The proposed project involves the construction of a **new two-story, single-family residential structure** based on the **Center Hall House** type of approximately **3,741 square feet**, along with an attached **Carriage House** of approximately **933 square feet**, located at 8 Blue Crab Street in neighborhood of Tabby Roads in the Old Town Bluffton Historic District.

The site is primarily flat with surrounding homes of similar scale to the proposed design. The design is intended to reflect the architectural character of the Neighborhood General Historic District.

- Features a double height front porch

- Features tabby stucco on masonry elements
- Siding includes permitted board and batten, lap siding, and shingle with expression lines separating materials and floor levels per UDO 5.15.6.G

- Features tabby stucco on masonry elements
- Siding includes permitted board and batten, lap siding, and shingle with expression lines separating materials and floor levels per UDO 5.15.6.G
- We are suggesting boral trim material as an alternative to wood. Please see the attached supportive product information.
- We would like to suggest a high quality composite wood material for the shutters that are aesthetically similar to sturdy wood shutters. Please see attached supportive product information

The Carriage House is designed to be subordinate in scale and complementary in style to the main residence. The design reflects UDO 5.15.8.F characteristics listed below:

- 2-stories, less than 1,200 sf total
- Building footprint is 563sf
- Features 2-car garage and bonus dwelling unit
- Located at the rear of the primary structure
