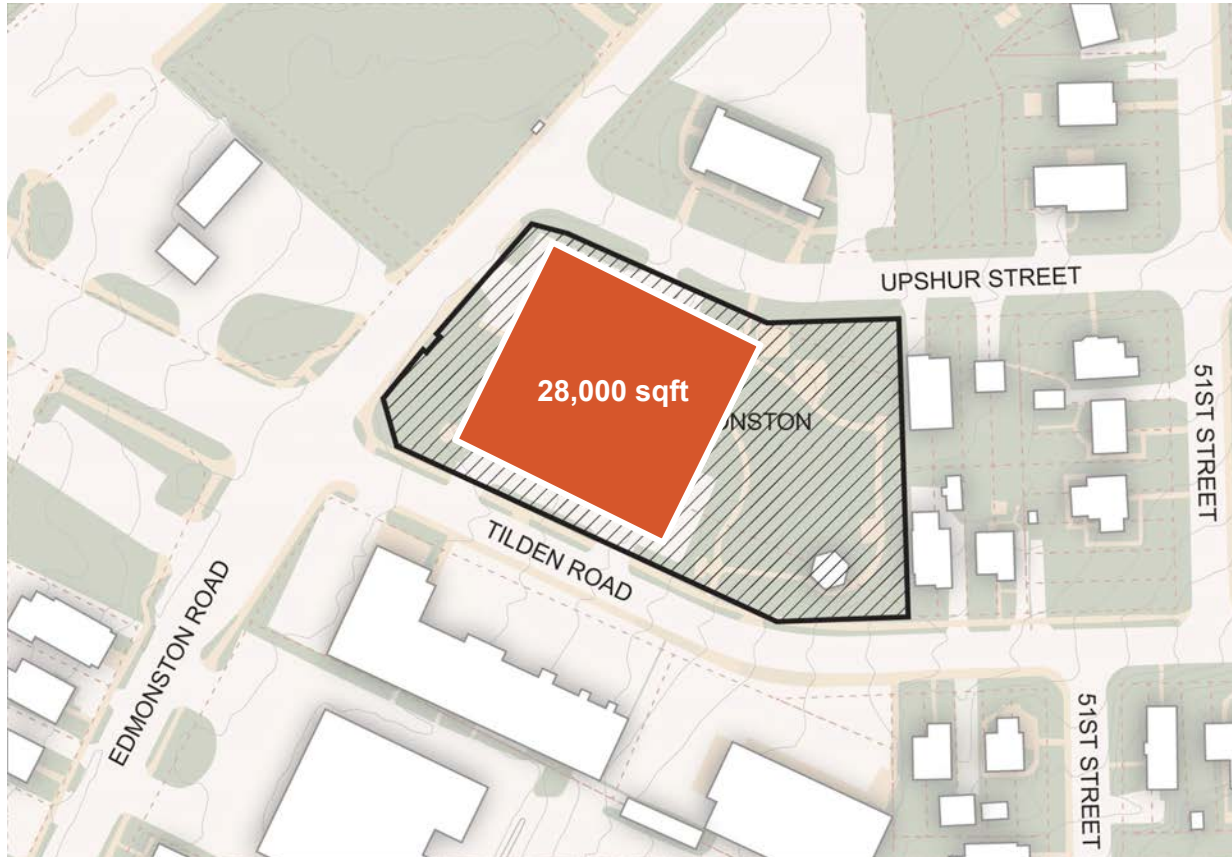

**28,025 sqft**

## PROGRAM - TOWN HALL SITE

- Existing Town Hall Building  
~ 7000sqft
- Not feasible for renovation/  
re-configuration

## PROGRAM - TOWN HALL SITE

**If the desired 28,000 sq.ft. of program is contained to one-story, the building would consume a large portion of the site.**

