These cool shelters will help reduce urban heat, provide shaded, energy-efficient waiting areas, and promote sustainable practices within public spaces.</p> <p>This grant will help advance Bladensburg's green priorities, promoting energy efficiency and sustainable infrastructure. Future phases of the project will include the hiring of staff members, which was funded for \$140,000 for a two-year period and will be included in the FY 2026 Budget. Additionally, additional green initiatives will be included as part of the MSEC's commitment to fostering sustainable development in Maryland communities.</p> <p>The town administrator will be available to answer questions about this item.</p> | |
