

TOWN COUNCIL

STAFF REPORT Executive Department

MEETING DATE:	May 13, 2025
PROJECT:	Consideration of an Ordinance Amending Chapter 2 – Administration, Article IX - Purchasing
PROJECT MANAGER:	Chris Forster, Assistant Town Manager

RECOMMENDATION: Staff recommends amending Chapter 2 – Administration, Article IX – Purchasing, to update and increase purchasing thresholds to align with rising costs and operational needs since the ordinance was first adopted.

BACKGROUND/DISCUSSION: The Town of Bluffton has a Purchasing Ordinance, (hereinafter referred to as “the Ordinance”) adopted as Chapter 2, Article IX of the Town of Bluffton Code of Ordinances. The Town also has a Procurement Policy and Procedure Manual (hereinafter referred to as “the Manual”) which incorporates the Purchasing Ordinance within and is intended to serve as a guide of the checks and balances, duties and responsibilities required to enact the Procurement Ordinance. The Purchasing Ordinance is a regulation by which the Town must be bound; the Manual, approved by the Town Manager, is a guide for operating procedures which provide a procurement system of quality, integrity, cost effectiveness, and public accountability. The current ordinance was originally adopted on July 15, 2008.

ANALYSIS: The current ordinance defines nonexpendable supplies as tangible supplies with a cost over \$2,500 and defines small purchases as anything under \$25,000. Any contract/purchase over \$25,000 would require a competitive sealed bid. There is an exception for architect, engineer, construction management, land surveying, auditing and other professional services which requires a public announcement and allows the purchasing official to negotiate such contracts based on competence and qualifications at fair and reasonable prices.

This ordinance and current dollar thresholds were put in place seventeen years ago. Operational needs, responding to rapid growth and services needs and the cost of goods and services have changed significantly since then. When adjusted for inflation, the small purchases threshold would be nearly \$37,000. We compared our thresholds to peer governments and both the City of Hardeeville, and the City of Beaufort set their threshold for small purchases up to \$100,000. This better aligns with current economic constraints and reduces barriers to respond quickly to better serve the public. The Ordinance also allows the Town Manager to set additional controls, policies and procedures as part of the Manual.

RECOMMENDATION: Staff recommend that the Town Council authorize the amendment of the Ordinance to define small purchases as anything less than \$100,000. Increasing the small purchase threshold to \$100,000 would eliminate the need for sec. 2-281 which currently includes an exception to the lower threshold for professional services.

It is also recommended to adjust the definition of nonexpendable supplies by having an acquisition cost of over \$15,000. It is recommended to keep the provision allowing the Town Manager to approve additional policies and procedures for small purchases as part of the Manual.

NEXT STEPS: If the amended ordinance is approved on first reading, it will be presented for second and final reading at the June 10, 2025 Council meeting.
