B. Review of Citizen Survey and Provide Board of Trustees Recommendations

The Committee reviewed the citizen survey results. Manager Eddy noted there were 187 responses. One response was submitted by a former resident. Additionally, 28 residents

answered the survey twice or at least under the same name/email address leaving 158 unique validated individuals answering.

Discussion of what the Trustees were looking for. Suggestion to develop an executive summary of what was found and responses. Discussion on short-term rentals in that the code enforcement is more of the focus and not necessarily a priority as a topic.

Discussion that the priorities ranked are roads, Tarn and wildfire mitigation and to include all of the comments as an appendix. Discussion to have the executive summary with the appendices and not try to filter or interpret but leave for the Trustees to review.

Decision to spend the next month reviewing and deep diving into each priority, placing them in order and then developing a recommendation with action items.

Decision to have each committee member take a section and provide a summary:

Kraus: Tarn

Kucera: Wildfire

Queen: Safety/Code

Wiley: Roads