**If the park's square footage remains as it is, little area remains room for parking.**

## PROGRAM - TOWN HALL SITE

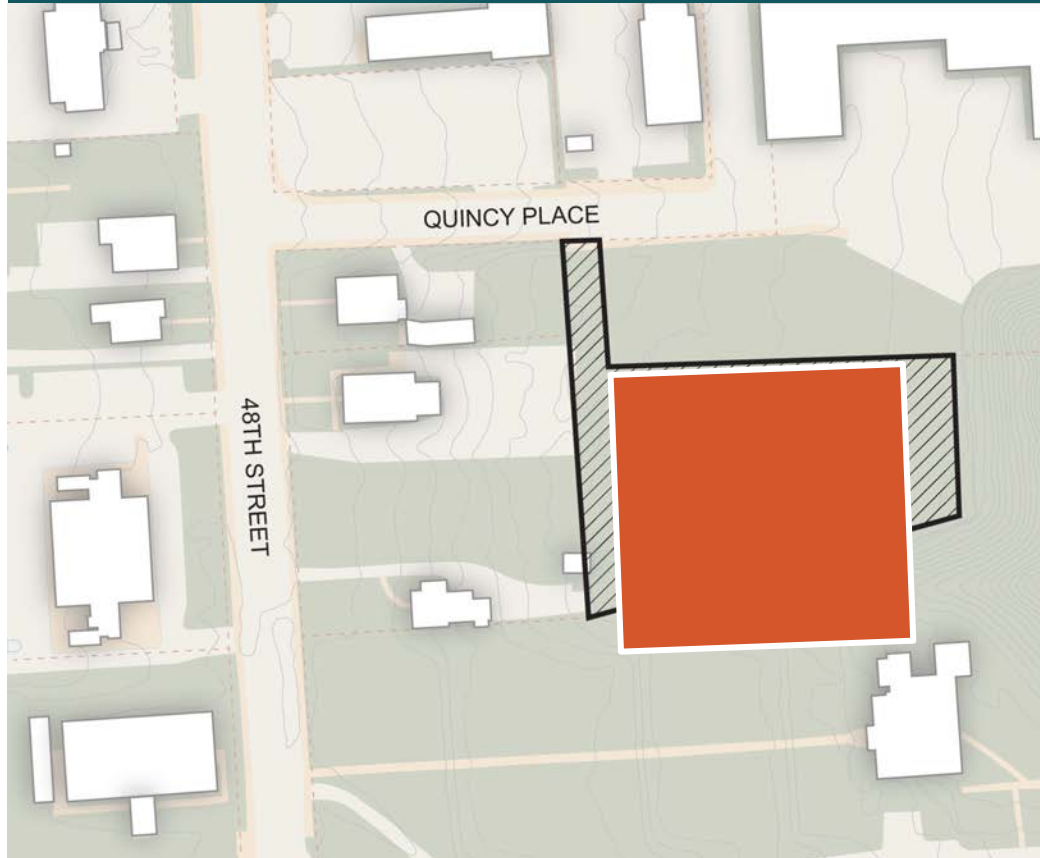

## 2 STORY BUILDING

**If the program is proposed as a two story building, there is more room for parking and efficient building access.**

## PROGRAM: BOSTWICK HOUSE SITE

Similarly, if all program is laid out on the site the proposed building area of about 28,000 sqft, the building program is larger than the proposed lot size.

## PROGRAM: BOSTWICK HOUSE SITE

## 2 STORY BUILDING

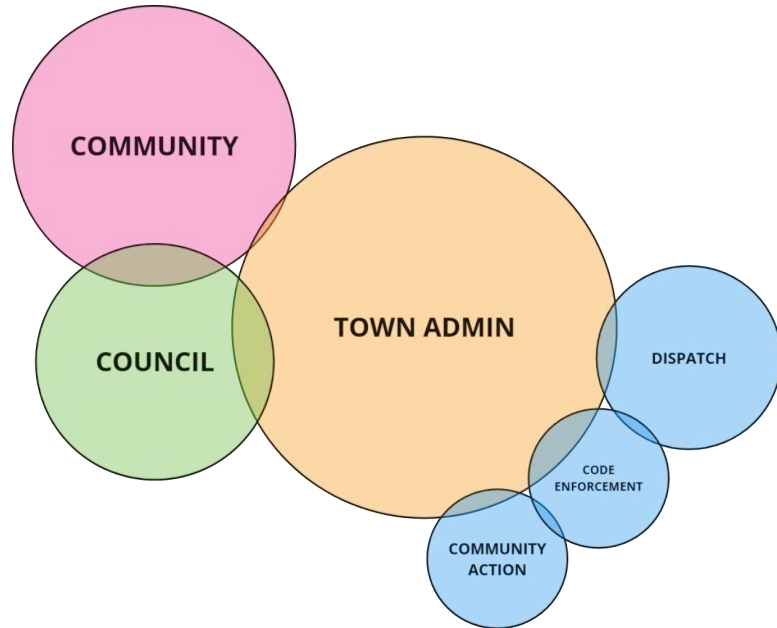

If the program is proposed as a two story building, the program would fit on site, but leave little room for parking. For a more efficient use of the site, there is need for multiple stories.

# SITE + PROGRAM ANALYSIS SUMMARY

## EXISTING TOWN HALL SITE

- **Strategic Location:** Situated along a main corridor, ensuring high visibility and strong community engagement.
- **High Accessibility:** Located at a prominent intersection, making it easy to find and access.
- **Nearby Amenities:** Close to a public park and greenspace, enhancing the site's appeal and potential for outdoor events.
- **Zoning Advantage:** No rezoning required, streamlining the approval process.
- **Site Efficiency:** Requires less site preparation compared to the Bostwick House site, reducing initial development costs.
- **Phased Development:** Project may need to be completed in phases, potentially extending the timeline.

# SITE + PROGRAM ANALYSIS SUMMARY

## BOSTWICK HOUSE

- **Cultural Connection:** Close to a cultural site, which could enhance community and historical ties.
- **Streamlined Construction:** No need for phased development, allowing for a more straightforward build.
- **Zoning Challenge:** Currently designated as Agriculture and Preservation (AG), requiring a zoning change.
- **Extensive Site Work:** More preparation needed, including tree removal and land development.
- **Limited Visibility:** Site is less accessible and not easily seen from main roads.

# NDC believes

- Everyone deserves access to good design.
- The more inclusive and community-driven the process, the better the design.
- Well-designed places enhance healthy cultural and democratic life in our neighborhoods.
- Healthy places are built with consideration of social justice, environmental sustainability, and the true character of a place and the people who live, work, worship and do business there.
