100% ANNEXATION APPLICATION

PROJECT NARRATIVE

The Applicant, University Investments, LLC ("University Investments"), seeks approval to annex 65.592 acres of land into the Buckwalter PUD, to be designated as 65.592 acres of Grande Oaks Commons. Grande Oaks Commons will include Parcel 12D tax map number R600-029-000-2410-0000 at 12.348 acres and Parcels 14A, 14, and 16 tax map number R600-029-000-0014-0000 at 20.457 acres, 24.650 acres, and 8.137 acres, respectively. Grande Oaks Commons will consist of 27.435 acres of upland and 38.157 acres of wetland. This amendment has the effect of adding an additional 32 acres of General Commercial acreage to the total General Commercial Development Rights within the Buckwalter PUD under this annexation application. There will be no change to the total residential Development Rights within the Buckwalter PUD under this annexation application. This narrative is specific to the proposed Annexation of Grande Oaks Commons into the Buckwalter PUD. Concurrent applications being submitted with this request are as follows:

1. Concept Plan Amendment Application
2. Comprehensive Plan Amendment Application
3. Development Agreement Application
4. Zoning Map Amendment Application
5. Zoning Map/Text Amendment Application

Grande Oaks Commons is currently located within the Grande Oaks PUD and is currently designated as a Village Center (VC) land use area. This planning area is very similar to the Buckwalter Commons Land Use Tract under the Buckwalter Concept Plan. Under the VC (Village Center) land use area of Grande Oaks PUD, all residential uses are allowed, including single family and multifamily. A very broad range of commercial uses is also allowed under the VC designation, including virtually all types of retail uses, institutional/Church uses, and a broad range of civic office and facility uses. These allowed uses under the Grande Oaks PUD are very similar to the allowed uses under the newly created Grande Oaks Commons of the Buckwalter PUD Concept Plan. A comparison chart of allowed uses is submitted with this Application.

Grande Oaks Commons is located along the northern border of the Grande Oaks PUD, immediately to the south of, and adjacent to, the Buckwalter Commons Land Use Tract. University Investments is the current owner of Grande Oaks Commons and is also the current owner of a substantial portion of the undeveloped part of Buckwalter Commons Land Use Tract, immediately adjacent to the north of Grande Oaks Commons which will provide access to Buckwalter Parkway.

The annexation and rezoning into Buckwalter PUD and designation as Grande Oaks Commons, to be created by the approval of the concurrent Buckwalter PUD Text Amendment Application, will allow University Investments and the Town to expand their coordinated planning at this important location near the corner of Buckwalter Parkway and Bluffton Parkway. Current preliminary planning for this expanded area contemplates a mixed use, village style, development, including extensive medical services and commercial establishments. Planning and developing this combined area under Bluffton review and development standards will greatly enhance the quality of the future development. Again, no additional residential development rights are being added to the Buckwalter PUD under this annexation.

It is also important to note that this annexation and zoning will allow an additional access point, off Lake Point Drive, for existing residents of Grande Oaks PUD to reach the planned commercial area of the existing Buckwalter Commons Land Use Tract owned by University Investments. This important new access will lead to already approved access points to Bluffton Parkway, through the University Investments Area. The access points were designated by the Buckwalter Parkway Phase 4 Access Management Plan, adopted by the Town, which include signalized and unsignalized accesses. An additional separate agreement was made between University Investments, Grande Oaks, LLC, the Town and the County for the location of the 3 Bluffton Parkway access points and University's Investment's commitment to allow the right-of-way through their properties within the Buckwalter Commons Land Use Tract to the north of the Grande Oaks PUD. This agreement has been attached to this application.

This Application presents an opportunity for Bluffton to enhance its current planning role for this important planned commercial/mixed use area, enhance the tax base of the Town, enhance vehicular access for present and future development, and do so by adding no additional development intensity to the area beyond that already allowed by existing Bluffton zoning and existing Beaufort County zoning. In fact, many uses will be down zoned.

This Narrative will now address the following Application Review Criteria, as established under Article 3, Section 3.8.3 of the Unified Development Ordinance:

A. The Town has previously approved the Buckwalter Concept Plan, as amended, as being consistent with these primary goals of the Town. This requested change simply brings additional property into the Town's planning and permitting jurisdiction, while supplementing vehicular access to existing Town property as well as adjacent County controlled property. This Application is consistent with all of these primary goals of the Town.

Grande Oaks Commons is currently designated as Suburban Living. The Suburban Living category is intended to include low-density single-family neighborhoods. Much of this category includes portions of large Planned Unit Developments that are under active construction or are built-out.

Allowable density is up to three dwelling units per acre and must be at least one dwelling unit per acre. Community amenities such as trails, parks, and centralized swimming pools are encouraged.

To permit the uses allowed within the proposed Grande Oaks Commons Land Use Tract and the utilization of the requested 32 acres of General Commercial Development Rights in Grande Oaks Commons, the future land use designation will need to be changed to Neighborhood Center. The Neighborhood Center category is intended to guide emerging neighborhood-focused retail clusters throughout the community. These centers, such as Buckwalter Place, provide the opportunity for residents to be within walking distance of grocers, restaurants, retailers, and medical offices. These centers help establish neighborhood identity and are best served when supported by a mix of middle housing and single-family residences within walking or biking distance. These centers are best designed to provide automobile access within a pedestrian-oriented environment. Inclusion of public green space is encouraged.

Neighborhood centers are based on the same foundation as the Town Center, to create a pedestrian-oriented environment, but the overall design is open for interpretation / adaptation to localized design guidance. Plentiful pedestrian connections ensure long-term health of the neighborhood and anchors the community around the public spaces within the neighborhood center. While neighborhood-serving commercial uses are predominant within the designation, appropriately scaled commercial office space is encouraged to strengthen the mix of uses within the overall community. Development within the district is pedestrian scaled. Buildings up to three stories are appropriate so long as they are properly buffered and screened from any lower intensity uses in the area. Out-lot parcel development will address the street, and parking will be consolidated to the greatest extent possible to enhance the pedestrian environment.

The Town of Bluffton Comprehensive Plan Figure 7.7 – Growth Framework shows a majority of Grande Oaks Commons within a Town Center Node which the Unified Development Ordinance, Section 6.1.2.C defines as:

Located in the most intensely developed areas or those areas to be intensely developed, Town Centers consist of compact, complete, and highly connected neighborhoods that support a larger, most intense mixed-use development condition. Buildings within the Town Center are usually larger, attached, and may be up to five stories in height.

This area is a commercial node. The addition of Grande Oaks Commons to the Buckwalter PUD will allow for additional commercial properties to better serve the community and support the continuing growth of the area's population. Office buildings, medical facilities, retail, and restaurants are just some examples of how development in Grande Oaks Commons would support the population of the Buckwalter PUD.

Grande Oaks Commons, currently part of the Grande Oaks PUD, will become part of the Buckwalter PUD. Public services and utilities are and have been previously certified as adequate for the proposed uses. Letters of commitment to serve were included in the Grande Oaks PUD documentation. The only change will be that Grande Oaks Commons will now fall within the Town's policing authority, and of course, pay Town taxes to cover any additional cost to the Town, and any applicable Development Fees.

The Applicant respectfully requests that the Town Planning Commission and Town Council approve this request for the Annexation of Grande Oaks Commons into the Buckwalter PUD.
