Bluffton Village PUD

- PUD and Development Agreement approved by Town in 2000. Agreement expires October 17, 2024.
- The approved Development Agreement includes permitted land uses, development standards (i.e., building setbacks and height), building types, design requirements, and signage.
- Transition of zoning regulations to UDO necessary
- Property owner meeting held July 11 at library to explain reason and process.
- Staff working with POA Manager.

Transition to UDO

- Zoning regulations in the current Development Agreement will need a new “home,” which would be the Unified Development Ordinance (UDO).
- Zoning regulations would transition into the UDO as follows:
 - Establish the Planned Unit Development for Bluffton Village District (Sec. 4.1.1)
 - Establish Permitted Land Uses for the PUD (Table 4.3) and Use Conditions (Sec. 4.4.2.E)
 - Residential Density
 - Building Square Footage
 - Building Typologies / Design
 - Development Standards
 - Signage

These standards will be in a new Appendix A in UDO.
No changes are proposed.

UDO Amendments – Establish the Zoning District

Sec. 4.2.15 Zoning District Provisions,

4.2.15 Planned Unit Development (PUD) for Bluffton Village

- A. **Purpose and Intent.** The PUD district provides certain zoning regulations for Bluffton Village subsequent to the expiration of its Development Agreement with the Town of Bluffton.
- B. **Applicability.** The boundaries of Bluffton Village PUD district are illustrated on the Official Zoning Map and the district is shown as “PUD.”
- C. **Allowed Uses.** Uses permitted and conditions and standards for those permitted uses are provided in Section 4.3
- D. **Density.** Maximum residential density shall be subject to the standard in Appendix A of this UDO.
- E. **Square Footage.** Maximum square footage allocated for the entirety of Bluffton Village and for individual lots within Bluffton Village shall be subject to Appendix A of this UDO.
- F. **Lot Standards.** All lots shall be subject to the standards in Appendix A of this UDO.
- G. **Building Standards.** All buildings shall be subject to the standards in Appendix A of this UDO.

The zoning district for Bluffton Village would be created to include cross-references to applicable district standards in Appendix A. Allowed land uses would be included in UDO Table 4.3.

CORNER BUILDINGS

General Requirements:

- Building design must address the importance of the corner. It is recommended that this is done by introducing a separate and distinct element that is independent of the surfaces it joins. The corner condition can be articulated in several ways. These options must be explored.
- The ground floor of the building must be roughly level with the sidewalk on the edge defining street front.
- Facade at street front must have a defined datum line occurring between 10' and 12' above the sidewalk.
- Minimum of one entrance fronting each street front unless an entry is provided at the corner.
- Minimum first floor opacity = 60%
- Minimum second floor opacity = 20%
- The building must express the three basic components of *Base, Body, and Capital*.

Building Placement:

- Build-to-line Locations: 0 ft. from street front property line
- Side setbacks: none
- Minimum building frontage: 75% of street frontage

Height:

- Maximum building height: 35 ft.
- Minimum building height: 2 stories*
- * unless otherwise noted on Regulating Map.
