

TOWN OF BLUFFTON BEAUTIFICATION COMMITTEE
New Riverside Barn, 30 Red Barn Drive, Bluffton, SC

I. CALL TO ORDER

Committee members met at New Riverside Barn to start Parks tour. The Committee members toured all Town's Parks starting at New Riverside Barn, 30 Barn Drive and ended at Oscar Frazier Park, 5 Recreation Court. During the tour, committee members were able to ask questions and give feed back to Larry Beckler – Director of Public Services regarding each park. Some of the suggestions are listed below:

- A tour should be planned each year to see the parks and have a thinking session on where we are and where Bluffton is going.
- A combination of evergreens should be in the Butterfly Garden so it doesn't look sparse.
- Planting an evergreen tree somewhere in Martin Family Park or wherever the tree lighting ceremony would be good for future generations. Perhaps plant one in each park for a focal point.
- Look into additional trees (how many, what size, cost, etc.)
