Good morning my town of Bluffton friends!

Please see below per your request for January's meeting. I am super grateful for all your help with this. Please let me know if you need any additional information.

1. **11 Rose Dhu Creek Plantation Drive, Bluffton S.C. 29910**
2. **2 Miniature Highland Cows. Max grow is 36 inches tall. See pictures attached.**
  - a. One Steer (DOB 11/13/22) ID# 47BLJ8691
  - b. One Heifer (DOB 10/17/22) ID#47BLJ8690
3. **Impact to Neighbors:**
  - a. See Exhibit A. Our personal residence is property #1. It is 4.5-acre lot with about 1.25 acres being completely fenced in. This area once housed multiple horses. It sits between 46 and Property #2. Property #2 belongs to John & Erin Ussery. Property #3 is Drew & Marsha Hunter. Directly across from my personal residence is property 4. This is a 44 Unit Equestrian center that is fully occupied with a total of 6 large grazing pastures directly across from our property.
  - b. I have received verbal and written confirmation that our two closest neighbors (in proximity) are in support of the cows residing on our property.
  - c. Both cows will reside in the fenced area at the front of our property, and we do not anticipate ever moving them unless required for appropriate veterinary care. We believe that this will eliminate any negative impact these cows could possibly have on neighbors.
4. **How the animals will be confined:**
  - a. The cows will reside in a 1.25 Acre pasture at the front of the property. (See exhibit 2). This is a full grass pasture surrounded completely by a 5-foot-tall white fence. The pasture also includes a 14ft x 10ft run in shelter for when it rains or is hot.
5. The Rose Dhu neighborhood has numerous horses, chickens, ducks, *and even* a donkey residing in the neighborhood. Historically, the town has approved goats and a potbelly pig in Rose Dhu in years past. These cows will grow no larger than 36 inches, meaning much smaller than a horse and donkey.
6. **Helpful information:**

- a. My wife and I have 4 children, ages are 8 months, 3, 5, & 7. We live in a barn, so yes, our life is a bit unconventional. We live in a world where our kids (and adults) are glued to screens, T.V., phones, & computers. We purchased these 4.5 acres for the land and the ability for our family to adventure outside. The cows are an opportunity to teach our kids responsibility and to share this experience with our communities' kids.
- b. These cows are very low maintenance and docile in affect; especially in pairs and when cared for by humans starting at a young age.
- c. Their max heigh capacity being miniature is 36 inches tall.
- d. We will utilize Carter Veterinary Services located in Hardeeville, SC for all veterinary needs.
- e. Attached you will find the certificate for the certified veterinary inspection for both cows
